*Battlesaurus: Rampage at Waterloo* Brian Falkner, 2015-07-14 What if the power to control the most terrifying animals in history fell into the hands of one of the most brilliant and ferocious military leaders of all time? *Battlesaurus* reimagines the 1815 Battle of Waterloo as something other than a crushing defeat for the French emperor Napoléon Bonaparte, when he unleashes a terrible secret weapon—giant carnivorous survivors from pre-history—on his unsuspecting British and Prussian adversaries. In this world, smaller “saurs” are an everyday danger in the forests of Europe, and the Americas are a forbidden zone roamed by the largest and most deadly animals ever to walk the earth. But in his quest for power, Napoléon has found a way to turn these giant dinosaurs into nineteenth-century weapons of mass destruction. Only Willem Verheyen, an outsider living in hiding in the tiny village of Gaillemarde, has the power to ruin the tyrant’s plans. And Napoléon will stop at nothing to find him. War is coming, and young Willem is no longer safe, for Gaillemarde is just a stone’s throw from the fields of Waterloo—fields which will soon run red with blood. *Battlesaurus: Rampage at Waterloo* by Brian Falkner is the first in a thrilling alternate historical fantasy duology, which concludes with the sequel, *Battlesaurus: Clash of Empires*. “Part historical fiction, part dinosaur fantasy mash-up, this book will appeal to history buffs and dinosaur fanatics alike. The battle scenes between Napoléon’s army and the British are depicted in incredible detail, making readers feel as if they are right in the midst of the fight . . . The first of a promising duology that readers will find thrilling and positively addicting.” —School Library Journal “This alternative history asks, what if Napoléon won the battle at Waterloo . . . The novel quickly ramps up to suspense, immersing the reader in the swiftly moving plot. Characters are very well drawn, capturing the reader’s sympathy. With an ending wide open for a sequel, complete with a plot-thickening cliff-hanger, one can only hope that Falkner is a swift writer.” —Booklist

**Angels and Demons in Art** Rosa Giorgi, 2005 This sumptuously illustrated volume analyzes artists’ representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the *Guide to Imagery* series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists’ depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes—wings, halos, horns, and cloven hooves—with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, *Angels and Demons in Art* will delight readers with an interest in art or religious symbolism.

*The Forgotten Rohingya: Their Struggle for Human Rights in Burma* Habib Habib Siddiqui,2019 Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as settlers from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets? - Are restricted from traveling outside their villages? - Have no legal right to own land or property? - Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings? - Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan? - Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. *The Forgotten Rohingya* makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.
