In 1906, a groundbreaking Rolls-Royce prototype known as the Gray Ghost vanishes from the streets of Manchester, England, and it is only the lucky intervention of an American detective named Isaac Bell that prevents it from being lost forever. Not even he can save the good name of Jonathan Payton, however, the man wrongly blamed for the theft, and more than a hundred years later, it is his grandson who turns to Sam and Remi Fargo to help prove his grandfather's innocence. But there is even more at stake than any of them know. For the car has vanished again, and in it is an object so rare that it has the capacity to change lives. The Romanov Ransom Clive Cussler,Robin Burcell,2017-09-12 Treasure-hunting team Sam and Remi Fargo's search for a Romanov fortune brings them into perilous contact with an ambitious neo-Nazi clan in this New York Times bestselling adventure. In 1918, a ransom of enormous size was paid to free the Romanovs from the Bolsheviks, but, as history knows, the Romanovs died anyway. And the ransom? During World War II, the Nazis stole it from the Russians, and after that--it vanished. Until now. When a modern-day kidnapping captures the attention of husband-and-wife team Sam and Remi Fargo, the couple soon learn that these long-lost riches may be back in play, held in trust by the descendants of a Nazi guerrilla faction called the Werewolves. It is their mission to establish the Fourth Reich, and their time is coming soon. As the Fargos follow the trail across Europe, Northern Africa, and South America, they know only one thing. This quest is greater than anything they have ever done--it is their chance to make someone answer for unspeakable crimes, and to prevent them from happening again.

The Truth and Other Stories Stanislaw Lem,2021-09-14 Twelve stories by science fiction master Stanisław Lem, nine of them never before published in English. Of these twelve short stories by science fiction master Stanisław Lem, only three have previously appeared in English, making this the first new book of fiction by Lem since the late 1980s. The stories display the full range of Lem's intense curiosity about scientific ideas as well as his sardonic approach to human nature, presenting as multifarious a collection of mad scientists as any reader could wish for. Many of these stories feature artificial intelligences or artificial life forms, long a Lem preoccupation; some feature quite insane theories of cosmology or evolution. All are thought provoking and scathingly funny. Written from 1956 to 1993, the stories are arranged in chronological order. In the title story, The Truth, a scientist in an insane asylum theorizes that the sun is alive; The Journal appears to be an account by an omnipotent being describing the creation of infinite universes--until, in a classic Lem twist, it turns out to be no such thing; in An Enigma, beings debate whether offspring can be

created without advanced degrees and design templates. Other stories feature a computer that can predict the future by 137 seconds, matter-destroying spores, a hunt in which the prey is a robot, and an electronic brain eager to go on the lam. These stories are peak Lem, exploring ideas and themes that resonate throughout his writing.

Image Encounters Lisa Trever, 2022-01-11 Moche murals of northern Peru represent one of the great, yet still largely unknown, artistic traditions of the ancient Americas. Created in an era without written scripts, these murals are key to understandings of Moche history, society, and culture. In this first comprehensive study on the subject, Lisa Trever develops an interdisciplinary methodology of "archaeo art history" to examine how ancient histories of art can be written without texts, boldly inverting the typical relationship of art to archaeology. Trever argues that early coastal artistic traditions cannot be reduced uncritically to interpretations based in much later Inca histories of the Andean highlands. Instead, the author seeks the origins of Moche mural art, and its emphasis on figuration, in the deep past of the Pacific coast of South America. Image Encounters shows how formal transformations in Moche mural art, before and after the seventh century, were part of broader changes to the work that images were made to perform at Huacas de Moche, El Brujo, Pañamarca, and elsewhere in an increasingly complex social and political world. In doing so, this book reveals alternative evidentiary foundations for histories of art and visual experience.

The Machine as Art/ The Machine as Artist Juliette Bessette, Frederic Fol Leymarie, G. w W. Your Movie Sucks Roger Ebert,2007-03-01 A collection of some of the Pulitzer Prize-winning film critic's most scathing reviews, from *Alex & Emma* to the remake of *Yours, Mine, and Ours*. From Roger's review of *Deuce Bigalow: European Gigolo* (0 stars): "The movie created a spot of controversy in February 2005. According to a story by Larry Carroll of MTV News, Rob Schneider took offense when Patrick Goldstein of the Los Angeles Times listed this year's Best Picture nominees and wrote that they were 'ignored, unloved, and turned down flat by most of the same studios that . . . bankroll hundreds of sequels, including a follow-up to *Deuce Bigalow: Male Gigolo*, a film that was sadly overlooked at Oscar time because apparently nobody had the foresight to invent a category for Best Running Penis Joke Delivered by a Third-Rate Comic.' Schneider retaliated by attacking Goldstein in full-page ads in *Daily Variety* and the *Hollywood Reporter*. In an open letter to Goldstein, Schneider wrote: "Well, Mr. Goldstein, I decided to do some research to find out what awards you have won. I went online and found that you have won nothing. Absolutely nothing. No journalistic awards of any kind Maybe you didn't win a Pulitzer Prize because they haven't invented a category for Best Third-Rate, Unfunny Pompous Reporter Who's Never Been Acknowledged by His Peers" Schneider was nominated for a 2000 Razzie Award for Worst Supporting Actor but lost to Jar-Jar Binks. But Schneider is correct, and Patrick Goldstein has not yet won a Pulitzer Prize. Therefore, Goldstein is not qualified to complain that Columbia financed *Deuce Bigalow: European Gigolo* while passing on the opportunity to participate in *Million Dollar Baby*, *Ray*, *The Aviator*, *Sideways*, and *Finding Neverland*. As chance would have it, I have won the Pulitzer Prize, and so I am qualified. Speaking in my official capacity as a Pulitzer Prize winner, Mr. Schneider, your movie sucks." Roger Ebert's *I Hated Hated Hated This Movie*, which gathered some of his most scathing reviews, was a bestseller. This collection continues the tradition, reviewing not only movies that were at the bottom of the barrel, but also movies that he found underneath the barrel.
