*US Combat Shotguns* Leroy Thompson, 2013-08-20 When a soldier must face multiple opponents at close quarters, few weapons can match the effectiveness of the shotgun. From World War I to the War on Terror, the shotgun has been a devastating weapon in the hands of US troops. For urban combat, prisoner control and shipboard operations, it remains as deadly today as it was a century ago. This book examines various types, from the early combat shotguns through to the riot gun and trench gun versions used in World War I. So effective was the trench shotgun, the Germans complained it violated the "Rules of War" as an inhumane weapon, and threatened to execute troops captured carrying one. More recently during the War on Terror, shotguns have been used to clear cave complexes in Afghanistan and buildings in Iraq, but especially to blow doors open during entries and searches. Featuring specially commissioned full-color artwork, this is the story of the origins, development and the use of the combat shotgun in US service, from the trenches of World War I, to the Korean and Vietnamese Wars and lately the cave complexes of Afghanistan.

**Warhammer 40,000 ,**

**Judge Dredd: Judgment Day** Garth Ennis, Carlos Ezquerro, Peter Doherty, Dean Ormston, 2005-02 He is a nightmare that the Psi-Judges didn't predict, and that even Judge Dredd cannot prevent. If his vile plan succeeds, the world will never be the same again. His name is Sabbat, he has the power to raise the dead - and he's already here. While Mega-City One fights for survival, Dredd must find and terminate Sabbat. But help is coming from an unexpected source - the future mutant bounty hunter and Strontium Dog

Johnny Alpha, hot on the necromancer's trail!

**The Red Rose and the White** John Sadler, 2014-01-14 If Richard III had not charged to his death at Bosworth, how different might the history of Britain have been? Beginning in 1453 and ending in 1487, The Red Rose and the White provides a gripping overview of the bitter dynastic struggle for supremacy that raged between the houses of York and Lancaster for thirty years, culminating in the dramatic events on Bosworth Field in 1485. As well as offering a comprehensive account of the campaigns, battles and sieges of the conflict, the book also assesses the commanders and men involved and considers the weapons and tactics employed. Photographs, maps and portraits of the principal characters help to bring the period to life, whilst the fast-paced narrative conveys a sense of what it was actually like to fight in battles such as Towton or Tewkesbury the effect of the arrow storm and the grim realities of hand-to-hand combat with edged and bladed weapons. Skilfully weaving in political and social events to place the conflict in its context, The Red Rose and the White is a fascinating exploration of the turbulent period that would change the course of British history forever.

**The Battleship HMS Duke of York** Witold Koszela, 2014 HMS Duke of York was the third of the King George V class battleships to be built after a lull in battleship design and construction following the signing of the Washington Naval Treaty. The battleship was laid down on May 5, 1937 at John Brown & Company Limited, Shipbuilding & Engineering Works in Clydebank, Scotland. She was commissioned four and a half years later, on November 4, 1941.

Encyclopedia of the Wars of the Roses John A. Wagner, 2001-07-12 This authoritative

A-Z encyclopedia of the Wars of the Roses provides accurate and concise descriptions of the major battles and events and the principal historical figures and issues involved. For centuries, historians agreed about the Wars of the Roses, seeing them as four decades of medieval darkness and chaos, when the royal family and the nobility destroyed themselves fighting for control of the royal government. Even Shakespeare got into the act, dramatizing, popularizing, and darkening this viewpoint in eight plays. Today, based on new research, this has become one of the most hotly controversial periods in English history. Historians disagree on fundamental issues, such as dates and facts, as well as interpretation. Most argue that the effects of the wars were not as widespread as once thought, and some see the traditional view of the era as merely Tudor propaganda. A few even claim that England during the late 15th century was a society organized for peace. Historian John A. Wagner brings readers up to date on the latest research and thinking about this crucial period of England's history.

**Outer Dark** Robbie MacNiven, 2018-09-18 With tyrannid hive fleets approaching, the Carcharodons make a stand on the world of Piety V. If they can stop the xenos here, they will be able to end the menace before it begins. The Carcharodons' remit is an unenviable one - this Chapter of Space Marines plies the dark areas of space, endlessly hunting down the enemies of mankind. Living on the edge, with no fixed base of operations, they are creatures shaped by their environment, renowned for their ruthlessness and their brutality. With a fresh wave of tyrannid hive fleets approaching the galactic plane, the Carcharodons decide to use the world of Piety V as a bulwark. If they can stop the xenos here, they will be able to end the menace before it begins. But as they mobilise the

planet's defenders and fight the tyrannids, the Carcharodons come to learn what the value of mankind truly is.

*The Gondola Philadelphia and the Battle of Lake Champlain* John R. Bratten, 2002 In this work, archaeologist John Bratten details the gunboat's history, construction, armament, tools, utensils, personal items, and rigging elements. He takes advantage of contemporary records to describe the Philadelphia's artifacts and presents for the first time an analysis of photographs taken during the 1935 recovery of the boat. Finally, he assesses the replica Philadelphia II, built at the Lake Champlain Maritime Museum during 1989-91 in order to provide an opportunity to evaluate how the gondola was constructed, manned, sailed, and propelled by sweeps.--Jacket.

**Bolt Action: Tank War** Warlord Games, 2014-09-20 Tank War, the new supplement for Bolt Action, gives players the option to expand their games to a whole new level - armoured warfare. Recreate such great engagements as the battle of Kursk with the scenarios, army options and special rules found in this book. Whether you want to add more armour to your existing armies or build an entirely armoured force, Tank War has you covered.

