- 📖 **BENTLEY 4 1/2 Litre Owners’ Workshop Manual** Richard May,2017-07-13 The 4 1/2 litre Bentley is one of the most iconic pre-war cars, and the super charged 4 1/2 litre “blower” Bentley is today one of the most sought-after and most valuable cars for collectors. The “Bentley Boys” won several high-profiles races in Bentleys, and Woolf Barnato and Bernardo Rubin won with a 4 1/2 litre car in 1928. Five supercharged “blower” Bentleys were built to compete at Le Mans, but the car’s Achilles heel was its reliability, and it never won the 24-hour race. This manual provides details of the 4 1/2 litre unsupercharged and “blower” Bentley racing cars, detailing their period racing history, anatomy and engineering, and provides an insight into owning, maintaining, and running an example of this iconic card today. Illustrated with period photographs and design and engineering material, plus photographs of restored examples in use today.
- 📖 **Bentley 4 1/2 Litre** Michael Hay, 1990
- 📖 **Bentley 3 1/2 & 4 1/4 Litre 1933-40 In Detail** Nick Walker,2003-04-25 A history, description and analysis of the 3 1/2 and 4 1/2 litre Bentleys built by Rolls-Royce during the 1930s following their surprise takeover of Bentley Motors early in the decade. Promoted as the silent sports car, these cars proved to be an extraordinary success due to their performance and manners, the excellence of their engineering and construction, the wonderfully attractive coachwork offered on the Bentley chassis, and the association of the Bentley with the illustrious reputation of Rolls-Royce. After outlining the story of Bentley Motors and the Rolls-Royce takeover, the author gives a thoroughgoing account of Rolls-Royces search for a car with which to relaunch Bentley before the earlier glories began to fade. Then he gives a highly detailed technical analysis of the 3 1/2 litre, covering every aspect of the chassis, running gear, engine and transmission. This is followed by equivalent coverage of the succeeding 4 1/2 litre and the short-lived Mark V. Each of these receives comprehensive treatment, including information on differences from previous models, revisions, the range of bodies available from coachbuilders, performance and behavior, and appearances in competitive events. There are also chapters on using the cars today and on the practicalities of ownership, with advice on parts availability, maintenance and preservation. The 70 color photographs, some of them specially commissioned, feature outstanding examples of the coachbuilders art, and are backed up by some 140 images from the archives.

- 📖 **100 Years of Bentley** Andrew Noakes,2019-10-01 One of the most recognised and revered car brands, Bentley celebrates its centenary in 2019. In conjunction with the Bentley Drivers Club and the W.O. Bentley Memorial Foundation, 100 Years of Bentley is a lavish celebration of the company, from its earliest models right up the modern day cars. A six-times winner in the gruelling Le Mans 24-hour race, Bentley is also the brand behind iconic cars such as the 4 1/2-litre ‘blower’, the R-type Continental, and modern classics such as the Continental GT and Mulsanne. Featuring more than 200 pictures, many from the club’s archives and some never seen in print before, this beautiful book details the whole history of Bentley. From W.O. Bentley’s early days as a railway engineer along with his first attempts at modifying French DFP cars, to the company’s early racing exploits, including its victories in the early Le Mans races. Covering the Bentley brand’s revival in the 1980s and renewed impetus when it was acquired by the Volkswagen group, the story is brought up to date with the awesome new Bentleys built for the 21st century and the new era of electrification just around the corner.
