Hara-kiri Jack Seward, 2012-07-17 *Hara-Kiri* is a definitive text on Japanese ritual suicide, also known as seppuku. To the average westerner, the word *hara-kiri* conjures up an image of excruciating, self-inflicted pain; of a deep, fatal incision. To the Japanese, this kind of suicide embodies the best qualities of courage, honor, and discipline. Through extensive research, author Jack Seward brings to the English-speaking public a dissertation on the subject that is thoroughly enlightening. Fluent in speaking, reading, and writing Japanese, he was able to glean information from ancient documents—many of them scrolls in the Japanese archives—that few foreigners have seen. The earliest writings on *hara-kiri* (known more formally as seppuku) are thus revealed, as are the intricate rituals surrounding the ceremony. The major purpose of this book, says the author, is to clarify the historical and sociological significance of a unique method of self-destruction. In fulfilling this purpose, author Seward has come up with a definitive work that is sure to arouse interest both as a scholarly effort and as simple, fascinating reading.

Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.
