Titanic and Her Sisters Olympic and Britannic Peter Davies-Garner, 2011-07-30 The ShipCraft series explores the iconic pleasure vessels Titanic, Olympic, and Britannic in fully illustrated detail for building your own model ship. In the first of the ShipCraft series to cover non-naval vessels, this meticulously researched and illustrated volume looks at the legendary cruise ship RMS Titanic and her sisters, Olympic and Britannic. Written for the serious model ship builder, this book not only covers the many model kits available, but a concise history of the ship's class, including every detail that contributed to the ship's creation. Accompanied by hundreds of photographs of models in various scales, the text covers paint colors, line drawings, and scale plans, as well as the differences in the ships' appearance over time. An invaluable resource on available models, their pros and cons, and ways to modify and customize each one, this ShipCraft title concludes with a reference section essential to any modeler.

RMS Titanic Manual 1909-12 (Olympic Class) David Hutchings, Richard de Kerbrech, 2016-11-15 The world famous ocean liner Titanic, which sank on her maiden voyage in 1912, is the latest subject to receive the Haynes Manual treatment. With an authoritative text and hundreds of illustrations, see how this leviathan was built, launched, and fitted out. Read about her lavish passenger accommodation. Learn about the captain's responsibilities, including the operation of a transatlantic liner. Consider the chief engineer's view - how did he manage the huge engines and other onboard systems? What was it like to operate the luxury ocean liner from the perspective of Titanic's owner, the White Star line?

Olympic, Titanic, Britannic Mark Chirnside, 2014 A pictorial celebration of the world-famous sister ships: the Olympic-class liners A maritime expert tells the story of the sister ships using previously unseen pictures, passenger diaries, and deck plans, illustrating Olympic's successful career; the premature ends of her two unfortunate sisters; and the experiences of those onboard. Designed for passenger comfort, they were intended to provide luxurious surroundings and safe, reliable transport rather than record-breaking speed. Ironically, fate decreed that only Olympic would ever complete a single commercial voyage and she went on to serve for a quarter of a century in peace and war. Titanic's name would become infamous after she sank on her maiden voyage. The third sister, Britannic, saw a brief and commendable career as a hospital ship during World War I, sinking in the Aegean Sea in 1916.

Atlantic Liners: A Trio of Trios J. Kent Layton, 2009-07-10 They formed three trios of wonder ships. From the Cunard Line came the Lusitania, Mauretania, and Aquitania. From the White Star Line came the Olympic, the infamous Titanic, and the Britannic. From the Hamburg-Amerika Line came the Imperator, Vaterland and Bismarck, which would later find service as Cunard's Berengaria, the U.S. Line's Leviathan, and White Star's Majestic. They were, in turn, the fastest, most powerful, largest and most luxurious ocean liners that had ever sailed that ocean. Some would find great success; others would suffer disaster. Their careers would be affected by natural elements, by mismanagement, and by the brutalities of war. Their fates were also inextricably intertwined. The all-new 2009 Version of Atlantic Liners boasts over 730 photos, as well as nearly a dozen general arrangement plans of the ships. An Introduction has been penned by Mark Chirnside.

The Birth of the Titanic Michael McCaughan, 1998 A photographic history of the construction of the SS Titanic in Belfast and its subsequent sinking in 1912. The text and photographs focus on the design, construction and fitting out of the Titanic, as well as the men, the bosses, their work and living conditions.

A Man and His Ship Steven Ujifusa, 2013-06-04 "A fascinating historical account...A snapshot of the American Dream culminating with this country's mid-century greatness" (The Wall Street Journal) as a man endeavors to build the finest, fastest, most beautiful ocean liner in history. The story of a great American Builder at the peak of his power, in the 1940s and 1950s, William Francis Gibbs was considered America's best naval architect. His quest to build the finest, fastest, most beautiful ocean liner of his time, the SS United States, was a topic of national fascination. When completed in 1952, the ship was hailed as a technological masterpiece at a time when "made in America" meant the best. Gibbs was an American original, on par with John Roebling of the Brooklyn Bridge and Frank Lloyd Wright of Fallingwater. Forced to drop out of Harvard following his family's sudden financial ruin, he overcame debilitating shyness and lack of formal training to become the visionary creator of some of the finest ships in history. He spent forty years dreaming of the ship that became the SS United States. William Francis Gibbs was driven, relentless, and committed to excellence. He loved his ship, the idea of it, and the realization of it, and he devoted himself to making it the epitome of luxury travel during the triumphant post-World War II era. Biographer Steven Ujifusa brilliantly describes the way Gibbs worked and how his vision transformed an industry. A Man and His Ship is a tale of ingenuity and enterprise, a truly remarkable journey on land and sea.

