Victoria's Lost Pavilion Paul Fyfe, Antony Harrison, David B. Hill, Sharon L. Joffe, Sharon M. Setzer, 2017-04-15 This book explores the significance of the now-lost pavilion built in the Buckingham Palace Gardens in the time of Queen Victoria for understanding experiments in British art and architecture at the outset of the Victorian era. It introduces the curious history of the garden pavilion, its experimental contents, the controversies of its critical reception, and how it has been digitally remediated. The chapters discuss how the pavilion, decorated with frescos and encaustics by some of the most prominent painters of the mid-nineteenth century, became the center of a national conversation about an identity for British art, the capacity of its artists, and the quality of Royal and public taste. Beyond an examination of the pavilion's history, this book also introduces a digital model which restores the pavilion to virtual life, underscoring the importance of the pavilion for Victorian aesthetics and culture.

Mysterious Chicago Adam Selzer, 2016-10-25 From Chicago historian Adam Selzer, expert on all of the Windy City's quirks and oddities, comes a compelling heavily researched anthology of the stories behind its most fascinating unsolved mysteries. To create this unique volume, Selzer has collected forty unsolved mysteries from the 1800s to modern day. He has poured through all newspaper, magazine, and book references to them, and consulted expert historians. Topics covered include who really started the great Chicago fire, who was the first "automobile murderer," and even if there was actually a vampire slaying at Rose Hill cemetery. The result is both a colorful read to get lost in, a window to a world of curiosity and wonder, as well as a volume that separates fact from fiction—true crime from urban legend. Complementing the gripping stories Selzer presents are original images of the crime and its suspects as developed by its original investigators. Readers will marvel at how each character and crime were presented, and happily journey with Selzer as he presents all facts and theories presented at the time of the "crime" and uses modern hindsight to assemble the pieces.
