The Winchesters James Lincoln Collier, 2013-02-01 Fourteen-year-old Chris Winchester is torn between two worlds. By birth, he's part of the indomitable Winchester clan, owners of the enormous electronics factory that employs nearly everyone in town. Yet Chris' father gave up his stake in the business to work for the Peace Corp. When he died, Chris, his mother, and his twin sisters moved into a tiny gatehouse on the Winchester estate—poor relations living on family goodwill. While his cousin Ernest is groomed to take over the family fortune, Chris attends public school and makes friends with the kids in town. He can't understand why a crisis at his uncle's factory makes people suddenly hate him, but a wage cut and a threatened strike have everyone's nerves on edge. In the eyes of the townspeople, Chris is guilty by association, for he bears the Winchester name. When things turn ugly, Chris discovers that his family can get very tough. Power is like a muscle, his uncle

explains, and it must be flexed to keep it strong. Chris senses that power can be used to destroy, as well. In spite of himself, Chris is drawn into the inner circle of the Winchester clan. Suddenly he realizes that part of the Winchester wealth might be his one day. Being rich sounds exciting, but his uncle's protection is not without its price, and Chris' conscience is uneasy. As he journeys toward adulthood he is faced with some difficult questions: where does he belong, and whose side is he on?

Alsip Patrick E. Kitching and Susan L. Bruesch, 2014 The village of Alsip got its name from the area's first big business, Frank Alsip's Brickyard. Although Alsip is now known for its tight-knit neighborhoods and large industrial community, it was not always so. Recorded area history goes back to the 1600s, when a Catholic mission stood at 122nd and Loveland Streets, and the first European settlers began farming the area in the 1800s. The historic farmhouse featured on the front cover was homesteaded by DeWitt and Amy Baxter Lane in 1835. Area maps identified this homestead as Lanes Island because it was surrounded by marshy swamps. DeWitt's father, Joseph, opened a smithy along a busy Indian trail that passed by Lanes Island and worked until he died in 1839. The tough-as-nails pioneers featured in *Images of America: Alsip* drained the swampland, which gave rise to a future of fertile farming, eventually leading to the first Village of Alsip board meeting, held on April 26, 1927.

Notes from the Hyena's Belly Nega Mezlekia, 2015-04-07 In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, *Notes from the Hyena's Belly* offers an

unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.

Leadership for a Better World NCLP (National Clearinghouse for Leadership Programs),2016-11-14 The essential guide to the theory and application of the Social Change Model

Leadership for a Better World provides an approachable introduction to the Social Change Model of Leadership Development (SCM), giving students a real-world context through which to explore the seven C's of leadership for social change as well as approaches to socially responsible leadership. From individual, group, and community values through the mechanisms of societal change itself, this book provides fundamental coverage of this increasingly vital topic. Action items, reflection, and discussion questions throughout encourage students to think about how these concepts apply in their own lives. The Facilitator's Guide includes a wealth of activities, assignments, discussions, and supplementary resources to enrich the learning experience whether in class or in the co-curriculum. This new second edition includes student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students, and has shaped college leadership curricula at schools throughout the U.S. and other countries including a translation in Chinese and Japanese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. Leadership for a Better World provides a thorough, well-rounded tour of the Social Change Model, with

guidance on application to real-world issues. Please note that The Social Change Model: Facilitating Leadership Development (978-1-119-24243-7) is intended to be used as a Facilitator's Guide to Leadership for a Better World, 2nd Edition in seminars, workshops, and college classrooms. You'll find that, while each book can be used on its own, the content in both is also designed for use together. A link to the home page of The Social Change Model can be found below under Related Titles.
