Shamanhood Juha Pentikäinen, Hanna Saressalo, 2001 Presumably people who were involved in it discuss the philosophy behind the exhibition Shamans--The Secret World of Siberia's Peoples, on display at the Vapriiki Museum Centre in Tampere, Finland, between May 1998 and January 1999. It was the most extensive display so far of the shamanic collections of Kunstkamera, Museum of Anthropology and Ethnography, founded in the 1720s by Peter the Great. In addition to exploring aspects of Siberian shamanhood, the 19 essays also show links to similar traditions elsewhere in the world. There are a few monochrome illustrations. No index is provided. The Mother I Never Knew Sudha Murty, 2014-07-01 What secrets lurk in a family's past—and how important are they in the here and now? Sudha Murty's new book comprises two novellas that explore two quests by two different men—both for mothers they never knew they had. Venkatesh, a bank manager, stumbles upon his lookalike one fine day. When he probes further, he discovers his father's hidden past, which includes an abandoned wife and child. Venkatesh is determined to make amends to his impoverished stepmother—but how can he repay his father's debt? Mukesh, a young man, is shocked to realize after his father's death that he was actually adopted. He sets out to find his biological mother, but the deeper he delves, the more confused he is about where his loyalties should lie: with the mother who gave birth to him, or with the mother who brought him up. *The Mother I Never Knew* is a poignant, dramatic book that reaches deep into the human heart to reveal what we really feel about those closest to us.

Typographic Systems of Design Kimberly Elam, 2007-05-03 Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In *Typographic Systems*, Kim Elam, author of our bestselling books, *Geometry of Design* and *Grid Systems*, explores eight major structural frameworks beyond the grid including random, radial, modular, and bilateral systems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each system from the structured axis to the nonhierarchical radial array is explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. *Typographic Systems* is the seventh title in our bestselling *Design Briefs* series, which has sold more than 100,000 copies worldwide.

Adventure Anthology Death Lamentations of the Flame Princess, 2019-09-10 For our amusement. And beyond that amusement lies those adventures that gave Lamentations of the Flame Princess its reputation. A reputation for publishing situations and scenarios that are nothing more than cruelty disguised as

entertainment, designed so that friends and acquaintances will like each other, and themselves, less. Adventures designed to make the sun seem to shine less brightly. Adventures designed to make the embrace of loved ones seem brutally cold. Adventures designed to disgust, repel, and traumatize players as their characters suffer horribly imagined fates and the Referee cackles at sharing their pain. As all good horror must. The volume collects *Tales of the Scarecrow*, *The Magnificent Joop van Ooms*, *Fuck For Satan*, and *Death Love Doom*, four adventures previously only available in print as limited editions. For use with *Lamentations of the Flame Princess* *Weird Fantasy Role-Playing* and other traditional tabletop role-playing games. Made in Finland.

Five Days Wes Moore, Erica L. Green, 2020 A kaleidoscopic account of five days in the life of a city on the edge, told through seven characters on the frontlines of the uprising that overtook Baltimore and riveted the world, from the New York Times bestselling author of *The Other Wes Moore*. When Freddie Gray was arrested for possessing an illegal knife in April 2015, he was, by eyewitness accounts that video evidence later confirmed, treated roughly as police loaded him into a vehicle. By the end of his trip in the police van, Gray was in a coma he would never recover from. In the wake of a long history of police abuse in Baltimore, this killing felt like a final straw--it led to a week of protests and then five days described alternately as a riot or an uprising that set the entire city on edge, and caught the nation's attention. Wes Moore is one of Baltimore's most famous sons--a Rhodes Scholar, bestselling author, decorated combat veteran, White House fellow, and current President of the Robin Hood Foundation. While attending Gray's funeral, he saw every strata of the city come together: grieving mothers; members of the city's wealthy elite; activists; and the long-suffering citizens of Baltimore--all looking to comfort each other, but also looking for answers. Knowing that when they left the church, these factions would spread out to their own corners, but that the answers they were all looking for could only be found in the city as a whole, Moore--along with Pulitzer-winning coauthor Erica Green--tells the story of the Baltimore uprising. Through both his own observations, and through the eyes of other Baltimoreans: Partee, a conflicted black captain of the Baltimore Police Department; Jenny, a young white public defender who's drawn into the violent center of the uprising herself; Tawanda, a young black woman who'd spent a lonely year protesting the killing of her own brother by police; and John DeAngelo, scion of the city's most powerful family and owner of the Baltimore Orioles, who has to make choices of conscience he'd never before confronted. Each shifting point of view contributes to an engrossing, cacophonous account of one of the most consequential moments in our recent history--but also an essential *cri de coeur* about the deeper causes of the violence and the small seeds of hope planted in its aftermath.

100 Ways to Win a Ten-Spot Paul Zenon, 2007-03 As opposed to offering up typical magic tricks, this hilarious collection of scams, swindles, bets, and stunts features everyday objects and requires no special skills--just nerve. Some of the scams presented include how to drink from a champagne bottle without opening it, guess the date on a coin as it spins on the table, and pull a 10-dollar bill out from under a beer bottle without touching or knocking over the bottle. This amusing guide claims that a cheater, armed with the right skills, always wins and provides a crash course in conning at cards, pool, bets, and pretty much any activity where a sucker can be cornered into taking a chance.

Adventure Anthology Fire Lamentations of the Flame Princess,2019-09-10 This volume collects the four adventures previously released as Tower of the Stargazer, The God that Crawls, The Monolith from Beyond Space and Time, and The Doom-Cave of the Crystal-Headed Children: * Tower of the Stargazer presents a familiar traditional fantasy adventure location, the wizards tower, and adds cosmic horror to infuse the familiar with something strange. * The God that Crawls involves the mystery of what exactly lies in the catacombs beneath an ancient church. How far will the curiosity of your players take their characters before it is too late?* The Monolith from beyond Space and Time is the deep end of the Weird Horror pool, pure cosmicism and the most intense and pure concentration of Weird in the entire Lamentations of the Flame Princess catalog.* The Doom-Cave of the Crystal-Headed Children is a bit of a farce, with an absurd premise that invites characters into a reality-bending environment where they will have much opportunity to make some very bad decisions. Includes new artwork! For use with Lamentations of the Flame Princess Weird Fantasy Role-Playing and other traditional tabletop role-playing games. Made in Finland.
