The Timewaster Letters Robin Cooper,2011-08-30 For several years, Robin Cooper has been plaguing department stores, hotels, associations, fan clubs and a certain children's book publisher with his letters. From Prince Charles to the Peanut Council, Harrods to the British Halibut Association - no one is safe. So who is Robin Cooper? Architect, thimble designer, trampoline tester and wasp expert, Robin Cooper is all of these things - it just depends on the person he's writing to...

Undoing Privilege Professor Bob Pease,2013-04-04 For every group that is oppressed, another group is privileged. In *Undoing Privilege*, Bob Pease argues that privilege, as the other side of oppression, has received insufficient attention in both critical theories and in the practices of social change. As a result, dominant groups have been allowed to reinforce their dominance. *Undoing Privilege* explores the main sites of privilege, from Western dominance, class elitism, and white and patriarchal privilege to the less-examined sites of heterosexual and able-bodied privilege. Pease points out that while the vast majority of people may be oppressed on one level, many are also privileged on another. He also demonstrates how members of privileged groups can engage critically with their own dominant position, and explores the potential and limitations of them becoming allies against oppression and their own unearned privilege. This is an essential book for all who are concerned about developing theories and practices for a socially just world.

Nick Cave's Bar Aug Stone,2020-12-02 A mission to find a mythological watering hole... In June 1999, Aug Stone and his best friend flew to Germany to find the bar they had heard Nick Cave

owned in Berlin. They assumed they would get off the plane, ask 'which way to Nick Cave's bar?', and then spend the rest of their time living it up amidst the wild world of its confines. Instead what followed were nine days of confusion, thwarted plans, and perpetual drunken misery. To this day, they're not sure Nick Cave ever owned a bar in Berlin. Aug Stone is a writer, comedian, & musician. Stone is the author of the comedy novel *Off-License To Kill*, and his journalism has appeared in *The Quietus*, *The Comics Journal*, *Under The Radar*, and many other sites and magazines. He performs comedy as Young Southpaw, bringing his surreal stories to the world via *The Young Southpaw Part Of An Hour* podcast and 'blends the arts with the absurd' on his interview show *Etcetera ETC With Young Southpaw*.

Completely Staged Simon Evans, Phin Glynn, 2021-10-26 Starring

David Tennant and Michael Sheen, along with A-list guests, the award-winning and critically acclaimed British television comedy series *Staged* was an instant hit. Launched during the global coronavirus pandemic, the show follows the two thespians playing fictionalised versions of themselves as they try to rehearse a play during lockdown... over Zoom. *Completely Staged* presents the complete text of the BBC screenplays from *Staged*'s writer and director Simon Evans and co-creator Phin Glynn, illustrated throughout in full colour with stills from the show, original drawings, sheet music for the theme tune, Georgia Tennant's carrot cake recipe, tips on how to draw a pineapple and much more. This treasure trove is a must-have for every fan of *Staged*, a show which perfectly combines comedy and poignancy to encapsulate the collective feelings of a reluctantly virtual world.

Masculinities R. W. Connell, Raewyn Connell, 2005 This is an exciting new edition of R.W. Connell's ground-breaking text, which has become a classic work on the nature and construction of masculine identity. Connell argues that there is not one masculinity, but many different masculinities, each associated with different positions of power. In a world gender order that continues to privilege men over women, but also raises difficult issues for men and boys, his account is more pertinent than ever before. In a substantial new introduction and conclusion, Connell discusses the development of masculinity studies in the ten years since the book's initial publication. He explores global gender relations, new theories, and practical uses of masculininity research. Looking to the future, his new concluding chapter addresses the politics of masculinities, and the implications of masculinity research for understanding current world issues. Against the backdrop of an increasingly divided world, dominated by neo-

conservative politics, Connell's account highlights a series of compelling questions about the future of human society. This second edition of Connell's classic book will be essential reading for students taking courses on masculinities and gender studies, and will be of interest to students and scholars across the humanities and social sciences.

Harris's List of Covent Garden Ladies Hallie Rubenhold, 2012 If you ever wondered what Jane Austen's Mr Darcy and his 'fellows' got up to on their numerous trips to London, here is the book they would certainly have carried around ... **HARRIS'S LIST OF COVENT GARDEN LADIES** was a bestseller of the Eighteenth Century, shifting 250,000 copies in an age before mass consumerism. An annual 'guide book', and published at Christmas time, it detailed the names, attributes and 'specialities' of the capital's prostitutes. During its heyday (1759 -95) **HARRIS'S LIST** was the essential accessory for any serious gentleman of pleasure. Hallie Rubenhold has collected the funniest, rudest and most bizarre entries penned by Jack Harris, Pimp-General-of-all-England' into this mischievous little book.

Trove Sandra A. Miller, 2019-09-19 • Gold-medal winner of the Nautilus Book Award for memoir (2020) • Gold-medal winner of the National Indie Excellence Award for memoir (2020) • Featured on Moms Don't Have Time to Read Books podcast. (2020) A stirring memoir that beautifully and humorously captures the pain of unresolved loss.” — Kirkus Reviews The true story of a woman whose life is up-ended when she begins an armchair treasure hunt—a search for \$10,000 worth of gold coins buried in New York City, of all places—with a man who, as she points out, is not her husband. In this eloquent, hilarious, sharply realized memoir, Sandra A. Miller grapples with the death of her difficult mother and the regret and

confusion that so often accompanies middle age. In a very real way, Miller has spent her life hunting for buried treasure. As a child, she trained herself to find things: dropped hair clips, shiny bits of broken glass, discarded lighters. Looking to escape from her volatile parents and often-unhappy childhood, Miller found deeper meaning, and a good deal of hope, in each of these objects. Now an adult and facing the loss of her last living parent—her mother who is at once cold, difficult, and wildly funny—Miller finds herself, as she so often did as a little girl, pressed against a wall of her own longing. Her search for gold, which soon becomes an obsession, forces her to dredge up painful pieces of her past, confront the true source of her sorrow, and finally discover what it is she has been looking for all these years. Trove is the treasure. It's the kind of story that gives you a new best friend in a narrator. You get to travel with her on an emotional journey with laughs and tears. I am happy to be shut in with this wonderful story that has taken me to so many places. — Meredith Goldstein, advice columnist and entertainment reporter for The Boston Globe.

