The Country Diary of a New Zealand Lady Christina Gillian Ferens, 2012 One hundred years after The country diary of an Edwardian lady was penned by Edith Holden comes a modern response as charming. New Zealander Christina Ferens shares her insights into the meshed lives of New Zealand fauna as uniquely observed on a daily basis in a still-remote part of the country.--Back cover.

Military Training in the British Army, 1940-1944 Dr Timothy Harrison Place, Timothy Harrison Place, 2016-01-20 In this study, the author traces the reasons for the British Army's tactical weakness in Normandy to flaws in its training in Britain. The armour suffered from failures of experience. Disagreements between General Montgomery and the War Office exacerbated matters.

Raising Churchill's Army David French, 2001-07-05 This is the first serious analysis of the combat capability of the British army in the Second World War. It sweeps away the myth that the army suffered from poor morale, and that it only won its battles through the use of 'brute force' and by reverting to the techniques of the First World War. David French analyses the place of the army in British strategy in the interwar period and during the Second World War. He shows that after 1918 the General Staff tried hard to learn the lessons of the First World War, enthusiastically embracing technology as the best way of minimizing future casualties. In the first half of the Second World War the army did suffer from manifold weaknesses, not just in the form of shortages of equipment, but also in the way in which it applied its doctrine. Few soldiers were actively eager to close with the enemy, but the morale of the army never collapsed and its combat capability steadily improved from 1942 onwards. Professor French assesses Montgomery's contributions to the war effort and concludes that most important were his willingness to impose a uniform understanding of doctrine on his subordinates, and to use mechanized firepower in ways quite different from Haig in the First World War.

The Memory Endures Reg Curtis, 2021

The Lee-Enfield Rifle Martin Pegler, 2012-01-20 The Lee-Enfield is one of the 20th century's most recognisable and longest-serving military rifles. It was adopted by the British Army in 1895 and only replaced by the L1A1 SLR in 1957. It saw combat from the Boer War onwards, and thousands are still in use today; it is estimated that 17 million have been produced. Soldier's recollections of the rifle are overwhelmingly affectionate (it was known as the Smellie); today it remains a very popular target rifle for competitive shooting, and modern copies are being manufactured to meet demand. Featuring first-hand accounts, brand-new full-colour artwork and close-up photographs, this is the story of the Lee-Enfield, the innovative, reliable and long-lived rifle that equipped British and other forces through the world wars and beyond.

Desert Rats at War George Forty, 1975

The Complete McAuslan George MacDonald Fraser, 2009-08-01 George MacDonald Fraser's hilarious stories of the most disastrous soldier in the British Army are collected together for the first time in one volume. Private McAuslan, J., the Dirtiest Soldier in the World (alias the Tartan Caliban, or the Highland Division's answer to the Pekin Man) first demonstrated his unfitness for service in The General Danced at Dawn. He continued his disorderly advance, losing, soiling or destroying his equipment, through the pages of McAuslan in the Rough. The final volume, The Sheikh and the Dustbin, pursues the career of the great incompetent as he shambles across North African and Scotland, swinging his right arm in time with his right leg and tripping over his untied laces. His admirers know him as court-martial defendant, ghost-catcher, star-crossed lover and golf caddie extraordinary. Whether map-reading his erratic way through the Sahara by night or confronting Arab rioters, McAuslan's talent for catastrophe is guaranteed. Now, the inimitable McAuslan stories are collected together in one glorious volume.

The CRPG Book: A Guide to Computer Role-Playing Games Felipe Pepe, 2019-09 Reviews over 400 seminal games from 1975 to 2015. Each entry shares articles on the genre, mod suggestions and hints on how to run the games on modern hardware.

The Bruneval Raid George Millar,2002 One of the reasons the British won the 'radar war' with Nazi Germany was that we knew precisely how the enemy system worked. This was thanks to a daring commando raid on a German Wurzburg radar site at Bruneval in northern France.

By Air to Battle Great Britain. Air Ministry,Great Britain. Ministry of Information,1945 Beretter om de engelske luftbårne troppers indsats og kampe under 2. verdenskrig.

