Henry Sugimoto Kristine Kim, 2000 It is a long way from the town of Wakayama in central Japan to West 146th Street in New York City's Harlem, but painter Henry Sugimoto traversed this wide divide in more than just the physical sense. He began life as the grandson of a displaced samurai and died in 1990 an American painter. From his early years in California, Paris, and Mexico to the transformative impact of the World War II incarceration of Japanese Americans, Sugimoto's art became a vivid expression of the American immigrant experience. Henry Sugimoto is the first-ever survey of this relatively unknown but remarkable artist. From the early work influenced by the European impressionists and post-impressionists to the later work that extensively documents and interprets the experiences of Japanese Americans behind barbed wire, this is a stunning body of work. Henry Sugimoto accompanies a major exhibition of his work at the Japanese American National Museum in Spring 2001.

Using dyes of the leaves, roots, and flowers to color your cloth and yarn can be an amazing journey into botanical alchemy. In *Eco Colour*, artistic dyer and colorist India Flint teaches you how to cull and use this gentle and ecologically sustainable alternative to synthetic dyes. India explores the fascinating and infinitely variable world of plant color using a wide variety of techniques and recipes. Louder and Faster Deborah Wong, 2019-09-10 A free open access ebook is available upon publication. Learn more at www.luminosoa.org. *Louder and Faster* is a cultural study of the

phenomenon of Asian American taiko, the thundering, athletic drumming tradition that originated in Japan. Immersed in the taiko scene for twenty years, Deborah Wong has witnessed cultural and demographic changes and the exponential growth and expansion of taiko particularly in Southern California. Through her participatory ethnographic work, she reveals a complicated story embedded in memories of Japanese American internment and legacies of imperialism, Asian American identity and politics, a desire to be seen and heard, and the intersection of culture and global capitalism. Exploring the materialities of the drums, costumes, and bodies that make sound, analyzing the relationship of these to capitalist multiculturalism, and investigating the gender politics of taiko, *Louder and Faster* considers both the promises and pitfalls of music and performance as an antiracist practice. The result is a vivid glimpse of an Asian American presence that is both loud and fragile.

From creating flag books and fishbones, to blizzards and nesting boxes, you'll gain an invaluable insight into the work of two skilled artists with this fun read! With the help of their thorough instructions and simple illustrations, you'll be on your way to becoming a pro paper crafter in no time at all – Sew magazine A wonderful insight into the work of a truly skilled artist – PaperCrafter The renowned and influential book artist Hedi Kyle shows you step-by-step how to create her unique designs using folding techniques in *The Art of the Fold*. Bookbinding and paper craft projects include flag books, blizzard books, the fishbone fold, and nesting boxes. Written by the doyenne of artists' books, Hedi Kyle, *The Art of the Fold* is a wonderful insight into the work of a truly skilled artist. Hedi will show you how to bind a book and fold paper to create over 35 of her cut-fold book designs. The book is beautifully illustrated with Hedi's finished works of art. An excerpt from the book: 'I can still remember the thrill I experienced when my first folded book structure emerged from my fingers – how eager I was to explore its possibilities and to share it with whoever was interested. The Flag Book, as I now call it, is a simple accordion and has interlocking pages oriented in opposite directions. Little did I know that this simple structure would have legs and be the catalyst for the next forty-plus years of thinking about and making books. The common perception of the book today is fairly straightforward: a series of pages organized around a spine and protected on either side by two covers. This format allows for easy access, storage and retrieval

of information. Yet what happens when the book is stripped away of centuries of preconceptions and is allowed to reveal something else: playfulness, utility, invention? Expanding the notion of the book is what the structures in the following chapters of *The Art of the Fold* attempt to do. Exploring its tactile, sculptural form, primarily through folding methods, the book as a structural object is celebrated while content is considered in a new and unconventional way. My range in this medium has always been broad. In part this is due to my introduction to the world of bookbinding and some chance encounters. In the 1970s in New York City, the art and craft of hand bookbinding and papermaking were experiencing an unprecedented revival. I was fortunate to arrive in the city at just this moment. With an art-school background and an impulse to make things, I was naturally drawn to pursue this new opportunity. The Center for Book Arts, the famous forerunner of so many centers yet to come, was located in a small storefront just down the street from where I lived on the Lower East Side of Manhattan. Under the direction of founder Richard Minsky, it had a radical mission: to push concept, materials, printing and making of artist books in a new direction. When Richard dared me to teach at the Center one evening a week, I was hooked. My career as a book conservator and a book artist has now spanned over 45 years. As head conservator at the American Philosophical Society in Philadelphia, I've had the opportunity to handle some of the rarest volumes and manuscripts in the world. I have also dealt with decrepit books, torn maps and countless curiosities discovered in stacks and archives. All were endless sources for ideas and provided a springboard for a departure from tradition. Leading book-arts workshops around the world and a 25 year tenure teaching in the graduate program for Book Arts and Printmaking at the University of the Arts in Philadelphia have shown me, in retrospect, that the more I taught, t

