The Order of Odd-Fish James Kennedy,2010-02-09 JO LAROCHE HAS lived her 13 years in the California desert with her Aunt Lily, ever since she was dropped on Lily's doorstep with this note: This is Jo. Please take care of her. But beware. This is a dangerous baby. At Lily's annual Christmas costume party, a variety of strange events take place that lead Jo and Lily out of California forever—and into the mysterious, strange, fantastical world of Eldritch City. There, Jo learns the scandalous truth about who she is, and she and Lily join the Order of Odd-Fish, a collection of knights who research useless information. Glamorous cockroach butlers, pointless quests, obsolete weapons, and bizarre festivals fill their days, but two villains are controlling their fate. Jo is inching closer and closer to the day when her destiny is fulfilled, and no one in Eldritch City will ever be the same.

My Crochet Doll Isabelle Kessedjian,2013-12-12 Make adorable crochet dolls with over fifty unique patterns for clothes and accessories. With a range of clothing and accessory patterns, dress up your doll for home and abroad, from basic underwear and shoes to dresses, dungarees, sweaters, coats, and hats. As well as wardrobe essentials, you can create accessories to match each outfit, including a teddy for bedtime, a bucket for the beach, cakes for the kitchen, and even a penguin for the North Pole! There's a range of dressing-up costumes, with an adorable bear suit and a fun superhero mask and cape. The cute mini suitcase pattern is the perfect for storing all of your dolls belongings and it doubles up as a bed too! Be aware that crochet terms in the United States are different from those in the U.K. This can be confusing as the same terms are used to refer to different stitches under each system. All crochet patterns in this book are written in U.K. and European terms. U.S. crocheters must take care that they work the correct stitches. One way to tell which system is being used in other patterns is that the American system starts with a single crochet, which the U.K. system doesn't have; so patterns with "sc" in them can be identified as American patterns.

None But the Righteous Chantal James,2023-01-17 Lyrical, riveting, and haunting from its opening lines, *None But the Righteous* is an extraordinary debut that signals the arrival of an unforgettable new voice in contemporary fiction [A] profound debut novel . . . James captures the simple kindnesses of a cup of coffee or a shared cellphone as though they were religious acts. Where a more ponderous writer might lapse into a lengthy stream of consciousness, James uses short chapters to weave a story of fractured time and uncharted space into the fabric of life after Katrina . . . This is a book of faith aching to be claimed, of a land that dares to be redeemed, of souls searching to be free, of all spirits looking for a home. It's a metaphysical book deeply rooted in ancient legacies of subjugation . . . This is a deeply haunted novel that moves with calm and ruthless determination, like the eye of a hurricane. —The Los Angeles Times In seventeenth-century Peru, St. Martin de Porres was torn from his body after death. His bones were pillaged as relics, and his spirit was said to inhabit those bones. Four centuries later, amid the havoc of Hurricane Katrina, nineteen-year-old Ham escapes New Orleans with his only valued possession: a pendant handed down from his foster mother, Miss Pearl. There's something about the pendant that has always gripped him, and the curiosity of it has grown into a kind of comfort. When Ham finally embarks on a fraught journey back home, he seeks the answer to a question he cannot face: Is Miss Pearl still alive? Ham travels from Atlanta to rural Alabama, and from one young woman to another, as he evades the devastation that awaits him in New Orleans. Catching sight of a freedom he's never known, he must reclaim his body and mind from the spirit who watches over him, guides him, and seizes possession of him.

Since she was promoted to the head of the Lords Select Committee on Sanguinary Affairs, every workday for Mhari Murphy has been a nightmare. But what else can she expect when working under the thumb of none other than the elder god N'yar Lat-Hotep a.k.a the Creeping Chaos? Mhari's most recent assignment takes her and a ragtag team of former Laundry agents across the pond into the depths of North America. The United States president has gone missing. Not that Americans are alarmed. For some mysterious reason, most of the country has forgotten the executive branch even exists. Perhaps it has to do with the Nazgûl currently occupying the government and attempting to summon Cthulhu. Who knew an egomaniacal, malevolent deity would have a soft spot for international relations? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
