*Tat** Andy Altmann, 2020-11-30 *Tat** is a bit of a graphic designer's curse. Walk into any design studio and you will see tat pinned to the walls or placed with loving care on top of a computer screen. Even the purist will have a secret cache hidden away somewhere. Andy Altmann began collecting tat while he was on his Foundation course, getting ready for an interview at St Martins School of Art. He'd been asked to present a sketchbook, but worried that he couldn't draw very well, he decided to start a scrapbook: I rummaged through the drawers at home and found some football cards from the late 1960s and early '70s (plenty of Georgie Best), an instruction leaflet from an old Hoover, Christmas cracker jokes, and so on. Then I started on the magazines, cutting out images of anything that interested me. And finally I took myself off to the college library, where I photocopied things from books before reaching for the scissors and glue. It was the beginning of a significant collecting habit. So what it is that makes a piece of graphic tat interesting? Is it the 'retro' thing - a fascination with a bygone age, the primitive printing techniques, the naivety of the design, or the use of color? All of the above, of course, but it's not quite that simple. Occasionally people offer me something they've found that they think I might like, says Andy. But

usually they're wrong - it doesn't excite me at all. The magic is missing. To a graphic designer, most the content of this book can safely be regarded as 'bad' design. But there is some magic in each and every piece that has made Andy either pick it up off the street, trail through online links, or enter some dodgy looking shop on the other side of the world just to snap it up. Here you'll find everything from sweet wrappers to flash cards, from soap powder boxes to speedway flyers, from wrestling programmes to bus tickets. More tat than you can shake a stick at. Taken together, it represents a lifetime of gleeful hunting and gathering. * tat (noun) - anything that looks cheap, is of low quality, or in bad condition; junk, rubbish, debris, detritus, crap, shite

Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.
