**Paper Quilling for Beginners** Jsutin Pfefferle,2021-04-02 We're way into the new craze called quilling. Craze is an unlikely word to describe a craft that dates back to the Renaissance, but whatever - it's trending. In case you don't know, quilling has nothing to do with hedgehogs or feather pens. It's a paper craft that involves rolling narrow strips of paper into unique 3D shapes. These little paper forms can then be used to decorate greeting cards, pictures, gift bags and boxes, or glued together to make mosaics, sculptures and other works of art. And here's why we heart it so much: Quilling is creative, easy, fun, inexpensive and, once you get on a roll (ha), incredibly relaxing. It's also pretty addicting - which is why we're giving you the deets on how to make dozens of different shapes. Pretty soon you'll want to be quilling and chilling all the time.

Quilling For Beginners Asa Gradillas, 2021-03 Paper quilling is an enjoyable way to create whimsical novelties or masterful works of art. You can quickly roll up a greeting card or spend hundreds of hours manipulating pieces of paper into intricate paper mosaics or sculpture. How you use the craft and what you make is really up to you and how much time you want to spend (and perhaps how much patience you have), but the overall concept always begins with the same thing: rolled paper shapes. The art of quilling have now been so exciting that it brings out the best form/part of creativity in its handler. Here, you will get to know the simple ethics on a quick approach towards getting to start, the required tools and materials and practicalize the DIY (Do It Yourself) thing and be happy. Enjoy.
