Glock Paul M. Barrett,2013-01-15 The Glock pistol is America's Gun. It has been rhapsodized by hip-hop artists and coveted by cops and crooks alike. Created in 1982 by Gaston Glock, the pistol arrived in America at a fortuitous time. Law enforcement agencies had concluded that their agents and officers, armed with standard six-round revolvers, were getting outgunned by drug dealers with semi-automatic pistols; they needed a new gun. With its lightweight plastic frame and large-capacity spring-action magazine, the Glock was the gun of the future. You could drop it underwater, toss it from a helicopter, or leave it out in the snow, and it would still fire. It was reliable, accurate, lightweight, and cheaper to produce than Smith and Wesson's revolver. Filled with corporate intrigue, political maneuvering, Hollywood glitz, bloody shoot-outs—and an attempt on Gaston Glock's life by a former lieutenant—Glock is not only the inside account of how Glock the company went about marketing its pistol to police agencies and later the public, but also a compelling chronicle of the evolution of gun culture in America.

Inside you'll find: • An in-depth look at the basics of firearms and knives: how they work, why they work, what they look like, and how to depict them accurately in your stories. • The biggest weapons myths in fiction, TV, and film. • A surefire guide for choosing the correct weapon for your characters, no matter their skill level, strength, or background. • A review of major gun and knife laws, weapons safety tips, and common police tactics. • The Hit List, showcasing the most popular weapons for spies, detectives, gunslingers, gangsters, military characters, and more. • Examples highlighting inaccurate vs. accurate weapons depictions. • An insightful foreword by David Morrell, the award-winning creator of Rambo. Equal parts accessible, humorous, and practical, The Writer's Guide to Weapons is the one resource you need to incorporate firearms and knives into your fiction like a seasoned professional.

Run Douglas E. Winter, 2012-03-07 The buyers find us. Establish their bona fides. Then, and only then, we run. Burdon Lane is a businessman living out the American Dream in a shiny suburb of Washington, D.C. His business card lists him as Executive VP of UniArms, Inc., a legitimate arms dealer that's a front for a gunrunning empire. His girlfriend thinks he's a salesman. His best friend thinks he's a role model. His boss thinks he's a good soldier. This weekend's run should be business as usual -- guns for money, money for guns -- moving the product north on the Iron Highway from Dirty City to Manhattan. But this weekend is going to teach Burdon something he doesn't yet know about who he is . . . and isn't. When the meet in Manhattan turns into a five-alarm fire and an all-out war on the tenth floor of a New York hotel, there is only one way out: an uneasy alliance with a hard case named Jinx and the street gang known as the U Street Crew. And once the heat is on, with a cadre of killers and every police officer and Federal agent on the eastern seaboard on their tail, Burdon gets the chilling sensation that, one way or another, this so-called milk run may be his last. This is the story of the last run, the run where no one -- criminal, cop, or civilian -- is who or what they seem. Douglas E. Winter's debut novel blasts into the dark heart of America's culture of guns and violence with breathtaking velocity. *Run* is a streamlined tour de force of full-throttle action and high-tech weaponry, a brilliantly controlled ride through America's most brutal terrain, with a surprising moral message -- fantastically harrowing, relentlessly cinematic, impossible to look away from.

*American Sniper* Chris Kyle, Scott McEwen, Jim DeFelice, 2012-01-03 The #1 New York

Times bestselling memoir of U.S. Navy Seal Chris Kyle, and the source for Clint Eastwood’s blockbuster, Academy-Award nominated movie. “An amazingly detailed account of fighting in Iraq--a humanizing, brave story that’s extremely readable.” — PATRICIA CORNWELL, New York Times Book Review Jaw-dropping...Undeniably riveting. —RICHARD ROEPER, Chicago Sun-Times From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him “The Legend”; meanwhile, the enemy feared him so much they named him al-Shaitan (“the devil”) and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of two close SEAL teammates—and in moving first-person passages throughout, his wife, Taya, speaks openly about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle’s masterful account of his extraordinary battlefield experiences ranks as one of the great war memoirs of all time.
