**Last Days: Zombie Apocalypse** Ash Barker,2018-06-28 Last Days: Zombie Apocalypse is a skirmish-scale miniatures game of survival horror. It pits players against each other in a nightmarish near-future where the dead have returned to life and are feasting on the living. Players build their own factions, representing desperate civilians, military personnel, or hardened survivors, and must explore, scavenge, and fight in order to survive another day. Rival gangs are only one of the dangers they face – mindless zombies wander the streets, driven by insatiable hunger and drawn by the sound of combat! A gang's ability to scavenge is as vital as their combat ability, and players must ensure that they have the resources to survive in this hostile world. Scenarios and campaigns allow you to develop your gang, gain experience and recruit new henchmen to build up your strength or replace the inevitable casualties of the zombie apocalypse.

**Oathmark** Joseph A. McCullough,2020-04-30 Empires have fallen, and the land is broken. The great oathmarks that once stood as testaments to the allegiances and might of nations have crumbled into ruin. In this lost age, fealty and loyalty are as valuable as gold and as deadly as cold iron, and war is ever-present. Created by Joseph A. McCullough, designer of Frostgrave and Frostgrave: Ghost Archipelago, Oathmark is a mass-battle fantasy wargame that puts you in command of the fantasy army you've always wanted, whether a company of stalwart dwarves or a mixed force with proud elves, noble men, and wild goblins standing shoulder-to-shoulder in the battle-line. Fight through an integrated campaign system and develop your realms from battle to battle, adding new territories, recruiting new troop types, and growing to eclipse your rivals... or lose what you fought so hard to gain and fall as so many would-be emperors before you.

**Black Ops** Guy Bowers,2015-10-20 Black Ops is a skirmish wargame of tactical espionage combat that recreates the tension and excitement of modern action-thrillers such as the Bond and Bourne films. The fast-play rules keep all the players in the thick of the action, while the mission generator provides a wide range of options for scenarios – from stealthy extraction or surveillance missions to more overt raids and assaults. Stealth, combat, and technical expertise all have a role to play, and players may recruit a number of different operative types – spies, mercenaries, criminals, hackers, special forces, and many more – to recruit the best possible team for the job. Players may also choose to join a faction – powerful organizations, intelligence agencies, criminal syndicates, militaries, or rebel groups, each with a stake in international affairs. By doing so, their team may receive certain benefits, but may also find itself limited at a crucial time. With the variety offered by the characters, factions, and scenarios, no two games of Black Ops should ever be the same!

**Oathmark: Bane of Kings** Joseph A. McCullough,2021-06-24 Time is the bane of all kings. Always does it march forward, bringing change and challenges, wars and disasters, invaders and internal rebellion. This supplement for

**Oathmark: Battles of the Lost Age**, focuses on the passage of time and its effect on a player's kingdom. While wars and battle still determine their ultimate fate, many other events can affect the armies of a kingdom. Plagues and blights can reduce access to soldiers from specific territories. Attempted coups can cost a king some of his best generals. On the other hand, unexpected alliances might give a kingdom access to unusual troops, or the birth of a new heir might bring wondrous presents. Along with the rules for the passing of years, this book also presents the option to train your units to fight in special formations, such as phalanxes, shield walls, and skirmish lines. These will allow players to use their existing armies to try out new strategies and tactics to swing their battle in their favour. This book also includes several new military expeditions, including numerous scenarios, to once again challenge a player's generalship.

**Original Grin** Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

**En Garde!** Craig Woodfield, 2016-01-20 *En Garde!* is a small-scale skirmish game based on the successful *Ronin* rules, in which small groups of warriors fight each other for honour or riches. Rather than just rolling a few dice, the rules allow players to make tactical decisions about how the models that they control will fight – offensively, defensively, or by applying special skills and abilities. *En Garde!* covers the conflicts of the 16th, 17th and early 18th centuries, when black-powder weapons started to become common in battle but martial prowess still determined the outcome. Play as Border Reivers, Conquistadors, Landsknechts, Aztecs, French Musketeers, Caribbean Pirates and many more, in scenarios that evoke classic engagements of the genre. Simple campaign rules allow multiple scenarios to be played in sequence and permit warbands to develop over time. An appendix is also included to provide brief rules for supernatural creatures of the period – monsters, demons, revenants and witches – and new abilities and equipment to fight them, making *En Garde!* the perfect ruleset for gamers who want

something a bit different from the norm.

**Oathmark: Battlesworn** Joseph A. McCullough,2020-08-20 A supplement for Oathmark: Battles of the Lost Age, giving players rules for creating elite units of warriors known as battlesworn and charting their progress from battle-to-battle. In the horror and chaos of battle, the outcome can often hang on the briefest of moments. It is at these times that the actions of one unit can make the difference between victory and defeat. Wise kings know this, and realize that it is often prudent to hold back their best units until they can make the greatest difference. These elite units, called the 'battlesworn', are more than just powerful combatants, they are symbols of the glory and honour of a kingdom. All young warriors hope to one day join their ranks and add their oathmarks beside those legendary fighters. This supplement for Oathmark: Battles of the Lost Age contains rules for adding elite units to your armies and charting their progress from battle to battle. Will they grow even more powerful as they gain renown, or be broken in the face of tremendous odds, perhaps someday to be reformed when their kingdom needs them most? Also included are rules for rivers and boats as well as campaigns, featuring all-new scenarios that will give your battlesworn the chance to lead their kingdom to new heights of power and prestige.
