The Art of Journey Matthew Nava,Adam Adamowicz,2012-08-28 Concept drawings created for the computer game Journey.

Catwoman DC Comics, Inc,2004 Catwoman: Nine Lives of A Feline Fatale is a thrilling celebration of one of the most popular female icons of all time. Since her inception in 1940, Catwoman has evolved from a simple cat burglar into a complex character who has played the role of both villain and heroine. An entertaining volume that spans the entire career of Batman's most alluring nemesis, this book reprints nine of Catwoman's most significant adventures, including her first felonious appearance as well as her most memorable battle with the Dark Knight.

Craft: Volume 01 Carla Sinclair,2006-11-28 CRAFT is the first project-based magazine dedicated to the renaissance that is occurring within the world of crafts. Celebrating the DIY spirit, CRAFT's goal is to unite, inspire, inform and entertain a growing community of highly imaginative people who are transforming traditional art and crafts with unconventional, unexpected and even renegade techniques, materials and tools; resourceful spirits who undertake amazing crafting projects in their homes and communities. Volume 01, the premier issue, features 23 projects with a twist! Make a programmable LED shirt, turn dud shoes into great knitted boots, felt an iPod cocoon, embroider a skateboard, and much more.

Dragon Rampant Daniel Mersey,2015-12-20 Whether you're a nameless Dark Lord looking to conquer the known world, a Champion of Light holding out against the forces of evil or a Northern barbarian facing claimants to a stolen throne, Dragon Rampant allows you to bring those battles to the tabletop. Developed from the popular Lion Rampant system, Dragon Rampant is a standalone wargame that recreates the great battles of Fantasy fiction. Scenarios, army lists, and full rules for magic and monsters give players the opportunity to command unruly orc warbands, raise armies of the undead, campaign across an antediluvian world as the warchief of a barbarian tribe, or exploit the power of mighty creatures and extraordinary sorcery. An army usually consists of 6-8 units comprised of 6-12 individually based figures. These small units move and fight independently, assuming that they follow your orders rather than just doing their own thing. Command and control is just as important on the battlefield as the power of a troll chieftain or the magic of an archmage.

Rescuing Socrates Roosevelt Montas,2023-03-21 A Dominican-born academic tells the story of how the Great Books transformed his life—and why they have the power to speak to people of all backgrounds What is the value of a liberal education? Traditionally characterized by a rigorous engagement with the classics of Western thought and literature, this approach to education is all but extinct in American universities, replaced by flexible distribution requirements and ever-narrower academic specialization. Many academics attack the very idea of a Western canon as chauvinistic, while the general public increasingly doubts the value of the humanities. In *Rescuing Socrates*, Dominican-born American academic Roosevelt Montás tells the story of how a liberal education transformed his life, and offers an intimate account of the relevance of the Great Books today, especially to members of historically marginalized communities. Montás emigrated from the Dominican Republic to Queens, New York, when he was twelve and encountered the Western classics as an undergraduate in Columbia University's renowned Core Curriculum, one of America's last remaining Great Books programs. The experience changed his life and determined his career—he went on to earn a PhD in English and comparative literature, serve as director of Columbia's Center for the Core Curriculum, and start a Great Books program for low-income high school students who aspire to be the first in their families to attend college. Weaving together memoir and literary reflection, *Rescuing Socrates* describes how four authors—Plato, Augustine, Freud, and Gandhi—had a profound impact on Montás's life. In doing so, the book drives home what it's like to experience a liberal education—and why it can still remake lives.

Sonic the Hedgehog Encyclo-speed-ia Ian Flynn,SEGA,2021-12-14 Celebrate Sonic the Hedgehog's 30th anniversary with a full-color hardcover historical retrospective that explores nearly every one of the blue speedster's video game appearances! Dark Horse Books and SEGA present the Sonic the Hedgehog Encyclo-Speed-ia--a must-have volume for any fan of Sonic, young or old!

