Rebel without a Crew Robert Rodriguez, 1996-09-01 Famed independent screenwriter and director Robert Rodriguez (Sin City, Once Upon a Time in Mexico, Spy Kids, Machete) discloses all the unique strategies and original techniques he used to make his remarkable debut film *El Mariachi* on a shoestring budget. This is both one man's remarkable story and an essential guide for anyone who has a celluloid story to tell and the dreams and determination to see it through. Part production diary, part how-to manual, Rodriguez unveils how he was able to make his influential first film on only a \$7,000 budget. Also included is the appendix, "The Ten Minute Film Course," a tell-all on how to save thousands of dollars on film school and teach yourself the ropes of film production, directing, and screenwriting. Mini Down Under Donn Anderson, 2009-03-02 *Mini Down Under* traces the history of one of New Zealand's - and the world's - best-loved cars. More versions of the Mini were available in New Zealand

than anywhere else, and the launching of the iconic car in February 1960 was a larger-than-life event. In this lively and personal story, the author tracks the Mini's life in New Zealand, the connection between Kiwi racing driver Bruce McLaren and the birth of the Mini Cooper, the heady days of competition success in the Antipodes, the local assembly and marketing of the classic original car and the eventual development into the latest generation Mini for a new century.

The Velvet Rope Economy Nelson D. Schwartz, 2021-02-09 From New York Times business reporter Nelson D. Schwartz comes a bold and urgent investigation of division between the wealthy and the middle class in every arena of American life. In nearly every realm of daily life--from health care to education, highways to home security--there is an invisible velvet rope that divides how Americans live. On one side of the rope, for a price, red tape is cut, lines are jumped, appointments are secured, and doors are opened. On the other side, middle- and working-class Americans fight to find an empty seat on the plane, a place in line with their kids at the amusement park, a college acceptance, or a hospital bed. We are all aware of the gap between the rich and everyone else, but when we weren't looking, business innovators stepped in to exploit it, shifting services away

from the masses and finding new ways to profit by serving the privileged. And as decision-makers and corporate leaders increasingly live on the friction-free side of the velvet rope, they are less inclined to change--or even notice--the obstacles everyone else must contend with. Schwartz's must read book takes us on a behind-the-scenes tour of this new reality and shows the toll the velvet rope divide takes on society.

Raymond Chandler in Hollywood Al Clark, 1996 Raymond Chandler in Hollywood is an entertaining and comprehensive assessment of Chandler's turbulent association with Hollywood, both as a screenwriter whose credits included Double Indemnity, The Blue Dahlia, and Strangers on a Train and as the provider of source material - his six filmed novels have so far yielded ten movies. The author's extensive research included interviewing many of the Hollywood figures who were associated with Chandler and his films, including Lauren Bacall, Edward Dmytryk, Alfred Hitchcock, John Houseman, Fred MacMurray, Robert Montgomery, and Audrey Totter. Illustrated with rare stills, posters, and location photographs, this book provides a special insight into the work of the world's most acclaimed writer of detective fiction.

MiniEco Kate Lilley, 2013 MiniEco is the sensational craft blog of Kate Lilley. With over 250,000 followers it has taken on cult status in the international craft community, and that is purely down to Kates fresh, contemporary and beautifully explained and executed craft projects. With a book for children already under her belt, this publication focuses more on adults with 33 pieces including paper gems, an origami lampshade, macrame hangings, pop-up pixel cards, hama bead candle holders, and tie-dyed furoshiki cloths. The ideas range in complexity from the simple to the advanced, but each one is

totally unique and has never before been published. The look of the book will reflect the immaculate, Japanese-inflected minimalism of the MiniEco website, with some high-end production finishes including a die-cut, dust-jacketed paperback binding and boldly pared-back photography. QR codes will link to animated gifs of the craft being made.

Gates of Paradise Beryl Kingston, 2014-01-16 It is 1852 and Alexander, a young biographer in search of the truth about William Blake, has parted from his new bride and travelled to the village of Felpham. For it was here that the scene of Blake's darkest hour – the mysterious incident that caused him to be tried for Sedition – occurred. But the villagers hereabouts don't have much to say on the subject, and go strangely quiet whenever the trial is mentioned. We travel back to 1800, when William Blake and his faithful wife Catherine have just moved to Felpham to take up the promise of

work under a new patron, William Hayley Esquire. This tireless taskmaster soon gives Blake so much work that his own poetry is neglected. Trying to appease his patron and still find time for his masterpiece frays Blake's nerves beyond endurance. Witnessing this exchange are Betsy and Johnnie, two young lovers employed in Mr Hayley's service. In awe of Blake's beautiful engravings and glorious paintings, Betsy enlists Johnnie to teach her to read so that she can experience Blake's poetry too. The happiness Betsy finds in Blake's words and Johnnie's arms is short lived, for the terror of invasion by Napoleon is a constant dark cloud on the horizon. When invasion looks imminent, soldiers flood the quiet town with their bright red uniforms and arrogant, drunken behaviour. Now is the time that the villagers must come together to defend William from heinous accusations that, if proved, will lead to prison or worse. But will they have the courage? And will Alexander, fifty years after the event, discover what truly went on at the trial? In *Gates of Paradise*, first published in 2006, Beryl Kingston vividly re-imagines the historical events which led to William Blake's trial for sedition in 1803.

An excursion to Crystal Beach meant a trip on the *Canadiana* or one of the other ferries that whisked eager Americans over the border. Once inside the park, visitors experienced unforgettable sights, smells and thrills.
