Halloween: the Changing Shape of an Iconic Series Ernie Magnotta,2018-10-20 October 25th, 1978. John Carpenter's Halloween is unleashed upon an unsuspecting public and, in no time, becomes a horror movie phenomenon. Made for only \$320,000.00, the expertly crafted and terrifying film would eventually gross \$70 million worldwide, and would not only create a solid formula that has been imitated endlessly since 1978, but would also spawn no less than nine sequels with a tenth due out this October. In his book Halloween: The Changing Shape of an Iconic Series, author Ernie Magnotta meticulously details exactly what made this entertaining and terrifying film the enduring classic that it is today. He then goes on to discuss how the sequels strayed further and further away from writer/director/composer John Carpenter's original vision until they became something almost entirely different.The author goes into detail about all aspects of the series including story, characters, acting, suspense/scares, cinematography, direction/composition, music, Michael Myers' ever-changing mask and much, much more!Packed with loads of information as well as almost 200 full-color photos, Halloween: The Changing Shape of an Iconic Series is a must have for fans of the classic franchise.A totally great read! -P.J. Soles (Lynda 1978's Halloween) Ernie definitely knows the Halloween series. This October 31st, I'll let him live. -Dick Warlock (Michael Myers 1981's Halloween II)Ernie Magnotta has meticulously detailed the nuances of the Halloween franchise characters...I found his observations of Rachel Carruthers and Jamie Lloyd in H4 and H5 to be spot on. -Ellie Cornell (Rachel Carruthers Halloween 4 and 5)

Hiroshima John Hersey,2020-06-23 Hiroshima is the story of six people—a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest—who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize-winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of Hiroshima.

The Mist Stephen King,2017-05-23 #1 New York Times bestselling author Stephen King's terrifying novella about a town engulfed in a dense, mysterious mist as humanity makes its last stand against unholy destruction—originally published in the acclaimed short story collection Skeleton Crew and made into a TV series, as well as a feature film starring Thomas Jane and Marcia Gay Harden. In the wake of a summer storm, terror descends...David Drayton, his son Billy, and their neighbor Brent Norton join dozens of others and head to the local grocery store to replenish supplies following a freak storm. Once there, they become trapped by a strange mist that has enveloped the town. As the confinement takes its toll on their nerves, a religious zealot, Mrs. Carmody, begins to play on their fears to convince them that this is God's vengeance for their sins. She insists a sacrifice must be made and two groups—those for and those against—are aligned. Clearly, staying in the store may prove fatal, and the Draytons, along with store employee Ollie Weeks, Amanda Dumfries, Irene Reppler, and Dan Miller, attempt to make their escape. But what's out there may be worse than what they left behind. This exhilarating novella explores the horror in both the enemy you know—and the one you can only imagine.

Professor Cocktail's Zombie Horde David Montgomery,2013-12 One of the world's most sublime drinking pleasures, the Zombie is the cocktail that launched a thousand Tiki bars. A sweet and sour mélange of citrus, spice, and lots of rum, the Zombie stands as one of the most significant cocktails of the past century. Created by Don the Beachcomber in 1934, the Zombie took the world by storm, and soon became the quintessential Tiki drink. Eventually, it would appear on the menus of thousands of bars and restaurants around the world. In Zombie Horde, David J. Montgomery (aka Professor Cocktail) leads you on a journey through the history of the Zombie, starting with its humble beginnings in Hollywood, and following it as it evolved and spread over the decades. Zombie Horde includes recipes from notable bartenders like Trader Vic, David Embury, Salvatore Calabrese, and Dale DeGroff, as well as the formulas for the Zombies served at famous Tiki joints like the Tonga Room in San Francisco, Frankie's Tiki Room in Las Vegas, and the Luau Room in San

Diego. It also includes recent cocktails that were inspired by the Zombie, with offerings from Martin Cate (Smuggler's Cove), Brian Miller (Death & Company), Allan Katz (Caña Rum Bar), Brian Dressel (Midnight Cowboy), and Audrey Saunders (Pegu Club). As a special bonus, Zombie Horde showcases seven new drinks -- from Jim Meehan (PDT), Tom Brown (Hogo), Jeff Kinder (Distil), Joseph Swifka (La Descarga), Craig Lane (Bar Agricole), Jack Fetterman (PKNY), and Frank Cisneros (Bourgeois Pig Brooklyn) -- that are appearing in print for the first time. Also making their print debut are the recipes for the Zombies served at Mahiki in London, Otto's Shrunk Head in New York City, and Founding Farmers in Washington, D.C.

