Women and Dictionary-Making Lindsay Rose Russell,2018-04-30 Dictionaries are a powerful genre, perceived as authoritative and objective records of the language, impervious to personal bias. But who makes dictionaries shapes both how they are constructed and how they are used. Tracing the craft of dictionary making from the fifteenth century to the present day, this book explores the vital but little-known significance of women and gender in the creation of English language dictionaries. Women worked as dictionary patrons, collaborators, readers, compilers, and critics, while gender ideologies served, at turns, to prevent, secure, and veil women's involvements and innovations in dictionary making. Combining historical, rhetorical, and feminist methods, this is a monumental recovery of six centuries of women's participation in dictionary making and a robust investigation of how the social life of the genre is influenced by the social expectations of gender.

Humour and Laughter in History Elisabeth Cheauré,Regine Nohejl,2014-10-31 Humour can be used as a »weapon« or as a means of coping with problematic historical events, especially in times of war and crisis. The book presents examples from different cultures (Russia, Europe, USA), from different historical epochs (from the Napoleonic era up to the current time) and from different medias (caricature, journalism, film). By looking at the individual cases it becomes possible to recognize some general structural patterns and to gain a deeper insight into the »functioning« of humour and laughter.

The Bondwoman's Narrative Hannah Crafts,2002-04-02 Possibly the first novel written by a black woman slave, this work is both a historically important literary event and a gripping autobiographical story in its own right. When her master is betrothed to a woman who conceals a tragic secret, Hannah Crafts, a young slave on a wealthy North Carolina plantation, runs away in a bid for her freedom up North. Pursued by slave hunters, imprisoned by a mysterious and cruel captor, held by sympathetic strangers, and forced to serve a demanding new mistress, she finally makes her way to freedom in New Jersey. Her compelling story provides a fascinating view of American life in the mid-1800s and the literary conventions of the time. Written in the 1850's by a runaway slave, THE BONDSWOMAN'S NARRATIVE is a provocative literary landmark and a significant historical event that will captivate a diverse audience.

Understanding Aleister Crowley's Thoth Tarot Lon Milo Duquette,2017-09-01 Originally published in 2003, Understanding Aleister Crowley's Thoth Tarot has proved to be the essential guide to accessing the unique symbolism and meaning of Aleister Crowley's remarkable tarot deck along with the deeply textured artwork of Lady Frieda Harris. Crowley authority Lon Milo DuQuette starts by providing an insightful historical background before delving into descriptions of each card in depth, from a tarot perspective and from an expanded, magickal point of view. He first describes the tarot meaning of each card in detail and then explains all the other attributions Crowley intended. This unique guide has been updated with a new introduction that provides information on the unicursal hexagram cards included with the deck but never explained. Replaces ISBN 9781578632763

Living Downtown Paul Groth,1999-01-01 From the palace hotels of the elite to cheap lodging houses, residential hotels have been an element of

American urban life for nearly two hundred years. Since 1870, however, they have been the target of an official war led by people whose concept of home does not include the hotel. Do these residences constitute an essential housing resource, or are they, as charged, a public nuisance? *Living Downtown*, the first comprehensive social and cultural history of life in American residential hotels, adds a much-needed historical perspective to this ongoing debate. Creatively combining evidence from biographies, buildings and urban neighborhoods, workplace records, and housing policies, Paul Groth provides a definitive analysis of life in four price-differentiated types of downtown residence. He demonstrates that these hotels have played a valuable socioeconomic role as home to both long-term residents and temporary laborers. Also, the convenience of hotels has made them the residence of choice for a surprising number of Americans, from hobo author Boxcar Bertha to Calvin Coolidge. Groth examines the social and cultural objections to hotel households and the increasing efforts to eliminate them, which have led to the seemingly irrational destruction of millions of such housing units since 1960. He argues convincingly that these efforts have been a leading contributor to urban homelessness. This highly original and timely work aims to expand the concept of the American home and to recast accepted notions about the relationships among urban life, architecture, and the public management of residential environments.

The Politics of Party Coalitions in Africa Denis Kadima,2006 This important book goes some way to filling that vacuum. The authors document, analyse and explain various aspects of the coalition process as it has played itself out in Kenya, Malawi, Mauritius, Mozambique and South Africa and, in the concluding chapter, compare and draw lessons from the experiences of the five countries.

Carpe Diem, Illinois Kristin Oakley,2014-04 For decades, the small town of Carpe Diem, Illinois has quietly unschooled its children, eschewing tests and classrooms for real-life experiences. Now, long-smoldering political feuds - and deep personal secrets - threaten to explode. When her mother is hospitalized in Carpe Diem after an auto accident, teenager Tali Shaw, the daughter of a powerful state senator, finds herself at the heart of a vicious conspiracy to bring Carpe Diem down. Can prize-winning Chicago Examiner reporter Leo Townsend overcome his own demons and expose those behind the scheme before it's too late? And when the truth is finally revealed, can Carpe Diem ever be the same?
