The Strange Case of Origami Yoda (Origami Yoda #1)

Tom Angleberger, 2012-08-07 In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, and hailed by *School Library Journal* as "honest, funny, and immensely entertaining." Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was

posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Walking Your Octopus Brian Kesinger, 2013 A beautifully produced and richly illustrated book that showcases the day-to-day adventures of independent girl-about-town Victoria Psismall and her pet land octopus Otto. Thirty panoramic, full-page illustrations humorously chronicle the duo's home and social activities that include (among other things) bathing, biking, dating, cooking, playing croquet, and pumpkin carving. Accompanying text explains the dos and don'ts of living with a large land

octopus. The book's art is extremely detailed, and each illustration tells its own visual story. The Victorian era characters and period-influenced design elements combine to create a wonderful, collectible art-object for those who still value the classic elegance of ink-on-paper. The hardcover binding is plussed with two-layer embossing and spot varnish, and the interior is printed on extra heavy paper. An exquisite volume for lovers of books, art and pets.

There's just something about these flying, flame throwing, fantastical animals that runs deep in the human psyche. We love them. We want them. And we shall have them?

Mexican Cartonería Leigh Ann Thelmadatter, 2019 Bilingual, to appeal to the Spanish-speaking market in the US and in Mexico. The first book (in either English or Spanish) dedicated solely to this branch of handcraft ingenuity, in spite of its long importance to the Mexican festival calendar. In the past 20 years, the craft has experienced a renaissance, resulting in new forms, monumental sizes, cartonería events, and the spread of working with paper and paste in other parts of the country. This book is the first to document the craft's importance, and its revival.
