Star Wars Origami ,2012-08-07 Kids love origami—and what could be cooler than transforming a piece of paper into Boba Fett, Princess Leia, Yoda, or R2-D2? And not just any paper, but custom-designed paper illustrated with art from the movies. Star Wars® Origami marries the fun of paper folding with the obsession of Star Wars. Like The Joy of Origami and Origami on the Go, this book puts an original spin on an ancient art. And like Star Wars® Scanimation® and Star Wars® Fandex®, it's a fresh take on Star Wars mania. Chris Alexander is a master folder and founder of the popular website StarWarsOrigami.com, and here are 36 models, clearly explained, that range in difficulty from Youngling (easy) to Padawan (medium), Jedi Knight (difficult), and Jedi Master (tricky!). A front section introduces origami definitions and basic folds. Bound in the back is the book's unique folding paper, two sheets for each figure. Illustrated with original art, it makes each creation—the essential lightsabers, the Death Star, and much more—true to the movies. Star Wars Origami includes a foreword by Tom Angleberger, author of the New York Times bestsellers The Strange Case of Origami Yoda and Darth Paper Strikes Back, and is scheduled to be published at the same time as Angleberger's upcoming book, The Secret of the Fortune Wookiee.

Portions of the profits go to her non-profit El Porto Shark.

The Strange Case of Origami Yoda (Origami Yoda #1) Tom Angleberger,2012-08-07 In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, and hailed by School Library Journal as "honest, funny, and immensely entertaining." Thrawn: Treason (Star Wars) Timothy Zahn,2019-07-23 NEW YORK TIMES BESTSELLER • Grand Admiral Thrawn faces the ultimate test of his loyalty to the Empire in this epic Star Wars novel from bestselling author Timothy Zahn. "If I were to serve the Empire, you would command my allegiance." Such was the promise Grand Admiral Thrawn made to Emperor Palpatine at their first meeting. Since then, Thrawn has been one of the Empire's most effective instruments, pursuing its enemies to the very edges of the known galaxy. But as keen a weapon as Thrawn has become, the Emperor dreams of something far more destructive. Now, as Thrawn's TIE defender program is halted in favor of Director Krennic's secret Death Star project, he realizes that the balance of power in the Empire is measured by more than just military acumen or tactical efficiency. Even the greatest intellect can hardly compete with the power to annihilate entire planets. As Thrawn works to secure his place in the Imperial hierarchy, his former protégé, Eli Vanto, returns with a dire warning about Thrawn's homeworld. Thrawn's mastery of strategy must guide him through an impossible choice: duty to the Chiss Ascendancy, or fealty to the Empire he has sworn to serve. Even if the right choice means committing treason. Praise for Thrawn: Treason "Another excellent addition to the new canon . . . Thrawn: Treason will reward you thoroughly for your time."—GeekMom "If you've ever enjoyed a Thrawn story—whether that was Heir to the Empire and its sequels or Zahn's new novels—you'll find more of what you enjoy in Treason."—Dork Side of the Force

Darth Paper Strikes Back (Origami Yoda #2) Tom Angleberger,2012-08-07 The hilarious, clever, and much-anticipated follow-up to the breakout hit, The Strange Case of Origami Yoda! It is a dark time at Ralph McQuarrie Middle School. After suffering several Origami Yoda-related humiliations, Harvey manages to get Dwight suspended from school for being a "troublemaker." Origami Yoda pleads with Tommy and Kellen to save Dwight by making a new case file—one that will show how Dwight's presence benefits McQuarrie. With the help of their friends, Tommy and

Kellen record cases such as “Origami Yoda and the Pre-eaten Wiener,” “Origami Yoda and the Exploding Pizza Bagels,” and “Origami Yoda and Wonderland: The Musical.” But Harvey and his Darth Paper puppet have a secret plan that could make Dwight’s suspension permanent . . . This is the second case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in “a satisfying tale of friendship and just resistance to authority” (Kirkus Reviews, starred review). Praise for Darth Paper Strikes Back STARRED REIVEW“Angleberger’s just-as-funny follow-up to The Strange Case of Origami Yoda delves deeper into the mystery of the helpful paper Yoda in a satisfying tale of friendship and just resistance to authority.Pitch-perfect middle-school milieu and enough Star Wars references (and laughs) to satisfy fans and win new ones.”–Kirkus Reviews, starred review “In this imaginative sequel...author Tom Angleberger has his finger puppet squarely on the erratic pulse of middle-school life, with its shifting allegiances, squeals, moans and misgivings.”–Washington Post “As with this story’s predecessor, the well-observed middle-school dynamics (and Angleberger’s sharp sense of humor) are greatly amplified by the book's design, which includes faux wrinkled pages, abundant doodles, and other scrawled marginalia. It's a natural step up from the Wimpy Kid series, with more text and narrative complexity, but just as much on-target humor and all-around fun.” –Publishers Weekly “This book is honest, funny, and immensely entertaining. The illustrations and design will engage readers. Based on the positive reception Origami Yoda has received, kids will be clamoring for this sequel. They won’t be disappointed.” –School Library Journal “The Force is with Tom Angleberger in this sequel to his funny and clever novel/comics hybrid, The Strange Case of Origami Yoda. A sequel to equal the funny and clever novel/comics debut of the Origami Yoda, as Dwight’s friends try to save him from reform school.–Shelf Awareness “With the same deft touch that made The Strange Case of Origami Yoda a pleasure, Angleberger takes readers through the ups and downs of adolescence.” –Portland Book Review “Darth Paper offers further proof that Angleberger really understands middle-schoolers and the daily dramas that engulf them, while still finding the humor inherent in their situations.–Scripps News

If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, If Anything Happens I Love You is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.
