Little does he know, Zaranda is a retired warrior and wizard--and she isn't one to turn the other cheek. Marshaling a motley company of an adolescent mage named Scab and an orcish paladin, Zaranda declares her own private war. Liberty's Crusade Jeff Grubb, 2001-04-13 Far in the future, 60,000 light-years from Earth, a loose confederacy of Terran exiles is locked in battle with the enigmatic Protoss and the ruthless Zerg Swarm. Each species struggles to ensure its own survival among the stars in a war that will herald the beginning of mankind's greatest chapter -- or foretell its violent, bloody end. Danny Liberty was a good reporter...too good. When his investigations struck too close to the heart of the corrupt Terran Confederacy, he faced a simple choice: continue his current series of exposés, or take a hazardous new assignment covering the Marines on the front lines of the Koprulu Sector. It didn't take him long to decide.... Behind the attacks of the Zerg and the Protoss lies the story of a lifetime, but every piece of information blurs the mystery further. Thrown into the middle of a war where the outcome will determine mankind's very survival, the only thing that Danny Liberty knows for sure is that the only person he can trust to keep him alive is himself. Liberty's Crusade The first in an epic new series

of space warfare novels set in the world of the bestselling computer game!

Conquer the Crash Robert R. Prechter, Jr., 2009-11-20 Today's financial and economic tribulations were a long time in the making. Many people ask, Why didn't someone see it coming? A New York Times bestselling book did see it coming. Over 100,000 people read it in time to protect their wealth. The book foresaw and explained the collapse in home prices, plunge in stocks, subprime debacle, liquidity crisis, the demise of Fannie and Freddie, the Federal Reserve's failure to turn the trend, and lots more. The book was Robert Prechter's *Conquer the Crash*, published in early 2002, when the Dow was above 10,000 and the financial world was partying around-the-clock. Fast forward to today: the average U.S. homeowner has suffered a decline of 30% to 40% in property value. Stocks and commodities had their biggest fall since 1929-1932. Fannie Mae is a zombie corporation under the government's protection. The Fed has pushed every button at its disposal (and then some), to no avail. If Prechter thought a whole new book would help, he'd have written one. But *Conquer the Crash* is a book-length forecast that's still coming true -- only some of the future has caught up with the specific predictions he published back then. There is much more to come. That means more danger, but also great opportunity. *Conquer the Crash*, 2nd edition offers you 188 new pages of vital information (480 pages total) plus all the original forecasts and recommendations that make the book more compelling and relevant than the day it published. In every disaster, only a very few people prepare themselves beforehand. Think about investor enthusiasm in 2005-2008, and you'll realize it's true. Even fewer people will be ready for the soon-approaching, next leg down of the unfolding depression. In this 2nd edition, Prechter gives a warning he's never had to include in 30 years of publishing -- namely, that the doors to financial safety are closing all over the world. In other words, prudent people need to act while they can. *Conquer the Crash*, 2nd Edition readers will receive exclusive online access to the *Conquer the Crash* Readers Page, where Prechter continually updates the book's recommended services and institutions.

StarCraft II: Heaven's Devils William C. Dietz, 2010-04-06 One marine squad, led by young upstart Jim Raynor and giant Tychus Findlay, are prepared to battle a corrupt government as it works for interplanetary domination in this action-packed thriller set in the StarCraft universe. For the poor, hardworking citizens of the Confederacy's fringe worlds, the Guild Wars have exacted a huge toll. Swayed by the promise of financial rewards, a new batch of recruits joins the fight alongside a slew of mysteriously docile criminals—and a few dubious military leaders. Eighteen-year-old Jim Raynor, full of testosterone and eager to make things right at home, ships off to boot camp, but he soon discovers that the official mission is not what he's really fighting for. For the first time ever, StarCraft enthusiasts will learn the origins of the enduring friendship between Jim Raynor and the streetwise soldier Tychus Findlay. Watch as they battle on the front lines of a fierce interplanetary war and bear witness to the Confederacy's rank corruption—corruption so reprehensible that it rains immeasurable death and destruction upon the government's own people.
