**The Fate of the Dwarves** Markus Heitz,2012-08-07 The dwarves are going to battle for the last time. There has been no word from the courageous warrior Tungdil since the bitter struggle at the Black Abyss. Dragons, magicians, and the cruel élfar have advanced far into the kingdom Girdlegard, ruthlessly seizing vast areas of land. It seems that the dwarves are facing their next battle with very little hope of survival. But then the inexplicable happens; a dwarf warrior dressed in black armor returns from the abyss -- with a formidable army in tow. This warrior calls himself Tungdil, and for his most loyal friend Ireheart and his allies, this means a new hope. But soon doubts begin arise . . . Could this really be Tungdil the dwarf, or is this warrior following his own dark agenda? It is a question of the future of Girdlegard -- and the future of all the dwarves. In the final installment of this spectacular fantasy epic, the greatest of the dwarves' adventures begins . . .

**Dwarf Warfare** Chris Pramas,2017-12-15 Despite their short stature, dwarves are among the fiercest and most feared fighters of all the races. From an initial examination of the fighting methods of the individual dwarf soldier, this volume expands its focus to look at how they do battle in small companies and vast armies. It covers all of their troop types from the axemen that form the front lines of battle to their deadly accurate crossbowmen. Also examined are their tactics in specific situations such as underground fighting and combat in mountainous terrain. Finally, the book examines a few specific battles in great detail in order to fully demonstrate the dwarven way of war.

**Diaries of a Dwarven Rifleman** Michael Tinker Pearce,Linda Pearce,2023-11-30 Engvyr is still young as his people, the Dwarves, reckon things, but he is already a distinguished veteran of the elite Dwarven rifle regiments and a Ranger of the Mountain Guards. Now he wants nothing more than to make a place for himself, perhaps settle down and raise a family. But when a new enemy rises in the North, he finds himself at the center of the conflict, with not merely the freedom of his people but the fate of all of humanity hanging the balance... and the habit of heroism is a hard one to break. In *Dwarven Rifleman*, magic, science and technology work hand-in-hand to create a new kind of fantasy world. Told with humor and humanity, it is a story of sweeping events seen from a ground-level perspective by people living in and shaping the unique history of their world.

**Vengeance of the Iron Dwarf** R. A. Salvatore, 2015-03-03 The War of the Silver Marches rages across the Forgotten Realms in this unforgettable final episode in the *Companions Codex*. The reunited Companions of the Hall are separated once more—thrown to the far corners of a war that's bigger than any of them realized. They fight for the safety of Mithral Hall, but it's their own souls, and the soul of Faerûn itself, that truly hangs in the balance. In the dreaded depths of the Underdark, Regis and Wulfgar seek shelter in the fabled Silverymoon, from which they can launch a series of daring new raids. The rest of the Companions reside at the besieged Mithral Hall, where new friends arrive on a mission of mercy—if such an emotion can rest in the heart of a dragon. Meanwhile, the orc warlord Hartusk turns his savage horde on Everlund, one of the great cities of the Silver Marches. Though it stretches his forces thin, it's a move that could help him achieve his goal of becoming the master of the North. But Hartusk's treacherous dwarf allies have a different goal. They want nothing except the death of Drizzt Do'Urden—even if it comes at the cost of human, dwarf, elf, and orc lives. The world is cloaked in darkness and blood runs in rivers across the North; orc hordes rage on and cities fall under

brutal siege; old friendships are tested and new alliances are forged. But in the end, it may come down to a single dark elf choosing life over death, forgiveness over vengeance, law over chaos . . . peace over war. Vengeance of the Iron Dwarf is the third book in the Companions Codex and the thirtieth book in the Legend of Drizzt series.

Yet this murderer is one of many, a member of a group of killers who call themselves the Skinsaw Men and have adopted an ancient magic involving the seven deadly sins. The PCs must travel to the bustling city of Magnimar to unravel the truth behind the rune, but in so doing may become prime suspects in the killings themselves!
