**Star Wars Origami** , 2012-08-07 Kids love origami—and what could be cooler than transforming a piece of paper into Boba Fett, Princess Leia, Yoda, or R2-D2? And not just any paper, but custom-designed paper illustrated with art from the movies. Star Wars® Origami marries the fun of paper folding with the obsession of Star Wars. Like *The Joy of Origami* and *Origami on the Go*, this book puts an original spin on an ancient art. And like Star Wars® *Scanimation*® and Star Wars® *Fandex*®, it's a fresh take on Star Wars mania. Chris Alexander is a master folder and founder of the popular website [StarWarsOrigami.com](http://StarWarsOrigami.com), and here are 36 models, clearly explained, that range in difficulty from Youngling (easy) to Padawan (medium), Jedi Knight (difficult), and Jedi Master (tricky!). A front section introduces origami definitions and basic folds. Bound in the back is the book's unique folding paper, two sheets for each figure. Illustrated with original art, it makes each creation—the essential lightsabers, the Death Star, and much more—true to the movies. Star Wars Origami includes a foreword by Tom Angleberger, author of the New York Times bestsellers *The Strange Case of Origami Yoda* and *Darth Paper Strikes Back*, and is scheduled to be published at the same time as Angleberger's upcoming book, *The Secret of the Fortune Wookiee*.

*Star Wars: Join the Resistance* Ben Acker,Ben

Blacker,2017-03-07 MATTIS BANZ knows that he's meant to be a hero of the galaxy like the legendary Luke Skywalker, and when General Leia Organa's Resistance recruits him to join its efforts against the evil First Order, he finally has a chance to fulfill his destiny. But the rest of his squadron doesn't seem very promising. Sure, there's the Zeltron girl Lorica, famous for her exploits foiling evil smugglers, but there's also the swamp boy named Dec, who seems to enjoy causing trouble; Dec's brother, a droid who thinks he's a pilot; Sari, whose imposing size contradicts her sweet nature; and Jo , the stuffy group leader with secrets. How is Mattis supposed to be the next Poe Dameron when he and his squad mates spend more time in trouble than flying X-wings? *Star Wars: Battlefront II: Inferno Squad* Christie

Golden,2017-07-27 Set in the aftermath of Rogue One: A Star Wars Story, this action-packed prequel to the hotly anticipated videogame Battlefront II introduces the Empire's elite force: Inferno Squad. After the humiliating theft of the Death Star plans and the destruction of the battle station, the Empire is on the defensive. But not for long. In retaliation, the elite Imperial soldiers of Inferno Squad have been called in for the crucial mission of infiltrating and eliminating the Partisans—the rebel faction once led by notorious Republic freedom fighter Saw Gerrera. Following the death of their leader, the Partisans have carried on his extremist legacy, determined to thwart the Empire—no matter the cost. Now Inferno Squad must prove its status as the best of the best and take down the Partisans from within. But the growing threat of being discovered in their enemy's midst turns an already dangerous operation into a do-or-die acid test they dare not fail. To protect and preserve the Empire, to what lengths will Inferno Squad go . . . and how far beyond them? The Rebellion may have heroes like Jyn Erso and Luke Skywalker. But the Empire has Inferno Squad.

**Star Wars: Resistance Reborn** Rebecca

Roanhorse,2019-11-05 In this pivotal prequel to Star Wars- The Rise of Skywalker, the heroes of the Resistance-Poe Dameron,

General Leia Organa, Rey, and Finn—must fight back from the edge of oblivion. The Resistance is in ruins. In the wake of their harrowing escape from Crait, what was once an army has been reduced to a handful of wounded heroes. Finn, Poe, Rey, Rose, Chewbacca, Leia Organa—their names are famous among the oppressed worlds they fight to liberate. But names can only get you so far, and Leia's last desperate call for aid has gone unanswered. From the jungles of Ryloth to the shipyards of Corellia, the shadow of the First Order looms large, and those with the bravery to face the darkness are scattered and isolated. If hope is to survive, the Resistance must journey throughout the galaxy, seeking out more leaders—including those who, in days gone by, helped a nascent rebellion topple an empire. Battles will be fought, alliances will be forged, and the Resistance will be reborn.

Ylesia: Star Wars Legends Walter Jon Williams, 2002-09-03 No Star Wars fan will want to miss this exciting eBook exclusive adventure from Nebula Award-winner Walter Jon Williams, author of the Star Wars The New Jedi Order hardcover novel, *Destiny's Way*. That's Jedi Knight Kyp Durron's opinion about the planet Ylesia, home base of the so-called Peace Brigade, a group of traitors dedicated to hindering the war efforts of the New Republic and hastening the ultimate victory of the merciless Yuuzhan Vong. Kyp's plan calls for a lightning-fast strike, backed with overwhelming force, to destroy the Brigade's offensive capabilities and teach prospective traitors that betrayal carries a heavy price. But young Jacen Solo, still bearing the scars of his imprisonment by the Yuuzhan Vong, has a better idea: a daring raid into the heart of Ylesia's capital, with the objective of capturing the Brigade's top leaders—including the newly sworn-in President, Thrackan Sal-Solo, cousin to Jacen and his twin, Jaina. But unknown to the Jedi and the New Republic forces, Supreme Overlord Shimrra of the Yuuzhan Vong has dispatched reinforcements to the Ylesia system. Instead of a swift surgical

strike, Jaina, Jacen, Kyp, and their comrades are about to find themselves locked in a desperate battle for survival, with the odds stacked against them and time running out. . . . BONUS: This original novella includes an exclusive excerpt from *Star Wars: New Jedi Order: Force Heretic I: Remnant* and an interview with the author.

**Space-Age Acronyms** Reta C. Moser,2012-12-06 Acronym agglomeration is an affliction of the age, and there are acronym addicts who, in their weakness, find it impossible to resist them. More than once in recent months my peers have cautioned me about my apparent readiness to use not only acronyms, but

abbreviations, foreign isms, codes, and other cryptic symbols rather than common, ordinary American words. Many among us, though, either have not received or have chosen to ignore such advice. As a consequence, what we write and speak is full of mystery and confusion. It is then for the reader and listener and for the writer and speaker that Reta C. Moser has compiled this guide. Its effective application to the art of communication is urged. Such use should help avoid many of the misunderstandings involving terminology which occur daily. Although such misunderstandings are certainly crucial in humanistic and social situations, they are often of immediate import and the trigger to disaster in scientific, technical, and political situations. Some 15,000 acronyms and 25,000 definitions are provided (a 50- and 47 -percent increase over the 1964 edition!), with due credit to Miss Moser's diligence in making the compilation and with the acknowledgment that the acronymical phenomenon is very much with us. This edition, like the first, is certain to be of value to writers, librarians, editors, and others who must identify and deal with acronyms.