The Wardrobe Judy Nunn,2012-09-01 A heart-warming short story of friendship and love from the pen of bestselling novelist Judy Nunn. When struggling young journalist Nancy buys a tiny rundown terrace in Surry Hills she knows nothing about the previous owner, other than the old lady died six months earlier. But a dusty box retrieved from underneath the old wardrobe in an upstairs bedroom soon changes all that. And the lives, loves and losses of Emily Roper and her best friend Margaret are tantalisingly revealed...

Operations in Sicily and Italy (July 1943 to May 1945). United States Military Academy. Department of Military Art and Engineering,1945

The Sunflower Forest Torey Hayden,2012-07-10 Bestselling author Torey Hayden's novel poignantly tells of a daughter's attempt to grow up in the shadow of her mother's haunted past. Warm, melancholy and evocatively rendered this book captures the essence of a family touched by sadness.

A Drop Too Many John Frost,2002 At Arnhem, the British 2nd Parachute Regiment held the north end of the key road bridge over the Rhine not for 24 hours for which it was equipped, but for 3 days and 4 nights. Commanded by the author, they beat off repeated armored and infantry assaults by far greater numbers, until forced out of the ruined and burning positions by losses, lack of ammunition, and the failure of the whole Arnhem operation. Their sacrifice stands as one of the most heroic defenses of all time. General Frost's story is, in effect, that of the battalion. His tale starts with the Iraq Levies and goes on the major airborne operations in which he took part - Bruneval, Tunisia, Sicily, Italy, Arnhem - and continues with his experiences as a prisoner and the reconstruction of the battalion after the German surrender. Though written with modesty and humor, the book is shot through with the fire and determination of the fighting soldier, and throws important new light on many controversies, not only those of Arnhem. This book is a major contribution to the literature of the last war.

Infantry Tactics of the Second World War Stephen Bull,Gordon L. Rottman,2008-07-22 Regardless of technological and doctrinal advances, final mastery of any battlefield ultimately depends upon the tight-knit group of soldiers trained to direct fire, move, take ground and hold it. This book examines the infantry combat methods of World War II. It draws on the training manuals of the time and first-hand accounts of frontline action and covers the organization and tactics of squad, platoon, company and battalion. It identifies the differences between German, American, British and Japanese approaches and demonstrates how these evolved in the face of changes in the battlefield environment. Motorized infantry tactics are also covered together with each army's responses to the continuously growing challenge and shifting patterns of anti-tank combat and combined operations with armor.

Brasso, Blanco and Bull Tony Thorne,2012-05-17 When Tony Thorne first turned up for his medical in 1956 he had little idea of the adventures he would face and the people he would encounter over the next two years in service. Brasso, Blanco & Bull is the hilarious account of life in National Service, where 23339788 Thorne faced the horrors of basic training, the boredom of the drill yard as well as the unforgettable camaraderie of the squad. Praise: 'This book took me back more years than I care to remember.' Bernard Cribbins, The Parachute Regiment, 1947-8 'A great reminder for those of us that did it and a great treat for those that didn't.' Windsor Davies, East Surrey Regiment, 1950-2 'More Virgin Soldiers just like the ones I remember. This lot made me laugh a lot.' Leslie Thomas, Royal Army Pay Corps 1949-51 'I thoroughly enjoyed the read.It took me back to my days of national service, most of which I enjoyed!' Freddie Truman, OBE, Royal Air Force 1951-3

Up Front Bill Mauldin,1968-06-01

Tunisian Tales Niall Cherry, 2015-07-15 Whilst many books have been written on the history of the Parachute Regiment and Airborne Forces in the Second World War, none of them have concentrated solely on the story of the 1st Parachute Brigade in North Africa between 1942 and 1943. Helion and Company are therefore pleased to announce the publication of *Tunisian Tales - the 1st Parachute Brigade in North Africa 1942 - 1943* by Niall Cherry.

The British Soldier Jean Bouchery, 2013-01-19 The purpose of this book is to collect, in an easily readable form, the basic technical data that concern the British army in the North-West European campaign between 6th June 1944 and 8th May 1945. Special emphasis has been given to the organization of units, a key element in the correct understanding of other chapters.