Philip, Prince of Greece Constantinos Lagos,John Carr,2021-06-30 Many books have been written about the life of Prince Philip, the Duke of Edinburgh, yet there always seem to be corners of his long life that have remained unexplored. In this long look back into his early years, Constantinos Lagos and John Carr uncover hitherto unknown aspects of Philip's life as a Greek prince and his gradual transformation from a mere appendage of the troubled Greek royal family to an enduring pillar of the British monarchy. For the first time, Lagos and Carr delve into neglected Greek archives for a fascinating picture of Philip's early Greek life and the constant insecurity that dogged his steps as his father Prince Andrew of Greece and mother Princess Alice struggled to order their own lives in the maelstrom of unstable and often violent Greek politics in a Europe sliding towards world war. The Greek royal family, in which Philip has his roots, is dealt with at length, to bring out the particular family history and circumstances that played no small part in shaping his personality. Anyone curious about how Prince Philip actually grew up will find in this book a wealth of eye-opening, often startling details that will add more brush strokes to the portrait of the often-elusive but real Prince Philip.

Titanic or Olympic: Which Ship Sank? Steve Hall,Bruce Beveridge,Art Braunschweiger,2012-02-28 The Titanic is one of the most famous maritime disasters of all time, but did the Titanic really sink on the morning of 15 April 1912? Titanic's older sister, the nearly identical Olympic, was involved in a serious accident in September 1911 – an accident that may have made her a liability to her owners the White Star Line. Since 1912 rumours of a conspiracy to switch the two sisters in an elaborate insurance scam has always loomed behind the tragic story of the Titanic. Could the White Star Line have really switched the Olympic with her near identical sister in a ruse to intentionally sink their mortally damaged flagship in April 1912, in order to cash in on the insurance policy? Laying bare the famous conspiracy theory, world-respected Titanic researchers investigate claims that the sister ships were switched in an insurance scam and provide definitive proof for whether it could - or could not - have happened.

Titanic in Photographs Daniel Klistorner,Steve Hall,Bruce Beveridge,Art Braunschweiger,Scott Andrews,2013 PHOTOGRAPHY & PHOTOGRAPHS. The name Titanic has become synonymous with catastrophe, the story of this luxurious liner legendary. Wrecked after colliding with an iceberg on her maiden voyage, the loss of around 1,500 lives among her passengers and crew has gone down in history as one of the most emotive and tragic disasters in history.

In this evocative collection of photographs the authors of *Titanic The Ship* Magnificent tell her full story, from the shipyards of Harland Wolff and its early vessels, with the backdrop of the great race to build the biggest and best passenger liner, to the frenzy of excitement surrounding her launch. Looking at her officers and crew, as well as her stops at Cherbourg and Queenstown - including some special, rare photographs - the book follows the story to its inevitable conclusion, considering the lifeboats, the presence of the *Carpathia* and the aftermath of the disaster.

Salvage Man John Doughty Alden, 1998 Few American naval officers have been as unconventional as Edward Ellsberg and still managed to rise to the rank of rear admiral. This probing biography shows Ellsberg time and again confronting the Navy's conservatism, service politics, and professional jealousies to literally salvage the unsalvageable. Taking full advantage of Ellsberg's extensive collection of papers and archives on both sides of the Atlantic, this insightful study is the first to focus on the determined admiral.

Titanic Survivor Violet Jessop, 2012-04-04 Violet Jessop's life is an inspiring story of survival. Born in 1887 in Argentina, the eldest child of Irish immigrants, at the age of 21 she became the breadwinner for her widowed mother and five siblings when she commenced a career as a stewardess and nurse on some of the most famous ocean going vessels of the day. Throughout her 40 year time at sea she survived an unbelievable series of events including the sinking of the TITANIC. "One awful moment of empty, misty blackness enveloped us in its loneliness, then an unforgettable, agonizing cry went up from 1500 despairing throats, a long wail and then silence and our tiny craft tossing about at the mercy of the ice field." For most people one sinking would be enough. But four years later Violet, now a nurse with the British Red Cross, was on board the World War I hospital ship BRITANNIC when it struck a mine and sank to the bottom of the Aegean. To her, this disaster was even more horrifying-- "Just as life seeming nothing but a whirling, choking ache, I rose to the light of day, my nose barely above the little lapping waves. I opened my eyes on an indescribable scene of slaughter, which made me shut them again to keep it out. By the end of her story we have met a woman who could handle whatever life threw at her with determination and good humor. She knew that only by her own strength of character would she survive. But *Titanic Survivor* is much more. A unique autobiography for those who want to know how it really felt, a story that could be told only by a *Titanic Survivor*.
