John Hodgman

Spinneret Timothy Zahn,2012-10-16 A “brisk and entertaining” novel of a barren, mysterious planet that may save humanity—or destroy it—by the author of Star Wars: Heir to the Empire (Publishers Weekly). Chasing a new frontier, humankind sends a manned starship into the universe and away from the overpopulated Earth in hopes of finding a new planet to colonize. But every Earthlike world they discover is already inhabited. As it turns out, the universe is a very crowded place. An alien council offers to lease the one remaining uninhabited world: Astra, a bleak and barren but serviceable planet. The new settlement, though, quickly experiences serious problems, from dying crops to the mysterious disappearance of anything and everything that is made of metal. And then Astra reveals a secret neither the aliens nor the human governments could ever have imagined.

A Deeper Sleep Dana Stabenow,2007-01-09 In *A Deeper Sleep*—her first novel since *Blindfold Game*, the stand-alone political thriller that made Dana Stabenow a New York Times bestseller—Stabenow returns to the popular and award-winning Kate Shugak series. Kate, a private investigator, has been working on a case for the Anchorage District Attorney involving the murder of a young woman by her husband, a man named Louis Deem. Deem has been the subject of investigations before, and he's never been convicted of a crime. But Kate and her on-again, off-again lover, state trooper Jim Chopin, who arrested Deem, are convinced that this time it's different, and he'll finally be punished for his actions. When the jury returns a verdict of not guilty, Kate and Jim are devastated, and like the rest of the citizens of Niniltna, Alaska, certain that a man has gotten away with murder. They can't help but think that it's only a matter of time before he's in the frame for another killing. Sure enough, a few weeks later a shooting leaves two dead in an apparent robbery. But this time Kate and Jim have a witness, and they're not going to let Louis Deem get away again. Or will he? Dana Stabenow, Edgar Award-winning author and New York Times bestselling thriller writer, delivers a gripping page-turner about one town's search for justice—at any cost.

More Information Than You Require John Hodgman,2012-10-02 The New York Times bestseller by Famous Minor Television Personality John Hodgman—The Daily Show's Resident Expert and the PC in the iconic Apple ads—picks up exactly where his first book left off. In fact, the new volume is in every way a continuation of *Areas of My Expertise*, except in the ways it's clearly superior. (The Onion AV Club) In 2005, John Hodgman published his first compendium of *Complete World Knowledge*, *The Areas of My Expertise*, a handy volume of fake trivia and made-up facts. Hodgmania was born. Virtually overnight, John Hodgman was whisked from tweedy obscurity to the high ether of minor celebrity. And from his strange new vantage point as a Famous Minor Television Personality, Hodgman realized that there is some world knowledge yet to be documented. And so he returned to exactly where he had left off—namely, page 256 of the paperback edition of *The Areas of My Expertise*. And he brought with him: *MORE INFORMATION THAN YOU REQUIRE*. Which, naturally, begins on page 257. Like its predecessor, *More Information Than You Require* consists of brief articles, overlong lists, frighteningly complex charts, and beguiling narratives on new and familiar themes such as: *THE PAST* (because there is always more of it) *THE FUTURE* (because they say there is still some left) *MOLE-MEN* (including a list of 700 Mole-man names) *GAMBLING*, *THE SPORT OF THE ATHSMATIC MAN* (including hermit crab racing) *CRYPTOGEOGRAPHY* (including Canada) *HOW TO BE A FAMOUS MINOR TELEVISION PERSONALITY* (Hint: Go on television) *AND NOW*, the relatively pocket-sized and inexpensive paperback edition includes even more. *MORE INFORMATION THAN YOU REQUIRE*, updated to include the very latest in implausibility. *PLUS!*: This paperback edition includes a special self-expanding fold-out edition of *THE TAXONOMY OF COMPLETE WORLD KNOWLEDGE*, which you have probably never seen before because it has been carefully hidden. *UNTIL NOW*. Look out for John Hodgman's latest book, *Vacationland*, available from Viking in Fall 2017.
