*Kumba Africa* Sampson Ejike Odum,2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New Yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.

*Memoirs of a British Agent* R. H. Bruce Lockhart,2011-04-30 When first published in 1932, this memoir was an immediate classic, both as a unique eyewitness account of Revolutionary Russia and as one man's story of struggle, and tragedy set against the background of great events. Aged 25, Lockhart became the British Vice-Consul to Moscow in 1912. With revolution in the air, it was dangerous, decadent posting. The 'Boy Ambassador' became an eyewitness to pivotal events and in 1918 was charged with establishing a diplomatic understanding with the Bolsheviks, to ensure that Russia remained in the war against Germany. It was a precarious mission: Whitehall could not be seen support revolutionaries; Lockhart grew wary of his masters' secret machinations; while Lenin and Trotsky's cordial relations with the British agent never quite dispelled their mistrust of the nation he represented. When Lockhart met Moura Budberg, who became the great love of his life, he was in an increasingly vulnerable position. In September 1918 he would be falsely accused of a counter-revolutionary plot to overthrow the Bolsheviks, and sent to the Loubianka. His account even inspired a Hollywood movie. From his evocative descriptions of revolutionary Moscow, where the champagne flowed as the bourgeoisie trembled, to his audiences with Trotsky and his brushes with death, this is a vivid, unique memoir.

**Speak for Britain!** Martin Pugh,2010-03-24 Written at a critical juncture in the history of the Labour Party, *Speak for Britain!* is a thought-provoking and highly original interpretation of the party's evolution, from its trade union origins to its status as a national governing party. It charts Labour's rise to power by re-examining the impact of the First World War, the general strike of 1926, Labour's breakthrough at the 1945 general election, the influence of post-war affluence and consumerism on the fortunes and character of the party, and its revival after the defeats of the Thatcher era. Controversially, Pugh argues that Labour never entirely succeeded in becoming 'the party of the working class'; many of its influential recruits - from Oswald Mosley to Hugh Gaitskell to Tony Blair - were from middle and upper-class Conservative backgrounds and rather than converting the working class to socialism, Labour adapted itself to local and regional political cultures.

**August 1968** Ladislav Bielik,Eugen Gindl,2008 In August 1968, photojournalist Ladislav Bielik documented the end of the Prague Spring at the hands of the Warsaw Pact's armies. Of the 187 photos he took of that tumultuous time, one of the most famous was of a bare-chested man in front of the occupier's tank. The image has become one of the best known and most significant pictures of the 20th century. This splendid volume shows most of the shots hidden in the cellar of Bielik's house from the secret police. His son discovered the photos by chance and organized their transfer to the West where they have been published. This volume also provides a brief history of the reasons for the Prague Spring, and the events that took place after it was brutally crushed by the authorities. This volume documents an exhilarating time in Eastern European history, and its somber, heartbreaking end.
