Vocal Recall Neil Ross, 2018-06-17 How does a kid who survives the rain of V-2 rockets on London in the waning years of World War II, end up in Hollywood announcing the Diamond Jubilee of Oscar? Veteran Hollywood voice actor Neil Ross tells the amazing story of his life, and fifty-plus year career, in two exciting, highly competitive professions in his autobiography: *Vocal Recall; A Life in Radio and Voiceovers* Driving cross-country to New York at 17, Neil learns how to survive in the Big Apple on \$38.06 a week, and then lives the life of a radio gypsy: Arizona, Salt Lake City, Honolulu and Saigon, where, as a Navy Journalist, Neil reports on one of the major disasters of the Viet Nam War. Then on to San Diego, San Francisco and finally, Hollywood. Neil tells of his struggle breaking into voiceovers, one of the most competitive fields in the industry. Then describes in fascinating detail what it was like to work on iconic 80's and 90's TV cartoon shows including: Transformers, G.I. Joe, Voltron and Spider-Man. As well as a slew of popular video games including: Metal Gear Solid, Call of Duty, Command and Conquer, Doom 3 and Mass Effect. Neil spins the tale of his 30-plus years in voiceovers including major motion pictures and television shows, and encounters with Robert Redford, Warren Beatty, Steven Spielberg and Jerry Seinfeld. In addition to announcing the Diamond Jubilee of Oscar, Neil also works on the Primetime Emmy Awards and seven AFI Life Achievement Award telecasts. He describes in vivid detail the adrenaline pumping experience of working on live, celebrity-studded events. As Neil's story unfolds, we meet an amazing cast of characters: from Gene Autry to Jim Morrison, Little Richard to Jonathan Winters. Neil also shares his experiences with the many colorful, talented voice actors and directors he's worked with over the years, and shares stories of hilarious in-studio hijinks. Readers curious about the life of a top 40 radio DJ in the heyday of that format, fans of the many cartoon shows and games Neil has worked on, and the many beloved characters he's voiced, and folks dying to know the inside scoop on the golden age of the voiceover business will want to read this fascinating story.

Everyone Can Learn Origami Peter Saydak, 2017-11-18 The ultimate book for beginners who want to learn origami! In this book you'll learn all the basic folds and techniques through incredibly detailed sets of diagrams and written instructions. After learning the basics you'll find easy to follow instructions showing how to fold 77 traditional origami models including animals, flowers, insects, boxes and much more. By working through this book and folding the different models you'll practice all the different folds and techniques, improving your skills and folding progressively more complex origami. When you reach the end you'll know everything you need to become an origami master! Please note, this book is not for you if you're already an origami expert. If you know how to fold the traditional origami frog from a frog base then you probably already know everything this book can teach you.

Thoughts and C Anonymous, 2019-03-15 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Nyankees, Vol. 1 Atsushi Okada, 2019-01-22 Protecting your turf, keeping other guys from pawing at your girl, showing everyone who's boss...it's all in a day's work when you're a street thug-er, a street cat!

Mythical Beings Jay Ansill,1992 Acclaimed origami expert Jay Ansill demonstrates how to create 15 innovative and exciting models--including dragons, wizards, and unicorns--using basic paper folds and techniques developed over the last 20 years. Features clear instructions and beautiful 4-color photographs by Mark Hill.

Origami Journey Dása Severová,2018-05-08 This book takes you onto an amazing journey into the world of geometric origami, a world full of shapes and colors. The author presents detailed step-by-step instructions for more than 35 original origami designs: stars, flowers, decorations and boxes. The models vary in difficulty from simple to complex. The book is divided into three chapters. The first chapter showcases modular models - models constructed from several identical units connected only by folding. The second chapter explores how to fold beautiful practical three dimensional models such as boxes, all from a single sheet. The third chapter focusses on decorative models such as stars and flowers, each to be folded from a single square or from other regular polygons. The Appendix will teach you how to obtain these regular polygons from usual square origami sheets or rectangles by folding and cutting them along the creases.This book is suitable for beginners and advanced origamists alike, offering challenging and appealing projects to everyone. With their unique style of diagramming, the instructions are precise, clear and easy to understand. If you like the beauty of geometry and enjoy being creative with your hands, this book is for you. Whether you are familiar with origami or not, it offers many hours of enjoyment.

Gardner's Guide to Writing and Producing Animation Shannon Muir,2007 From the initial selection of an animation project to its final marketing materials, the art and business of animation production are illuminated in this step-by-step guide, which includes interviews with industry professionals about the place of their work within the general production pipeline and profiles of commercial animation studios. Television specials, pilots, shorts, and independent features are among the projects covered, in addition to a discussion of career opportunities in the field and the creative partnership of artists and engineers.
