The Starless Sea Erin Morgenstern, 2019-11-05

NATIONAL BESTSELLER • From the bestselling author of *The Night Circus*, a timeless love story set in a secret underground world—a place of pirates, painters, lovers, liars, and ships that sail upon a starless sea. Zachary Ezra Rawlins is a graduate student in Vermont when he discovers a mysterious

book hidden in the stacks. As he turns the pages, entranced by tales of lovelorn prisoners, key collectors, and nameless acolytes, he reads something strange: a story from his own childhood. Bewildered by this inexplicable book and desperate to make sense of how his own life came to be recorded, Zachary uncovers a series of clues—a bee, a key, and a sword—that lead him to a masquerade party in New York, to a secret club, and through a doorway to an ancient library hidden far below the surface of the earth. What Zachary finds in this curious place is more than just a buried home for books and their guardians—it is a place of lost cities and seas, lovers who pass notes under doors and across time, and of stories whispered by the dead. Zachary learns of those who have sacrificed much to protect this realm, relinquishing their sight and their tongues to preserve this archive, and also of those who are intent on its destruction. Together with Mirabel, a fierce, pink-haired protector of the place, and Dorian, a handsome, barefoot man with shifting alliances, Zachary travels the twisting tunnels, darkened stairwells, crowded ballrooms, and sweetly soaked shores of this magical world, discovering his purpose—in both the mysterious book and in his own life.

Power and Justice Xudong Zhao, 2019-04-10 This book discusses the relationship, interaction and conflict between everyday life and various institutions in a specific village in North China, with a focus on the formal and informal legal

systems. It vividly describes the village's "legal construction problems" as well as the customs and laws, and such it can be seen as a historical and innovative comment on China's problems. The book is based on the author's field investigations assessing vast amounts of material concerning local organizations, formal and informal authorities, economic exchange, religious rituals, as well as interviews with villagers and numerous court files. It presents an in-depth exploration of "pluralism of authority" in China's rural society, and examines how various authorities were formed. It also summarizes how various local disputes are resolved and discusses the villagers' understanding of the concept of "justice." Lastly, it suggests ways in which national law and local customs could communicate and collaborate.

Vanities of the Eye Stuart Clark, 2009-01-15
Vanities of the Eye investigates the cultural history of the senses in early modern Europe, a time in which the nature and reliability of human vision was the focus of much debate. In medicine, art theory, science, religion, and philosophy, sight came to be characterised as uncertain or paradoxical - mental images no longer resembled the external world. Was seeing really believing? Stuart Clark explores the controversial debates of the time - from the fantasies and hallucinations of melancholia, to the illusions of magic, art, demonic deceptions, and witchcraft. The truth and function of religious images and the authenticity of miracles and visions were also questioned with new vigour, affecting such contemporary works as

Macbeth - a play deeply concerned with the dangers of visual illusion. Clark also contends that there was a close connection between these debates and the ways in which philosophers such as Descartes and Hobbes developed new theories on the relationship between the real and virtual. Original, highly accessible, and a major contribution to our understanding of European culture, *Vanities of the Eye* will be of great interest to a wide range of historians and anyone interested in the true nature of seeing.

The Lost Painting Jonathan Harr, 2005-10-25 Told with consummate skill by the writer of the bestselling, award-winning *A Civil Action*, *The Lost Painting* is a remarkable synthesis of history and detective story. An Italian village on a hilltop near the Adriatic coast, a decaying palazzo facing the sea, and in the basement, cobwebbed and dusty, lit by a single bulb, an archive unknown to scholars. Here, a young graduate student from Rome, Francesca Cappelletti, makes a discovery that inspires a search for a work of art of incalculable value, a painting lost for almost two centuries. The artist was Caravaggio, a master of the Italian Baroque. He was a genius, a revolutionary painter, and a man beset by personal demons. Four hundred years ago,

he drank and brawled in the taverns and streets of Rome, moving from one rooming house to another, constantly in and out of jail, all the while painting works of transcendent emotional and visual power. He rose from obscurity to fame and wealth, but success didn't alter his violent temperament. His rage finally led him to commit murder, forcing him to flee Rome a hunted man. He died young, alone, and under strange circumstances. Caravaggio scholars estimate that between sixty and eighty of his works are in existence today. Many others—no one knows the precise number—have been lost to time. Somewhere, surely, a masterpiece lies forgotten in a storeroom, or in a small parish church, or hanging above a fireplace, mistaken for a mere copy. Prizewinning author Jonathan Harr embarks on an spellbinding journey to discover the long-lost painting known as The Taking of Christ—its mysterious fate and the circumstances of its disappearance have captivated Caravaggio devotees for years. After Francesca Cappelletti stumbles across a clue in that dusty archive, she tracks the painting across a continent and hundreds of years of history. But it is not until she meets Sergio Benedetti, an art restorer working in Ireland, that she finally manages to assemble all the pieces of the puzzle. Praise for The Lost Painting "Jonathan Harr has gone to the trouble of writing what will probably be a bestseller . . . rich and wonderful. . . . In truth, the book reads better than a thriller. . . . If you're a sucker for Rome, and for dusk . . . [you'll] enjoy Harr's more clearly reported details about life in the

city.”—The New York Times Book Review “Jonathan Harr has taken the story of the lost painting, and woven from it a deeply moving narrative about history, art and taste—and about the greed, envy, covetousness and professional jealousy of people who fall prey to obsession. It is as perfect a work of narrative nonfiction as you could ever hope to read.”—The Economist

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
