Akira Yoshizawa, Japan's Greatest Origami Master  
Akira Yoshizawa, 2016-10-11 This collection of projects by the father of modern origami contains detailed instructions for 60 of the master's original works. Master origami artist Akira Yoshizawa was a true innovator who played a seminal role in the rebirth of origami in the modern world. He served as a bridge between past and present—between the ancient traditional craft and the development of origami as a modern practice—in terms of inventing new techniques and in preserving the traditional Japanese forms. In fact, the notational system of diagrams widely used today to indicate how models are folded was largely invented by him. Above all, Yoshizawa was responsible for elevating origami to the status of an art form. This beautiful origami book is the first comprehensive survey of the extraordinary work of Akira Yoshizawa. In addition to 60 models from his private collection, it features over 1,000 original drawings by the artist, and English translations of his writings in Japanese on origami, all of which are published here for the very first time. Origami projects include: The Koinobori and the Helmet Butterflies of Every Kind Fairy Tale Crowns and Caps The Lion Mask The Tengu Masks and many more! Akira Yoshizawa also contains an explanation of the Master's personal philosophy of origami by Yoshizawa's widow, Kiyo Yoshizawa and an insightful introduction from Robert Lang, a leading artist and exponent of origami art in the West.

Readers are guided through all aspects of the medium, from fundamental techniques including wet-on-wet, glazing, and washes; materials and supplies; and little known tips and tricks for getting the most out of watercolor (for example, just sprinkling a little salt on your painting creates a texture that's impossible to achieve with a brush.) *Brandwashed* Martin Lindstrom, 2011-09-28 A shocking insider's look at how global giants conspire to obscure the truth and manipulate our minds. Marketing visionary Martin Lindstrom has been on the front lines of the branding wars for over twenty years. Here, he turns the spotlight on his own industry, drawing on all he has witnessed behind closed doors, exposing for the first time the full extent of the psychological tricks and traps that companies devise to win our hard-earned dollars. Picking up from where Vance Packard's bestselling classic, *The Hidden Persuaders*, left off more than half-a-century ago, Lindstrom reveals: New findings that reveal how advertisers and marketers intentionally target children at an alarmingly young age - starting when they are still in the womb! Shocking results of an fMRI study which uncovered what heterosexual men really think about when they see sexually provocative advertising (hint: it isn't their girlfriends). How marketers and retailers stoke the flames of public panic and capitalize on paranoia over global contagions, extreme weather events, and food contamination scares. The first ever neuroscientific evidence proving how addicted we all are to our iPhones and our Blackberry's (and

the shocking reality of cell phone addiction - it can be harder to shake than addictions to drugs and alcohol). How companies of all stripes are secretly mining our digital footprints to uncover some of the most intimate details of our private lives, then using that information to target us with ads and offers 'perfectly tailored' to our psychological profiles. How certain companies, like the maker of one popular lip balm, purposely adjust their formulas in order to make their products chemically addictive. What a 3-month long guerrilla marketing experiment, conducted specifically for this book, tells us about the most powerful hidden persuader of them all. And much, much more. This searing expose introduces a new class of tricks, techniques, and seductions - the Hidden Persuaders of the 21st century- and shows why they are more insidious and pervasive than ever.

**Barry Sheene** Rick Broadbent, 2017-05-04 Barry Sheene is arguably the greatest British motorcycle racing rider of all time. A chancer, lovable rogue and the leading sports star of his era, adored by the public and press alike, he won two world motorcycle championships - in 1976 and 1977. He achieved iconic status by being involved in some horrific crashes and was dubbed 'the bionic man' on account of the amount of metal used to reconstruct his legs after a particularly bad accident. He emigrated to Australia in 1987 where he became a celebrated motorsport commentator. His premature passing in 2003 robbed motorsport of one of its greatest characters. For the first time, Barry's family have agreed to open up their personal archive to give an unprecedented insight into the

two- time 500cc world champion. Through more than 120 previously unpublished personal photographs, Times journalist and award-winning author Rick Broadbent tells the story of a remarkable sports star. Published to mark the 40th anniversary of his second world championship win, this is a unique pictorial account of a life lived at full throttle and is an intensely personal look at a racer, legend, husband and father.

liberal New England college campus is a peculiar place for a girl to grow up in this “lovable, psychologically intricate [and] bittersweet farce” (The New York Times Book Review). Massachusetts, 1970s. Born to a pair of “bleeding heart” professors who live on campus as dorm parents, Frederica Hatch soon finds herself the unofficial mascot of Dewing College. Life is so ideal that by the time she becomes a teenager, Frederica finds herself chafing under the care of the most annoyingly evenhanded parental team in the history of civilization. But she’s about to learn that life isn’t as simple or idyllic as it seems—even amid the manicured lawns of a small women’s college like Dewing. A new dorm parent has just arrived on campus. Laura Lee French is glamorous, worldly, and the former wife of Frederica’s father. Suddenly, Frederica sees her parents’ lives—and by extension her own—in a whole new light. “May be Lipman’s best work so far... Every page offers laugh-out-loud dialogue.”—The Seattle Times

There are stories in Saints Around the World for when you feel like life isn't fair, when people are being unkind to you, when you've made a terrible mistake, when you're struggling at school, when prayer is hard. And there are stories of shouting down Nazis, of fleeing a murderous villain, of making scientific discoveries, of smoking a cigar while enemy soldiers amputate your leg. There are scared Saints, brilliant Saints, weak Saints, adventurous Saints, abused Saints, overjoyed Saints, disabled Saints—and the point of every one of them is the love of God. Whether you're
