The Circle Dave Eggers,2013-10-08 INTERNATIONAL BESTSELLER • A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (Vanity Fair). When Mae Holland is hired to work for the Circle, the world’s most powerful internet company, she feels she’s been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users’ personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-

plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company's modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can't believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman's ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

Evidence of Things Unseen Marianne Wiggins, 2022-05-03 This poetic novel, by the acclaimed author of *John Dollar* and *Properties of Thirst*, describes America at the brink of the Atomic Age. In the years between the two world wars, the future held more promise than peril, but there was evidence of things unseen that would transfigure our unquestioned trust in a safe future. Fos has returned to Tennessee from the trenches of France. Intrigued with electricity, bioluminescence, and especially x-rays, he believes in science and the future of technology. On a trip to the Outer Banks to study the Perseid meteor shower, he falls in love with Opal, whose father is a glassblower who can spin color out of light. Fos brings his new wife back to Knoxville where he runs a photography studio with his former Army buddy Flash. A witty rogue and a staunch disbeliever in Prohibition, Flash brings tragedy to the couple when his appetite for pleasure runs up against both the law and the Ku Klux Klan. Fos and Opal are forced to move to Opal's mother's farm on the Clinch River, and soon they have a son, Lightfoot. But when the New Deal claims their farm for the TVA, Fos seeks work at the Oak Ridge Laboratory—Site X in the government's race to build the bomb. And it is there, when Opal falls ill with radiation poisoning, that Fos's great faith in science deserts him. Their lives have traveled with touching inevitability

from their innocence and fascination with things that glow to the new world of manmade suns. Hypnotic and powerful, Evidence of Things Unseen constructs a heartbreaking arc through twentieth-century American life and belief.

The Horror on the Links Seabury Quinn, 2017-04-04 Today the names of H. P. Lovecraft, Robert E. Howard, August Derleth, and Clark Ashton Smith, all regular contributors to the pulp magazine *Weird Tales* during the first half of the twentieth century, are recognizable even to casual readers of the bizarre and fantastic. And yet despite being more popular than them all during the golden era of genre pulp fiction, there is another author whose name and work have fallen into obscurity: Seabury Quinn. Quinn's short stories were featured in well more than half of *Weird Tales*'s original publication run. His most famous character, the supernatural French detective Dr. Jules de Grandin, investigated cases involving monsters, devil worshippers, serial killers, and spirits from beyond the grave, often set in the small town of Harrisonville, New Jersey. In de Grandin there are familiar shades of both Arthur Conan Doyle's Sherlock Holmes and Agatha Christie's Hercule Poirot, and alongside his assistant, Dr. Samuel Trowbridge, de Grandin's knack for solving mysteries—and his outbursts of peculiar Frenchisms (*grand Dieu!*)—captivated readers for nearly three decades. Collected for the first time in trade editions, *The Complete Tales of Jules de Grandin*, edited by George Vanderburgh, presents all ninety-three published works featuring the supernatural detective. Presented in chronological order over five volumes, this is the definitive collection of an iconic pulp hero. The

first volume, *The Horror on the Links*, includes all of the Jules de Grandin stories from "The Horror on the Links" (1925) to "The Chapel of Mystic Horror" (1928), as well as an introduction by George Vanderburgh and Robert Weinberg.

Il Bel Centro Michelle Damiani, 2020-08-09 A witty and warm-hearted memoir of abandoning fast-paced American days in favor of discovering the Italian secrets of food, community, and life. Moving across the globe meant Michelle Damiani soon found herself untangling Italian customs, delighting in glorious regional cuisine (recipes included), and creating lasting friendships. From grandmothers eager to teach the ancient art of pasta making, to bakers tossing bread into fiery ovens with a song, to butchers extolling the benefits of pork fat, *Il Bel Centro* is rich with captivating characters and cultural insights. Throw in clinking glasses of Umbrian red with the local communists and a village all-nighter decorating the cobblestone streets with flower petals; as well as embarrassing language minefields and a serious summons to the mayor's office, and you have all the ingredients for a spellbinding travel tale. Exquisitely observed, *Il Bel Centro* is an intimate

celebration of small town Italy, as well as a thoughtful look at raising a family in a new culture and a fascinating story of finding a home. Ultimately though, this is a story about how travel can change you when you're ready to let it. With laugh-out-loud situations and wanderlust-inspiring storytelling, *Il Bel Centro* is a joyous and life-affirming read that will have readers rushing to renew their passports. "This is one of the most beautiful book I've ever read." "I absolutely couldn't get enough of this book." "This book made me want to pack my bags." "I loved, loved this book. Fabulously written, engaging, and entertaining." "A magical read."

Living the 1.5 Degree Lifestyle Lloyd Alter, 2021-09-14 Stop thinking about efficiency and start thinking about sufficiency *Living the 1.5 Degree Lifestyle* reveals the carbon cost of everything we do, identifying where we can make big reductions, while not sweating the small stuff. The international scientific consensus is that we have less than a decade to drastically slash our collective carbon emissions to keep global heating to 1.5 degrees and avert catastrophe. This means that many of us have to cut our individual carbon footprints by over 80% to 2.5 tonnes per person per year by 2030. But where to start? Drawing on Lloyd Alter's journey to track his daily carbon emissions and live the 1.5 degree lifestyle, coverage includes: What it looks like to live a rich and truly green life From take-out food, to bikes and cars, to your internet usage – finding the big wins, ignoring the

trivial, and spotting marketing ploys The invisible embodied carbon baked into everything we own and why electric cars aren't the answer How to start thinking about sufficiency rather than efficiency The roles of individuals versus governments and corporations. Grounded in meticulous research and yet accessible to all, Living the 1.5 Degree Lifestyle is a journey toward a life of quality over quantity, and sufficiency over efficiency, as we race to save our only home from catastrophic heating.
