SHRUNK! Fleur Hitchcock,2012-09-06 A squirrel, a hot dog stand, the planet Jupiter...what will get shrunk next? After Tom moves in with his grandmother next to the Bywater-by-Sea Model Village, he makes a wish on a shooting star and gets the curious ability to shrink things. The first thing he shrinks is Jupiter, then some sheep and a boat. But without Jupiter in place, the Earth is slowly being drawn towards the Sun. With the angry (and miniaturised) school bully yelling from his pocket, Tom has to return Jupiter and save Earth -- all while trying to make friends in his new home. Debut author Fleur

Traction Man Meets Turbo Dog Mini Grey,2011-08-31 THAT SQUARE-JAWED CAN-DO action toy, Traction Man, is back in another hilarious adventure. The little boy, Traction Man, and his brave pet, Scrubbing Brush, are inseparable—until the boy's father throws the “unhygienic” Scrubbing Brush in the trash and replaces it with a “real” toy, the battery-operated TurboDog. It bleeps, speaks, and squeaks—but is not very smart. So Traction Man, wearing his airtight Astro-suit and armed with a bottle of SuperStrong Germs, enters the trash bin and rescues Scrubbing Brush from the Evil Bin Things (pizza crusts, spaghetti, and potato peels with eyes and mouths that hiss “Stay with us”). The Battle of the Bin is not to be missed—nor is the ignominious demise of TurboDog! With this satisfying sequel, Mini Grey has scored another smashing victory for imaginative play.

The Rise and Fall of Dank Memes Fabian Mosele,2018-06-15 Dystopia is now. Dystopia can be seen in many aspects of our lives. But one of the biggest one is the creation of the internet. Thirty years ago we couldn't have imagined such a platform, and now it radically changed our lives. The web is part of our everyday lives, and thereby it developed a global internet culture. Memes, funny videos and pictures, haven't been studied too much, even if a big portion of internet users watch them every day. This book, which is set in a near future, is an illustrated book with two characters that go through the history and functionality of memes, by also showing how the immense amount of data that the internet offers has also negative sides. That's achieved through hypothesizing an extinction of qualitative memes caused by too many of them being created, which lead to an overall staleness. For the first time in human history we have access to an immense amount of information, and we are not prepared yet to manage it. We are starting to realize that such an open platform can create new sorts of problems that we have never seen before. We already witnessed the impact of too much information with fake news during the 2016 US presidential election. This isn't just virtual, it is a problem that is affecting all of us right now.

Visual Diary Guide - Student Workbook Hilary Senhali,2015-06-30 In 2014,

the Australian Government was investing into creativity and innovation as part of a growth strategy. Critical & creative thinking ranked 4th in the Australian Curriculum after Literacy, Numeracy and ICT, across all subjects. In the Arts, it made explicit references to how to achieve this with the use of visual journals. In a way, this represented a sea change in the way creativity was being taught. But by what means? Where would teachers get practical help to make this happen? The Visual Diary Guides provide just this kind of help. Produced by an artist-teacher, in two integrated parts they address both students and teachers while aligning with the Australian Curriculum. They begin by identifying 'inspiration' as the fuel for the creative activity. But it is hard to store inspiration for later use. And even harder to make it fun! The books argue that the 'storage' is that ordinary art journal, the Visual Diary, which in the present classroom setting is often wasted as a portfolio. Its explosive creative potential is there to be unlocked. The books set out to do that in the classroom. Contrary to common belief, a structured approach with limits and boundaries is required for creativity to truly flourish. The Visual Diary becomes a students' personal treasure-trove much like an ordinary diary. The main premise of these books is that everyone has an artist in them and a trustworthy guide is needed to locate it. The Visual Diary Guide - Student Work book is written for students in accessible language. Through more than 40 specially designed activities, students find and capture inspiration and ideas that personally resonate for them. It opens the door for students to explore the visual culture they are immersed in, making it accessible in the art room for refinement, analysis and development as a supplement to the art room program.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

If Anything Happens I Love You Will McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from "above" as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose's soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of

characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.
