The Lion Led the Way Dwight Hutchison, 2021-07-07 Was there a meaningful stellar sign over Bethlehem? What did it look like to someone looking up at the night sky? Did wise men really come from the East seeking Israel's Messiah sometime after the birth of Jesus? The biblical account of the wise men and the star that announced the coming of the Messiah of Israel has inspired and puzzled people for two millennia. Important aspects of Babylonian astronomy seem to be involved in understanding the star's appearing. But in addition, *The Lion Led the Way* also explores the men and events from a profoundly Jewish perspective. The traditional Jewish names of stars and planets, Jewish symbols, as well as Jewish dates, all seem to be keys to unlocking the mystery of the famous star. The star of Bethlehem was not the brightest of the heavenly lights, nor was it the most spectacular starry manifestation of all time. However, it was part of the most meaningful set of celestial events in human history. The God of Israel is surprising. His ways are not our ways; his thoughts are not our thoughts. The star gives us a concrete example of God's intervention in the universe. Book website: www.star-of-bethlehem.info

JESUS, JAMES, JOSEPH, and the past and future Temple David Heilbron Price, 2019-08-12 In Roman times, the historic records say the world's most beautiful city was Jerusalem. Amid the city, the Temple shone out in gold and white stone. About a million man-years

were involved in its ingenious structure. It astounded the world. To the north lay the fortress city of Antonia, connected by a causeway. Another causeway crossed the ravine of the Kidron to the Mount of Olives. Worldwide the exiled tribes of Israel supplied vast quantities of gold and treasures. Millions came to worship. James the brother of Jesus had a throne inside the Temple. He prayed in the Holy Place. He followed in the steps of his father Joseph. Jesus had a far higher office than either. It is described both in the New Testament and early writers of the first centuries. The facts of the resurrection were so clear that Roman emperor Tiberius immediately proclaimed Jesus a God. Others like Caligula tried to destroy the Temple and Jerusalem. Rome also tried to destroy the real facts about Jesus, James and Joseph in the Temple.

Achtung-Panzer! Heinz Guderian, 1937 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Moon-face and Other Stories Jack London, 1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, The Call of the Wild (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including The Sea-Wolf (1904), White Fang (1906),

South Sea Tales (1911), and Jerry of the South Seas (1917). One of London's most interesting novels is the semi-autobiographical Martin Eden (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

The Sixth Station Linda Stasi, 2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.

Keith Langergraber Keith Langergräber, Charlotte Townsend-Gault, Liz Wylie, Peter Morin, Ryan Doherty, 2013 This first monograph on the cinematic work of Keith Langergraber focuses on his three-part film entitled 'Time Traveler Trilogy'. The first film, 'The Theatre of the Exploding Sun', centres around the artist's alter ego Eton Corrasable making a science fiction fan film that transports him to Robert Smithson's Spiral Jetty on Great Salt Lake in Utah. In the second film Eton shoots a fan film based on the novel and film by Andrei Tarkovsky, 'Solaris'. The third film explores 'Dr Who' fandom and Robert Smithson's never realized Glass Island project. Langergraber's work functions on several levels at any given point of engagement: sometimes spoofing the forms it imitates, in other ways, paying homage, both to past artists and achievements in science fiction. Keith Langergraber has exhibited extensively in solo and group shows throughout Canada, the United States, and Asia since 1995. He lives and works in Vancouver.0Exhibition: Kelowna Art Gallery, Canada (5.10.-29.12.2013) / Richmond Art Gallery, Canada (9.2.-6.4.2014) / Southern Alberta Art Gallery, Canada (27.6.-7.9.2014).