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Modern Popular Theatre Jason Price,2016-09-05 This book offers a concise history of popular theatre since the early twentieth century. Using key popular culture theories and critical perspectives, Jason Price analyses popular theatres across different cultural and political contexts, drawing on a diverse range of international artists and theatre-makers who have worked with popular forms, including Vsevolod Meyerhold, Blue Blouse, Bertolt Brecht, Erwin Piscator, the San Francisco Mime Troupe, the Bread and Puppet Theatre and more. As well as defining what 'popular' means in relation to performance and the audiences who watch it, the book considers some of the political frameworks and causes that popular theatre has been placed in service of, such as socialism, the New Left and the gay rights movement. It also addresses the uses of cabaret, puppetry and circus outside their native popular contexts, examining the role they play in avant-garde and experimental theatre practices. In doing so, Price encourages readers to look beyond popular theatre as a simple form of entertainment and to consider its potential as a form of political activism, as a community-builder, and as a valuable tool for artistic experimentation.

The Simpsons and Their Mathematical Secrets Simon Singh,2013-10-29 You may have watched hundreds of episodes of The Simpsons (and its sister show Futurama) without ever realising that they contain enough maths to form an entire university course. In *The Simpsons and Their Mathematical Secrets*, Simon Singh explains how the brilliant writers, some of the mathematicians, have smuggled in mathematical jokes throughout the cartoon's twenty-five year history, exploring everything from Mersenne primes, from Euler's equation to the unsolved riddle of P vs. NP, from perfect numbers to narcissistic numbers, and much more. With wit, clarity and a true fan's zeal, Singh analyses such memorable episodes as 'Bart the Genius' and 'Homer3' to offer an entirely new insight into the most successful show in television history.

Kagerou Daze, Vol. 1 (manga) JIN (SHIZEN NO TEKI P),2015-04-21 This is the story of August 14 and 15. Shintaro Kisaragi--self-appointed guardian of his domestic domain--has refused to leave the comfort of his room for two whole years. But Shintaro's life is about to take an unexpected turn when his computer crashes and he is forced to venture into the world he was happy to shut out forever...and stumbles right into the middle of a hostage situation!

Kagerou Daze, Vol. 3 (light novel) Jin (Shizen no Teki-P),2016-01-26 The past is never really gone. On a certain summer day, a certain boy and girl meet. What is it that lurks behind the strange experience they chance to have? What is the link that connects all of this? The truth is finally coming to light, but can the Mekakushi-dan, armed with only their eyes, solve the riddle? The third novel from Internet phenomenon and multimedia creator JIN is here!

White Pearl Anchuli Felicia King,2019 A play about the skin-lightening cosmetics industry in Singapore.

I Feel Jealous Stephanie Finne,2021-06-15 In this book, readers will learn about jealousy and envy in themselves and others, how and why they feel it, how to best respond to it, and how to communicate these feelings. Social and emotional learning (SEL) concepts support growth mindset throughout, while Try This! and Grow with Goals activities at the end of the book further reinforce the content. Vibrant, full-color photos and carefully leveled text engage young readers as they learn more about states of mind, moods, and emotions. Also includes sidebars, a table of contents, glossary, index, and tips for educators and caregivers. I Feel Jealous is part of Jump!'s States of Mind series.

suggestions for writing and illustrating your own story.
ShortPacked! David Willis,2012 Shortpacked! is set in a toy store.

Curating Digital Art Annet Dekker,2021-09-21 What is the role of the curator when organizing digital art exhibitions in offline and online spaces? Analyzing the influence and impact of curating digital art, the book focuses on how the experiments of curators, artists and designers opened the possibility to reconfigure traditional models and methods for presenting and accessing digital art. In the process, it addresses how web-based practices challenge certain established museological values and precipitate alternative ways of understanding art's stewardship, curatorial responsibility, public access and art history. Through more than twenty interviews with artists and curators in the course of the last ten years, and flanked by an extensive timeline, the reader of this publication is given an insight into the discourse on digital art and its curation today.