When the Emperor Was Divine Julie Otsuka, 2007-12-18 From the bestselling, award-winning author of *The Buddha in the Attic* and *The Swimmers*, this commanding debut novel paints a portrait of the Japanese American incarceration camps that is both a haunting evocation of a family in wartime and a resonant lesson for our times. On a sunny day in Berkeley, California, in 1942, a woman sees a sign in a post office window, returns to her home, and matter-of-factly begins to pack her family's possessions. Like thousands of other Japanese Americans they have been reclassified, virtually overnight, as enemy aliens and are about to be uprooted from their home and sent to a dusty incarceration camp in the Utah desert. In this lean and devastatingly evocative first novel, Julie Otsuka tells their story from five flawlessly realized points of view and conveys the exact emotional texture of their experience: the thin-walled barracks and barbed-wire fences, the omnipresent fear and loneliness, the unheralded feats of heroism. *When the Emperor Was Divine* is a work of enormous power that makes a shameful episode of our history as immediate as today's headlines.

Simple Times Amy Sedaris, 2014-03-04 The New York Times bestselling craft guide that inspired the hit new TV show, *At Home With Amy Sedaris* It's often been said that ugly people craft and attractive people have sex. In *Simple Times*, Amy Sedaris sets the record straight and delivers a book that will forever change the world of crafting. Demonstrating that crafting is one of life's more pleasurable and constructive leisure activities, Sedaris shows that anyone with a couple of hours to kill and access to pipe cleaners can join the elite society of crafters. You will discover how to make popular crafts such as Pompom Ringworms and Seashell Toilet Seat Covers, all while avoiding the most common crafting accidents (sawdust fires, feather asphyxia, pine cone lodged in throat). You will cook your own edible crafts, from a Crafty Candle Salad to Sugar Skulls, with many more recipes and craft ideas that will inspire you to create your very own hastily constructed obscure d'arts. Praise for *Simple Times* Amy Sedaris is a kookier, kitschier version of Martha Stewart...*Simple Times* is an ideal gift for the crafter who has crafted everything. - Associated Press A wildly cheeky guide. -- InStyle For anyone who's ever collected hats crocheted together...or simply for fans of Amy Sedaris and her idiosyncratic sense of humor. -- New York Times Book Review

Citizen 13660, 1983 Mine Okubo was one of 110,000 people of Japanese descent--nearly two-thirds of them American citizens -- who were rounded up into protective custody shortly after Pearl Harbor. *Citizen 13660*, her memoir of life in relocation centers in California and Utah, was first published in 1946, then reissued by University of Washington Press in 1983 with a new Preface by the author. With 197 pen-and-ink illustrations, and poignantly written text, the book has been a perennial bestseller, and is used in college and university courses across the country. [Mine Okubo] took her months of life in the concentration camp and made it the material for this amusing, heart-breaking book. . . . The moral is never expressed, but the wry pictures and the scanty words make the reader laugh -- and if he is an American too -- blush. -- Pearl Buck Read more about Mine Okubo in the 2008 UW Press book, *Mine Okubo: Following Her Own Road*, edited by Greg Robinson and Elena Tajima Creef. <http://www.washington.edu/uwpress/search/books/ROBMIN.html>

Neither Airlie Anderson, 2018-03-06 In this colorful and touching story that celebrates what makes each of us unique, a little creature that's not quite a bird and not quite a bunny--it's neither--searches for a place to fit in. In the Land of This and That, there are only two kinds: blue bunnies

and yellow birds. But one day a funny green egg hatches, and a little creature that's not quite a bird and not quite a bunny pops out. It's neither! Neither tries hard to fit in, but its bird legs aren't good for jumping like the other bunnies, and its fluffy tail isn't good for flapping like the other birds. It sets out to find a new home and discovers a very different place, one with endless colors and shapes and creatures of all kinds. But when a blue bunny and a yellow bird with some hidden differences of their own arrive, it's up to Neither to decide if they are welcome in the Land of All. This colorful, simple, and touching story promotes diversity and offers a valuable lesson to the youngest of audiences: it is our differences that unite us.
