Food Routes Robyn Metcalfe, 2020-12-08 Finding opportunities for innovation on the path between farmer and table. Even if we think we know a lot about good and healthy food—even if we buy organic, believe in slow food, and read *Eater*—we probably don't know much about how food gets to the table. What happens between the farm and the kitchen? Why are all avocados from Mexico? Why does a restaurant in Maine order lamb from New Zealand? In *Food Routes*, Robyn Metcalfe explores an often-overlooked aspect of the global food system: how food moves from producer to consumer. She finds that the food supply chain is adapting to our increasingly complex demands for both personalization and convenience—but, she says, it won't be an easy ride. Networked, digital tools will improve the food system but will also challenge our relationship to food in anxiety-provoking ways. It might not be easy to transfer our affections from verdant fields of organic tomatoes to high-rise greenhouses tended by robots. And yet, argues Metcalfe—a cautious technology optimist—technological advances offer opportunities for innovations that can get better food to more people in an increasingly urbanized world. Metcalfe follows a slice of New York pizza and a club sandwich through the food supply chain; considers local foods, global foods, and food deserts; investigates the processing, packaging, and storage of food; explores the transportation networks that connect farm to plate; and explains how food can be tracked using sensors and the Internet of Things. Future food may be engineered, networked, and nearly independent of crops grown in fields. New technologies can make the food system more efficient—but at what cost to our traditionally close relationship with food?

Of Corpse Peter Narvaez, 2003-07 Laughter, contemporary theory suggests, is often aggressive in some manner and may be prompted by a sudden perception of incongruity combined with memories of past emotional experience. Given this importance of the past to our recognition of the comic, it follows that some traditions dispose us to ludic responses. The studies in *Of Corpse: Death and Humor in Folklore and Popular Culture* examine specific interactions of text (jokes, poetry, epitaphs, iconography, film drama) and social context (wakes, festivals, disasters) that shape and generate laughter. Uniquely, however, the essays here peruse a remarkable paradox—the convergence of death and humor.

Lotería Huasteca Alec Dempster, 2015-07-30 Home to an ethnically and linguistically diverse population, the Huasteca region of Eastern Mexico defies geographic and political boundaries and is instead known for its kaleidoscope of indigenous cultures rich in traditional art, music and dance. In *Lotería Huasteca*, author, visual artist and musician Alec Dempster illustrates the traditions and music of the Huasteca region with a series of woodblock prints and accompanying explanatory texts that capture the style and history of the region and its people. Organized in the form of the popular household game of *lotería*, Dempster's words and images provide a fascinating mix of cultural reference, music history and artwork, which together form an educational game that imparts a tantalizing taste of the vibrant and diverse world of the Huasteca.

Adam Smith: An Enlightened Life Nicholas T. Phillipson, 2010-10-05 Nicholas Phillipson's intellectual biography of Adam Smith shows that Smith saw himself as philosopher rather than an economist. Phillipson shows Smith's famous works were a part of a larger scheme to establish a Science of Man, which was to encompass law, history, and aesthetics as well as economics and ethics. Phillipson explains Adam Smith's part in the rapidly changing intellectual and commercial cultures of Glasgow and Edinburgh at the time of the Scottish Enlightenment. Above all Phillipson explains how far Smith's ideas developed in dialog with his closest friend David Hume. --Publisher's description.

Fascination David Hinds, 2016-02-08 May 1968. Paris is awash with violence and public unrest. In a small cinema, where a surreal film is showing, another riot is taking place. Here, the enraged audience smashes up the auditorium, tear out the seats, and chase the film's director onto the street. This is the premiere of Jean Rollin's feature debut, *The Rape of the Vampire*. An outsider of French cinema, Rollin's films are unique and dreamlike. They offer tales of mystery and nostalgia, obsolescence and seductive female vampires with a thirst for blood and sex. It is a cinema at once strange, evocative and deeply personal. Funding his own projects, Rollin defiantly made the films he wanted to make and in so doing created a fantastique genre unlike any other. *The Nude Vampire*, *The Living Dead Girl* and *The Grapes of Death* are among those films now celebrated as the work of an auteur, one who confounds preconceived notions of 'Eurotrash' cinema. This book is devoted to the director and all his work, across all genres, including a nascent French hardcore pornographic film industry. Written with full co-operation from Jean Rollin, shortly before his death in 2010, it contains exclusive interviews and archive material.

