Between Two Thorns Emma Newman, 2016-03-20 “JK Rowling meets Georgette Heyer” in this series debut, a scintillating fusion of urban fantasy and court intrigue from the Hugo Award-winning author (The Guardian). Between Mundanus, the world of humans, and Exilium, the world of the Fae, lies the Nether, a mirror-world where the social structure of 19th-century England is preserved by Fae-touched families who remain loyal to their ageless masters. Born into this world is Catherine Rhoegas-Papaver, who escapes it all to live a normal life in Mundanus, free from her parents and the strictures of Fae-touched society. But now she’s being dragged back to face an arranged marriage, along with all the high society trappings it entails. Crossing paths with Cathy is Max, an Arbiter of the Split Worlds treaty with a dislocated soul who polices the boundaries between the worlds, keeping innocents safe from the Fae. After a spree of kidnappings and the murder of his fellow Arbiters, Max is forced to enlist Cathy’s help in unravelling a high-profile disappearance within the Nether. Getting involved in the machinations of the Fae, however, may prove fatal to all involved. “Between Two Thorns shows the darkness beneath the glamour of the social Season. Learning to be a young lady has never seemed so dangerous.”—Mary Robinette Kowal, Hugo and Nebula Award-winning author of the Lady Astronaut series “Emma Newman has built a modern fantasy world with such élan and authority her ideas of why and how the seemingly irrational world of Fairy works should be stolen by every other writer in the field . . . This book of wonders is first rate.”—Bill Willingham, Eisner Award-winning author of Fables

Authentic Portraits Chris Orwig,2019-09-06 The most successful portraits take us well beyond the surface of how someone looks and show us the inner essence of who someone is. They reveal character, soul, and depth. They uncover hidden hopes and profound truths, revealing that authentic and deeply human light that shines within. And while technical expertise is undoubtedly important, it's not the light, camera, or pose that creates a great portrait. It's you, and it's the connection you create with the subject that makes all the difference. In *Authentic Portraits*, photographer Chris Orwig teaches you that the secret to creating meaningful portraits is simple: curiosity, empathy, kindness, and soul...plus a bit of technique. While Chris spends significant time on the fundamentals of “getting the shot”—working with natural light, nailing focus, dialing in the correct exposure, effectively posing and directing the subject, intentionally composing the frame—he also passionately discusses the need for personal development, creative collaboration, and connection with the subject. Because who you are directly and deeply affects what you create, and it is only through cultivating your own inner light that you will be able to bring it out in your subjects. Filled with instruction, insight, and inspiration, *Authentic Portraits* is an honest and personal book about creating better frames. It's also about becoming your best self. Take the journey, and you'll learn to find your vision and voice, bring

intention to your photography and your life, embrace mystery, and understand the importance of gratitude and empathy. Along the way, you will teach the camera to see in a way that replicates how you feel, and you'll find you have all you need to create work of lasting significance.

The Weather's Bet Ed Young,2020-03-31 *Awe-inspiring artwork as powerful as any force of nature.--Kirkus Reviews (starred review) From Caldecott Medalist Ed Young comes a picture book retelling of Aesop's fable The Wind and the Sun. Once upon the sky, there were three powers--the Wind, the Rain, and the Sun--each claiming to be the mightier than the others. One day, the powers came upon a shepherd girl fast asleep upon a hill, so they made a bet to see who could make her take her cap off. Who will be the strongest of them all? Rendered in exquisite mixed-media collage, Caldecott Medalist Ed Young's gorgeous and deeply poignant retelling of the well-known Aesop's fable The Wind and the Sun, proves that sometimes gentle persuasion and kindness are the best virtues of all. Praise for The Weather's Bet: Lyrical and profound. --School Library Journal A good classroom readaloud.--Publishers Weekly

Ali Cavanaugh Ali Cavanaugh, 2019 Modern Fresco Paintings is the first collection of Ali Cavanaugh's paintings, and it follows her entire career using watercolor on kaolin clay to create her modern fresco technique and the lovely work that flows from it. Beginning with her hyper-realistic portraits and ending with her latest, more free-flowing pictures, her use of light, color, and the human form captures the essence of her models and their forms and feelings in a particular moment. Cavanaugh's artistic sensibility was developed by two important events in her childhood. Her dependence on the visual world began when she lost much of her hearing through spinal meningitis when she was two, and her creative spirit developed out of her being raised in a rural environment where she had to create her own ways of expressing herself and making her own fun. She developed her stunning modern fresco medium almost by accident as she was learning to apply the outer layer of plaster to her home in Santa Fe, New Mexico. Since that time this volume illustrates her growth as an artist and her mastery of the technique. These are lovely works, painted masterfully. Both long-time followers of Cavanaugh's work---from the earliest Sock Arms paintings to those who found her through more recent work like the Chroma series---and those who are discovering her and her art for the first time, will be delighted by this collection.

A Tempest of Tea Hafsah Faizal, 2024-02-20 From the New York Times--bestselling author of *We Hunt the Flame* comes the first book in a hotly-anticipated fantasy duology teeming with romance and

revenge, led by an orphan girl willing to do whatever it takes to save her self-made kingdom. On the streets of White Roaring, Arthie Casimir is a criminal mastermind and collector of secrets. Her prestigious tearoom transforms into an illegal bloodhouse by night, catering to the vampires feared by society. But when her establishment is threatened, Arthie is forced to strike an unlikely deal with an alluring adversary to save it—she can't do the job alone. Calling on some of the city's most skilled outcasts, Arthie hatches a plan to infiltrate the sinister, glittering vampire society known as the Athereum. But not everyone in her ragtag crew is on her side, and as the truth behind the heist unfolds, Arthie finds herself in the midst of a conspiracy that will threaten the world as she knows it. Dark, action-packed, and swoonworthy, this is Hafsah Faizal better than ever.

Waiting for High Tide Nikki McClure, 2016-04-05 For one young boy, it's a perfect summer day to spend at the beach with his family. He scours the high tide line for treasures, listens to the swizzling sound of barnacles, and practices walking the plank. But mostly he waits for high tide. Then he'll be able to swim and dive off the log raft his family is building. While he waits, sea birds and other creatures mirror the family's behaviors: building and hunting, wading and eating. At long last the tide arrives, and human and animal alike savor the water. Another beautiful ode to life lived in harmony with nature, and by the labor of one's own hands, from an artist of great warmth and clarity.

Long May She Reign Rhiannon Thomas, 2017-02-21 The Girl of Fire and Thorns meets The Queen of the Tearling in this thrilling fantasy standalone about one girl's unexpected rise to power. Freya was never meant to be queen. Twenty-third in line to the throne, she never dreamed of a life in the palace, and would much rather research in her laboratory than participate in the intrigues of the court. However, when an extravagant banquet turns deadly and the king and those closest to him are poisoned, Freya suddenly finds herself on the throne. She may have escaped the massacre, but she is far from safe. The nobles don't respect her, her councillors want to control her, and with the mystery of who killed the king still unsolved, she knows that a single mistake could cost her the kingdom—and her life. Freya is determined to survive, and that means uncovering the murderers herself. Until then, she can't trust anyone. Not her advisers. Not the king's dashing and enigmatic illegitimate son. Not even her own father, who always wanted the best for her but also wanted more power for himself. As Freya's enemies close in and her loyalties are tested, she must decide if she is ready to rule and, if so, how far she is willing to go to keep the crown.
