With no cutting and no pasting, Park is able to incorporate the details on the bills into his model designs. His designs include a wide array of vehicles, animals, and mythical creatures. In this book, step-by-step instructions are provided for 20 distinct models that are bound to challenge even the most proficient folders. The challenge includes a Formula 1 race car, a toilet, a butterfly, a koi fish, a scorpion, a sea turtle, a fox, an ox, a marlin, a car, a praying mantis, a dragon, a spider, a stag beetle, a stegosaurus, a bat, Pegasus, a fighter jet, a battle tank, and a pig. All models can be made with either one or two dollar bills. Why worry about the declining value of the U.S. dollar?