Deliverance from Witchcraft The Woman called Moses, 2018-06-09 This book is an expos from Gods record in the Bible of what is happening in the spiritual realm that is causing families and nations to be torn apart. God states that he is against manipulation and oppression and calls it witchcraft. The book awakens ones awareness of the contrasts of darkness versus light. It addresses modern-day family dynamics and outlines my personal journey as a victim of manipulation and how I was able to overcome it when I accepted Jesus Christ, the light of the world, as my personal Savior. My Heavenly Father warned me through a series of dreams and visions about the devils plans to destroy my life and taught me through his precious Holy Spirit how to overcome it. This is my opportunity to expose the plans that the devil has for families nationwide and worldwide, thereby giving those who have lost their way an opportunity to receive healing, deliverance, and restoration.

Murder by Design: The Unsane Cinema of Dario Argento Troy Howarth, This book covers the films of Dario Argento, Italy's acknowledged master of horror and suspense, has made a career out of exploring the macabre poetry of images of violent death. He did not, however, set out to be a filmmaker. He established himself early on as a progressive voice in film criticism-lavishing praise on directors like Sergio Leone, who had yet to receive their due from the Italian critical establishment. His efforts attracted the attention of Leone himself, who invited the young critic to help develop the story for his next feature. The end result, Once Upon a Time in the West, is often cited as a masterpiece-and from there, Argento went on to enjoy success as a screenwriter before making the all-important switch to directing. His directorial debut, The Bird with the Crystal Plumage, became a major hit and helped to popularize the floundering genre of Italian thrillers, also known as gialli. In the years since, Argento has established a high profile as one of Italian cinema's most commercially successful artists, earning a level of celebrity which is almost unheard of among film directors. His filmography includes such beloved gems as

Deep Red, Suspiria, Inferno, and Phenomena, as well as more hotly-debated titles like The Stendhal Syndrome, The Phantom of the Opera, Sleepless, and Mother of Tears. Murder by Design: The Unsane Cinema of Dario Argento explores the full scope of his work as a writer, a producer, and a director. Lavishly illustrated and with newly conducted interviews with Dario Argento, as well as such colleagues as actress (and daughter) Fiore Argento, actress Sally Kirkland, actress Irene Miracle, composer Claudio Simonetti, and cinematographer Luciano Tovoli, the book provides a comprehensive overview of Argento's life, career, and rich cinematic legacy.

Riccardo Freda Roberto Curti, 2017-03-21 In an eclectic career spanning four decades, Italian director Riccardo Freda (1909-1999) produced films of remarkable technical skill and powerful visual style, including the swashbuckler Black Eagle (1946), an adaptation of Les Misérables (1947), the peplum Theodora, Slave Empress (1954) and a number of cult-favorite Gothic and horror films such as I Vampiri (1957), The Horrible Dr. Hichcock (1962) and The Ghost (1963). Freda was first championed in the 1960s by French critics who labeled him "the European Raoul Walsh," and enjoyed growing critical esteem over the years. This book covers his life and career for the first time in English, with detailed analyses of his films and exclusive interviews with his collaborators and family.

Antoine of Oregon : A Story of the Oregon Trail James Otis, 1912 Antoine of Oregon : A Story of the Oregon Trail The author of this series of stories for children has endeavored simply to show why and how the descendants of the early colonists fought their way through the wilderness in search of new homes. The several narratives deal with the struggles of those adventurous people who forced their way westward, ever westward, whether in hope of gain or in answer to the call of the wild, and who, in so doing, wrote their names with their blood across this country of ours from the Ohio to the Columbia. To excite in the hearts of the young people of this land a desire to know more regarding the building up of this great nation, and at the same time to entertain in such a manner as may stimulate to noble deeds, is the real aim of these stories. In them there is nothing of romance, but only a careful, truthful record of the part played by children in the great battles with those forces, human as well as natural, which, for so long a time, held a vast 4 portion of this broad land against the advance of home seekers. With the knowledge of what has been done by our own people in our own land, surely there is no reason why one should resort to fiction in order to depict scenes of heroism, daring, and sublime disregard of suffering in nearly every form.