The Ballad of the Lone Medievalist Kisha G. Tracy,John P. Sexton,2018 Working medievalists are often the only scholar of the Middle Ages in a department, a university, or a hundred-mile radius. While working to build a body of focused scholarly work, the lone medievalist is expected to be a generalist in the classroom and a contributing member of a campus community that rarely offers disciplinary community in return. As a result, overtasked and single medievalists often find it challenging to advocate for their work and field. As other responsibilities and expectations crowd in, we come to feel disconnected from the projects and subjects that sustain our intellectual passion. An insidious isolation even from one another creeps in, and soon, even attending a conference of fellow medievalists can become a lonely experience. Surrounded by scholars with greater institutional support, lower teaching loads, or more robust research agendas, we may feel alienated from our work - the work to which we've dedicated our careers. The Lone Medievalist (the collaborative community and the book) is intended as an antidote to the problem of professional isolation. It is offered in the spirit of common weal that marks the ideals (if not always the realities) of so many of the communities we study - agricultural, professional, national, notional, and of course, monastic. The Ballad of the Lone Medievalist isn't only about scholarship, or teaching, or institutional life, or the pursuit of new learning - it's about all of them. The essays in this volume address all aspects of the professional and intellectual life of medievalists. Though many of us acknowledge and address the challenges in being Lone Medievalists, these essays are not intended as voces clamantium; they are offered to provide strategies, camaraderie, and an occasional bit of inspiration. They are a call to action, a sharing of hard-won wisdom, and a helping hand - and, above all, a reminder that we are not alone.

Inside Killjoy's Kastle Allyson Mitchell,Cait McKinney,2019-09-15 Hundreds of years of ridicule, persecution, erasure, misunderstanding, and institutionalization could put anyone in a bad mood. Killjoy invites you into her kastle for a queer exorcism and celebration of the past. Lesbian feminist histories can have a haunting effect on the present. This book explores the making and experience of Killjoy's Kastle, an immersive walk-through installation and performance artwork (by Allyson Mitchell and Deirdre Logue). Inspired by Evangelical Christian hell houses, the exhibition has been staged in three cities so far - Toronto, London, and Los Angeles - engaging thousands in interactive encounters with the spirits that haunt feminist and queer history. Where traditional hell houses set out to scare and convert, Killjoy's Kastle cheekily aims to provoke and pervert. Inside Killjoy's Kastle extends and reflects on the theoretical and political legacies of the installation in chapters by queer and feminist scholars and in vignettes by participating artists. The many colourful photos in the book also bring the kastle to life, offering an important visual context.

The Man Who Came Down the Attic Stairs Celine Loup,2019-10-02 Emma is excited to start a family in her new home, but after her child's birth she finds her world turning upside-down. The infant cries like it's scared of something, or someone, and Emma's sleepless nights quickly drive a wedge between her and her husband, who seems uncharacteristically detached. When Emma begins to see strange things in the house, the line between reality and fantasy blurs and her grasp of what's real and what's not becomes even more clouded. Is something unnatural haunting the nursery? And what if it also affected her husband, who ventured up into the attic when they first arrived... Inspired by the works of Shirley Jackson and Ira Levin, Celine Loup's The Man Who Came Down the Attic Stairs weaves a tale of horror and suspense that captures the isolation of postpartum depression, while exploring the very real fears associated with new motherhood.

Understanding Media Marshall McLuhan,2016-09-04 When first published, Marshall McLuhan's Understanding Media made history with its radical view of the effects of electronic communications upon man and life in the twentieth century.
