The fast-play rules keep all the players in the thick of the action, while the mission generator provides a wide range of options for scenarios – from stealthy extraction or surveillance missions to more overt raids and assaults. Stealth, combat, and technical expertise all have a role to play, and players may recruit a number of different operative types – spies, mercenaries, criminals, hackers, special forces, and many more – to recruit the best possible team for the job. Players may also choose to join a faction – powerful organizations, intelligence agencies, criminal syndicates, militaries, or rebel groups, each with a stake in international affairs. By doing so, their team may receive certain benefits, but may also find itself limited at a crucial time. With the variety offered by the characters, factions, and scenarios, no two games of Black Ops should ever be the same!
