The Great Pyramid Decoded E. Raymond Capt,1978-01-01

My Little Pony #6 Celeste Bronfman,2022-11-02 Sunny and friends hunker down to dig into Discord's past to find clues about where he could be hiding with the Pegasus Crystal.

The Great Pyramid Reveals Its Secret Roselis von Sass,2009-05-14 I look up at the Sphinx and ponder over the enigma it bears. Suddenly, I fear all the mystery that floods in and overwhelms me. I stand up and walk to the horse that awaits me. The cold wind blows from the desert, and the silence of the night sets in. I hear the hoarse barking of a desert jackal and see bats flying by like shadows. Clouds of perfume engulf me as I approach the bridge over the Nile. The marvelous Giza gardens of acacias and orange trees are in full bloom. I watch the canoes in the Nile rocking back and forth at the edge of the river, and I remember my ride here. I was so sure of myself. I wanted to dig, explore, and find remains of dead kings... And now? I listen to the murmur of the sacred Nile and feel the painful vibrations of my soul... Why did my heart quiver when I contemplated the Sphinx...? Where did the halo of eternity that surrounds these magnificent works come from? Who knows the answer?

The Unofficial Legend Of Zelda Cookbook Aimee Wood,2020-07

Aztecs and Conquistadores John Pohl,Charles M Robinson III,2005-10-10 The Spanish conquest of Mexico was a remarkable military expedition that had a huge impact on the history of the world. Hernán Cortés led the expedition, the aim of which was the addition of Mexico to the Spanish Empire, and the extraction of Aztec riches. Following the appearance of portents, the Aztecs were expecting a catastrophe in 1519, and the Spanish invasion fulfilled this expectation. Although they fought fiercely to the end, the Aztec civilisation was doomed, and the face of Mexico would be changed for ever. This book examines the campaign, but also the lives, training and experience of the men on both sides: the Spanish conquerors and their opponents, the exotic Aztecs, who were fighting for their lives and their civilisation. Contains material previously published in *Essential Histories* 60, *Warrior* 32 and *Warrior* 40.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Melee is Broken Aj Rappaport,2020-11-18 In a world where most video game players crave the newest hardware or the latest game, one tight-knit global gaming community, thousands strong, has stood alone for nearly two decades: the competitive Super Smash Bros. Melee (SSBM) scene. SSBM's release for the Nintendo GameCube in 2001 signaled an exciting moment in gaming history: a continuation of the popular Smash Bros. franchise, boasting even more characters and iconography from players' favorite Nintendo properties. Melee is Broken argues that SSBM's unique staying power is sourced from its reliance on hardware objects from the early 2000s, through which new life is breathed into ostensibly dead media objects. Through blending textual analysis with artistic research-creation, this book interrogates the ideologies and principles that have sustained the competitive SSBM scene for so many years through examining hardware, software, community discourse, and the formation of universally adopted techniques both in- and out-of-game. This groundbreaking work aims to invite everyone from long-time SSBM competitors to those on the peripheral of SSBM, or even gaming in general, to inquire and learn more about the passion and dedication that defines competitive SSBM.
