Church Planting Movements V. David Garrison, 2007 David Garrison, PhD University of Chicago, defines Church Planting Movements as rapidly multiplying indigenous churches planting churches that sweep across a people group or population segment. Garrison's Church Planting Movements: How God Is Redeeming a Lost World signaled a breakthrough in missionary church planting. After the publication of Garrison's book in 2004 it became impossible to talk about missions without referencing Church Planting Movements. Church Planting Movements examines more than two-dozen movements of multiplying churches on five continents. After presenting these case studies, Garrison identifies ten universal elements present in each movement. He then broadens the circle of examination to identify a further ten common characteristics, factors identified in most, but not all, of the movements. He concludes his examination with a list of Seven Deadly Sins, i.e. harmful practices that stifle or impede Church Planting Movements. Important for evangelical readers, the author returns to his findings to see how they stand up to the light of Scripture. What he discovers is that Church Planting Movements are much more consistent with the New Testament lay-led house-church movements that swept rapidly through the Mediterranean world in the face of hostile opposition than today's more sedentary professional institutionalized Christianity. Gay and Catholic Eve Tushnet, 2014-10-20 Winner of a 2015 Catholic Press Award: Gender Issues Category (First Place). In this first book from an openly lesbian and celibate Catholic, widely published writer and blogger Eve Tushnet recounts her spiritual and intellectual journey from liberal atheism to faithful Catholicism and shows how gay Catholics can love and be loved while adhering to Church teaching. Eve Tushnet was among the unlikeliest of converts. The only child of two atheist academics, Tushnet was a typical Yale undergraduate until the day she went out to poke fun at a gathering of philosophical debaters, who happened also to be Catholic. Instead of enjoying mocking what she termed the "zoo animals," she found herself engaged in intellectual conversation with them and, in a move that surprised even her, she soon converted to Catholicism. Already self-identifying as a lesbian, Tushnet searched for a third way in the seeming two-option system available to gay Catholics: reject Church teaching on homosexuality or reject the truth of your sexuality. Gay and Catholic: Accepting My Sexuality, Finding Community, Living My Faith is the fruit of Tushnet's searching: what she learned in studying Christian history and theology and her articulation of how gay Catholics can pour their love and need for connection into friendships, community, service, and artistic creation.

Community Brad House, 2011-09-07 Community within the church today is hemorrhaging. Attention spans are dwindling, noise levels are increasing, and

we can't seem to find time for real relationships. The answer to such social fragmentation can be found in small groups, and yet the majority of small groups—at least in the traditional sense—are often not the intentional, transformational community we really want and need. Somehow we need to get our groups off life support and into authentic community. Pastor Brad House helps us to re-imagine what gospel-centered community looks like and shares from his experience leading and reproducing healthy small groups. With wisdom and candor, House challenges us to think carefully about our own groups and to take steps toward cultivating communities that are able to glorify Jesus, bless one another, and participate in the mission of God.

One New People Manuel Ortiz, 1996-08-19 Manuel Ortiz urges us not just to put aside our differences but to celebrate and embrace them--to use them in a way that draws us closer to each other and closer to God.

This book invites pastors to lead their small membership churches to develop an imaginative and holistic vision of Christian Education. Read the Introduction

Pastoral Care in the Small Membership Church James L. Killen JR., 2005-05-01 An introduction to pastoral care for pastors of small membership churches. "If you spend your whole life serving small membership churches and doing it well, yours will have been a life well spent." Small membership churches have a real advantage when it comes to incorporating people into a fellowship where they are known and where their needs are met. These churches and their pastors have an opportunity for excellence in this area, and should make the most of it. Good pastoral care can be the key to effectiveness in all of the other ministries of the church. From getting acquainted with your congregation, weddings and funerals, picking up on subtle cues in a conversation to not-so-subtle conflicts, Killen shares insights from years of ministry in a small membership church setting. James L. Killen, Jr. is a retired elder of the Texas Conference, contributor to Circuit Rider, and author of *Who Do You Say That I Am? A Personal Reader*.

Family Driven Faith (Paperback Edition with Study Questions) Voddie Baucham Jr., 2011-04-04 More teens are turning away from the faith than ever before: it is estimated that 75 to 88 percent of Christian teens walk away from Christianity by the end of their freshman year of college. Something must be done. Family Driven Faith equips Christian parents with the tools they need to raise children biblically in a post-Christian, anti-family society. Voddie Baucham, who with his wife has overcome a multi-generational legacy of broken and dysfunctional homes, shows that God has not left us alone in raising godly children. In his Word he has given us timeless precepts and principles for multi-generational faithfulness. Baucham's celebrated guide for godly, healthy families is now available in paperback, with study questions added. Parents will find this a critical resource for the spiritual nourishment and protection of the next generation.

Houses that Change the World Wolfgang Simson, 2001 Millions of Christians around the world are becoming aware of an imminent reformation of global proportions within the church. God is changing this revered institution and is making a new collective awareness of an age-old revelation, a corporate spiritual echo that reflects God's desire for the church. In this book, Simson brings to light what God is saying to Christians everywhere. Researched across the globe, he presents the case for the reformation of the church's existence. In a world where the church is being ignored, it is time to bring the church to the people and not the people to the church. Whether it is what we know as church from the last five years or the last five hundred years, no one has truly been able to break free from the structures of the past. Many may see this book as radical, many may see it as a reforming of old ideals but all who read it will be challenged and

their priorities refocused in a life-changing way.
