On Paper Nicholas A. Basbanes, 2014-07-01 A Best Book of the Year: Mother Jones • Bloomberg News • National Post • Kirkus In these pages, Nicholas Basbanes—the consummate bibliophile’s bibliophile—shows how paper has been civilization’s constant companion. It preserves our history and gives record to our very finest literary, cultural, and scientific accomplishments. Since its invention in China nearly two millennia ago, the technology of paper has spread throughout the inhabited world. With deep knowledge and care, Basbanes traces paper’s trail from the earliest handmade sheets to the modern-day mills. Paper, yoked to politics, has played a crucial role in the unfolding of landmark events, from the American Revolution to Daniel Ellsberg’s Pentagon Papers to the aftermath of 9/11. Without paper, modern hygienic practice would be unimaginable; as currency, people will do almost anything to possess it; and, as a tool of expression, it is inextricable from human culture. Lavishly researched, compellingly written, this masterful guide illuminates paper’s endless possibilities.

The Demon of Writing Ben Kafka, 2020-03-10 A history and theory of the powers, the failures, and even the pleasures of paperwork. Since the middle of the eighteenth century, political thinkers of all kinds—radical and reactionary, professional and amateur—have been complaining about “bureaucracy.” But what, exactly, are they complaining about? In *The Demon of Writing*, Ben Kafka offers a critical history and theory of one of the most ubiquitous, least understood forms of media: paperwork. States rely on records to tax and spend, protect and serve, discipline and punish. But time and again, this paperwork proves to be unreliable. Examining episodes that range from the story of a clerk who lost his job and then his mind in the French Revolution to an account of Roland Barthes's brief stint as a university administrator, Kafka reveals the powers, the failures, and even the pleasures of paperwork. Many of its complexities, he argues, have been obscured by the comic-paranoid style that characterizes much of our criticism of

bureaucracy. Kafka proposes a new theory of what Karl Marx called the “bureaucratic medium.” Moving from Marx to Freud, he argues that this theory of paperwork must include both a theory of praxis and of parapraxis.

Oriental Love Poems, 2003 Then let us pledge a friendship without human ties And meet again at the far end of the Milky Way. Li Po, translated by Joseph Lee The ancient poets of the Far East have such a way with words and mental images. And so it is with the art from that region. *Oriental Love Poems* successfully entwines the two in a visual and poetic feast for the senses. This splendid anthology of love poetry makes a beautiful gift book. The volume comes lavishly illustrated in colors of the Oriental palette: lacquer blacks and reds, delicate jade greens, and kingfisher blues. Twelve pieces of intricate three-dimensional origami grace the book's interior; the jacket includes origami as well. Each paper-folded figure's symbolism is explained, while the poetry further expands the themes of the picturesque representations of love, passion, and commitment that characterize intimate Eastern expression. The subtlety and tenderness, the reflection and gentleness that emanate from these poems cannot be missed. The artworks' creativity and precision pull readers back again and again. This collection can be given and enjoyed at a variety of levels, promising a broad appeal with readers everywhere.

Testament of Friendship Vera Brittain, 2012-03-22 WRITTEN WITH A NEW INTRODUCTION BY MARK BOSTRIDGE In her bestselling first volume of autobiography, *Testament of Youth*, Vera Brittain passionately recorded the agonising years of the First World War, lamenting the destruction of a generation which for her included those she most dearly loved - her lover, her brother and her closest friends. In *Testament of Friendship* Brittain tells the story of the woman who helped her survive those tragic years - the writer Winifred Holtby. They met at Somerville College, Oxford, immediately after the war. Their friendship continued through Vera's marriage and their separate but parallel writing careers until Winifred's untimely death at the age of thirty-seven. When she died, her fame as a writer was about to reach its peak with the publication of her greatest novel, *South Riding*. A moving record

of a friendship between two women of courage, determination and intelligence and a wonderful portrait of a lifelong love. Testament of Friendship now takes its rightful place as a Virago Modern Classic.