**The Men Who Would Be Kings** Daniel Mersey, 2016-09-22 The Men Who Would Be Kings is a set of rules designed for fighting historical or Hollywood colonial battles in the mid to late 19th Century, from the Indian Mutiny to the Boxer Rebellion. Large scale colonial clashes tended to be one-sided affairs, but there are countless reports of brief, frantic skirmishes in every colonial war, where either side could be victorious, and these are the battles that The Men Who Would Be Kings seeks to recreate. Although focusing on

the British colonial wars against the Zulus, Maoris and others, these rules will also permit players to explore the empires of France, Germany, and other nations, as well as allowing for battles between rival native factions. Gameplay is very simple, and is driven by the quality of the officers leading your units, in the true spirit of Victorian derring-do and adventure, where larger than life characters such as the (real) Fred Burnaby and the (fictional) Harry Flashman led their troops to glory and medals or a horrible end at the point of a spear tip.

*Horizon Wars* Robey Jenkins, 2016-04-21 Beyond today's horizons lie uncountable wars still to be fought by mankind – on battlefields, against foes, and with weapons that can only be imagined. With *Horizon Wars*, wargamers can bring these future conflicts to the tabletop, no matter their exact vision of the future of warfare. Combining the feel of real-world combat and tactics with versatile and quick-to-learn rules, *Horizon Wars* is a 6mm company-level game that incorporates ground forces, aircraft and the titans of the battlefield – mechs. Whether you want to pit a handful of mechs against each other in quick clash of patrols, or line up combined-arms forces for a huge battle, the game remains fast-moving and enjoyable. Also included are full rules for building units from the ground up, allowing players to tailor their forces to suit the mission objectives or their figure collections.

*The Black Prince and the Capture of a King* Marilyn Livingstone, Morgen Witzel, 2018-07-19 This “taut narrative” of the fourteenth-century conflict between England and France offers “a detailed, climactic account of a legendary battle” (Publishers Weekly). The epic fourteenth-century Battle of Poitiers marked a major turn in the

Hundred Years' War between England and France. Prince Edward, known to all as the Black Prince, not only won a surprising victory in his first campaign as commander, but managed the nearly impossible feat of taking the French monarch, King Jean II, prisoner. In the summer of 1356, Prince Edward drove toward the Loire Valley, deep in French territory. There, he met the full French army led by King Jean and a number of French nobles, including veterans of the defeat at Crécy ten years before. Outnumbered, the Prince fell back, but in September, he turned near the city of Poitiers to make a stand. Historians Witzel and Livingstone provide a day-by-day description of the campaign of July to September 1356, climaxing with a vivid description of the Battle of Poitiers itself. The detailed account and analysis of the battle and the campaigns that led up to it has a strong focus on the people involved in the campaign: ordinary men-at-arms and noncombatants, as well as princes and nobles.

Space Marine Ian Watson, 1993-01 Warhammer 40,000 is the war-torn universe of the 41st millennium. This is the second book of a series in which a new threat faces embattled mankind, and Jaq Draco, Inquisitor, must keep the Darkness at bay.

**The Art of Fallout 4** Various, 2015-12-08 Bethesda Game Studios, the award-winning creators of Fallout® 3 and The Elder Scrolls V: Skyrim®, welcome you to the world of Fallout® 4 - their most ambitious game ever, and the next generation of open-world gaming. The Art of Fallout 4 is a must-have collectible for fans and a trusty companion for every Wasteland wanderer. Featuring never-before-seen designs and concept art from the game's dynamic environments, iconic characters, detailed weapons, and more -- along with commentary from the developers themselves.

Anno Dracula 1899 and Other Stories Kim Newman,2017-02-01 A collection of horror short stories by acclaimed author, journalist and movie-critic Kim Newman. This volume contains twenty-one stories featuring famous figures from Edgar Allan Poe to Frankenstein's monster, and includes a brand-new, exclusive Anno Dracula story 'Yokai Town: Anno Dracula 1899'.

*Titandearth* Guy Haley,2020-07-07 Book 53 in the bestselling series, The Horus Heresy. Horus's armada gathers, and he has defeated all enemies sent against him, even the Emperor's own executioner. One barrier remains before he can strike for Terra and lay waste to the Emperor's dream. The Beta Garmon system occupies the most direct and only viable route to the Solar System and Terra. To break it, Horus assembles a war host of incredible proportions and Titans in untold numbers. To lose here is to lose the war and Horus has no intention of turning back. But the Imperium understands the importance of Beta Garmon too. A massive army is arrayed, comprised of near numberless Army cohorts and a mustering of Titans to challenge even the martial might of the Warmaster. Titans fight against Titans as the God Machines of Loyalists and Traitors alike go to war. This conflict will be like no other before it, a worldending battle that will determine the next phase of the war.

Horselords David Cook,1989-10 For centuries, the civilized people of the eastern and western realms have dismissed the nomadic inhabitants of the vast middle land as barbarians, but now these nomads are rising with the might to challenge the world

**Hammer of the Emperor** Steve Lyons,Steve Parker,Lucien Soulbán,2020-01-07 A fantastic collection of stories centred around the forces of the Astra Militarum. A must

read for fans of military sci-fi Across the war-torn galaxy, the Imperial Guard are a bastion against the enemies of mankind. From the punishing heat of Tallarn's deserts to the bonechilling tundras of Valhalla, these are the soldiers who give their lives in the Emperor's name. Whether shoulder to shoulder or crushing their enemies in vast machines of war, they are unwavering in their devotion to duty. On a thousand stars, they repel the forces of Chaos and the foul xenos in an eternal conflict. This omnibus collects three novels and three short stories telling tales of savage warfare and heroism on the frontline.
