PoC or GTFO Manul Laphroaig, 2017-10-31 This highly anticipated print collection gathers articles published in the much-loved International Journal of Proof-of-Concept or Get The Fuck Out. PoC||GTFO follows in the tradition of Phrack and Uninformed by publishing on the subjects of offensive security research, reverse engineering, and file format internals. Until now, the journal has only been available online or printed and distributed for free at hacker conferences worldwide. Consistent with the journal's quirky, biblical style, this book comes with all the trimmings: a leatherette cover, ribbon bookmark, bible paper, and gilt-edged pages. The book features more than 80 technical essays from numerous famous hackers, authors of classics like Reliable Code Execution on a Tamagotchi, ELFs are Dorky, Elves are Cool, Burning a Phone, Forget Not the Humble Timing Attack, and A Sermon on Hacker Privilege. Twenty-four full-color pages by Ange Albertini illustrate many of the clever tricks described in the text.

Twelve Years a Slave Solomon Northup,2024-01-04

Filmatised in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with

family life after being freed.

A Critic Writes Reyner Banham, 2023-09-01 Few twentieth-century writers on architecture and design have enjoyed the renown of Reyner Banham. Born and trained in England and a U.S. resident starting in 1976, Banham wrote incisively about American and European buildings and culture. Now readers can enjoy a chronological cross-section of essays, polemics, and reviews drawn from more than three decades of Banham's writings. The volume, which includes discussions of Italian Futurism, Adolf Loos, Paul Scheerbart, and the Bauhaus as well as explorations of contemporary architecture by Frank Gehry, James Stirling, and Norman Foster, conveys the full range of Banham's belief in industrial and technological development as the motor of architectural evolution. Banham's interests and passions ranged from architecture and the culture of pop art to urban and industrial design. In brilliant analyses of automobile styling, mobile homes, science fiction films, and the American predilection for gadgets, he anticipated many of the preoccupations of contemporary cultural studies. Los Angeles, the city that Banham commemorated in a book and a film, receives extensive attention in essays on the Santa Monica Pier, the Getty Museum, Forest Lawn cemetery, and the ubiquitous freeway system. Eminently readable, provocative, and entertaining, this book is certain to consolidate Banham's reputation among architects and students of contemporary culture. For those acquainted with his writing, it offers welcome surprises as well as familiar delights. For those encountering Banham for the first time, it comprises the perfect introduction.

Making Dying Illegal Shūsaku Arakawa, Madeline Gins, 2006
Making Dying Illegal is the latest installment of the ongoing Arakawa and Gins Reversible Destiny Project. By making the on-the-surface absurd proposal to legislate against dying, a strong political and satirical strategy is produced as a series of architectural principles that relate to Arakawa's buildings in Europe and Japan. Having read the book over many times in editing, we feel that MDI can become what the reader wants to make it. This flexible text smacks of Alice in Wonderland, Dada tract, and contemporary self-help political critique--a truly exciting text.--Publisher's website