Total Engagement Byron Reeves, J. Leighton Read, 2009-11-03
Can the workplace be more productive by including avatars, three-dimensional environments, and participant-driven outcomes? This grounded and thought-provoking book by Byron Reeves and Leighton Read proves that it is not only possible, it is inevitable. Implementing components of multiplayer computer games in the workplace will address a host of age-old problems. Games can not only stem boredom and decrease turnover, but also enhance collaboration and encourage creative leadership. Games require extraordinary teamwork, elaborate data analysis and strategy, recruitment and retention of top players, and quick decision making. Recreating some elements of games - such as positioning tasks within stories, creating

internal economies, and implementing participant-driven communication systems - can not only boost employee engagement but overall productivity. Of course, the strong psychological power of games can have both positive and negative consequences for the workplace. That's why it's important to put them into practice correctly from the beginning - and Reeves and Read explain how by showing which good design principles are a powerful antidote to the addictive and stress-inducing potential of games. Supported by specific case studies and years of research, Total Engagement will completely change the way you view both work and play.

Does War Belong in Museums? Wolfgang Muchitsch, 2014-04-30
Presentations of war and violence in museums generally oscillate between the fascination of terror and its instruments and the didactic urge to explain violence and, by analysing it, make it easier to handle and prevent. The museums concerned also have to face up to these basic issues about the social and institutional handling of war and violence. Does war really belong in museums? And if it does, what objectives and means are involved? Can museums avoid trivializing and aestheticising war, transforming violence, injury, death and trauma into tourist sights? What images of shock or identification does one generate - and what images would be desirable?

Digital Media, Youth, and Credibility Miriam J. Metzger, Andrew J. Flanagin, 2008
The difficulties in determining the quality of information on the Internet--in particular, the implications of wide access and questionable credibility for youth and learning. Today we have access to an almost inconceivably vast amount of information, from sources that are increasingly portable, accessible, and interactive. The Internet and the explosion of digital media content have made more information available from more sources to more people than at

any other time in human history. This brings an infinite number of opportunities for learning, social connection, and entertainment. But at the same time, the origin of information, its quality, and its veracity are often difficult to assess. This volume addresses the issue of credibility--the objective and subjective components that make information believable--in the contemporary media environment. The contributors look particularly at youth audiences and experiences, considering the implications of wide access and the questionable credibility of information for youth and learning. They discuss such topics as the credibility of health information online, how to teach credibility assessment, and public policy solutions. Much research has been done on credibility and new media, but little of it focuses on users younger than college students. *Digital Media, Youth, and Credibility* fills this gap in the literature. Contributors Matthew S. Eastin, Gunther Eysenbach, Brian Hilligoss, Frances Jacobson Harris, R. David Lankes, Soo Young Rieh, S. Shyam Sundar, Fred W. Weingarten

Culture in city reconstruction and recovery UNESCO, World Bank, 2018-11-16 As urban growth and development continue at a breathtaking pace across the world, cities are increasingly bearing the brunt of conflicts, crises and disasters, which themselves are growing in number, magnitude and complexity. The convergence of these two trends - increasing urbanization and growing crises - demands an enhanced approach to city reconstruction and recovery, one that puts culture at its heart. Elaborated by the World Bank and UNESCO, this Position Paper outlines one such approach, the Framework for Culture in City Reconstruction and Recovery, also known as the CURE Framework. The CURE Framework is a culture-based approach to the process of city reconstruction and recovery in post conflict, post

disaster and urban distress situations that accounts for the needs, values and priorities of people.

Depicting a wonderful parade of dreamers and schemers, Bongiorno surveys moments of political renewal and sheds fresh light on our democratic life. From local pubs and meeting halls to the parliament and cabinet; from pamphleteers and stump orators to party agents and operatives - this enthralling account looks at the political insiders in the halls of power, as well as the agitators and outsiders who sought to shape the nation from the margins. A work of political history like no other, *Dreamers and Schemers* will transform the way you look at Australian politics.

Science Fiction and Fantasy Book Review Neil Barron,R. Reginald,2009-11-01 *Science Fiction & Fantasy Book Review* was founded in 1979 to provide comprehensive coverage of all the major and minor books being released in the genre at that time. This was the golden era of SF publishing, with a thousand titles (old and new) hitting the stands and the bookshelves each and every year. From the older classics to the newest speculative fiction, this was the period

when the best and the brightest shined forth their talents. SF&FBR included reviews by writers in the field, by amateur critics, and by litterateurs and University professors. Over a thousand books were covered during the single year of publication, many of them having been reviewed no where else, before or since. The January 1980 issue includes a comprehensive index of all the works featured during the preceding year. This reprint will be a welcome addition to the literature of science fiction and fantasy criticism. Neil Barron is a retired bibliographer and literary critic, editor of the acclaimed Anatomy of Wonder series. Robert Reginald was the publisher for twenty-five years of Borgo Press, and has authored over 110 books of his own.
