Tony Harris

Antoine of Oregon : A Story of the Oregon Trail James Otis,1912 Antoine of Oregon : A Story of the Oregon Trail The author of this series of stories for children has endeavored simply to show why and how the descendants of the early colonists fought their way through the wilderness in search of new homes. The several narratives deal with the struggles of those adventurous people who forced their way westward, ever westward, whether in hope of gain or in answer to the call of the wild, and who, in so doing, wrote their names with their blood across this country of ours from the Ohio to the Columbia. To excite in the hearts of the young people of this land a desire to know more regarding the building up of this great nation, and at the same time to entertain in such a manner as may stimulate to noble deeds, is the real aim of these stories. In them there is nothing of romance, but only a careful, truthful record of the part played by children in the great battles with those forces, human as well as natural, which, for so long a time, held a vast portion of this broad land against the advance of home seekers. With the knowledge of what has been done by our own people in our own land, surely there is no reason why one should resort to fiction in order to depict scenes of heroism, daring, and sublime disregard of suffering in nearly every form.

Tales from the Captain's Table Tony Harris,2007-03-01 Much more than just a tale of sailing against mountainous seas, but a book with every aspect of sailing and motor boating, in many parts of the world. It illustrates how times have changed to the extent the stories are never to be repeated. Providing a more permanent record, it tells how in post-war Britain, we developed a system of teaching and testing recreational users of marine craft of every description. This has now been copied in almost every country with recreational waterborne sports, including a UK approved sailing school in the USA. If all that sounds a mighty bit boring, be assured it has ten most unusual stories with

excitement, including projects in China and Nigeria. There are tales of law-breaking villains afloat, and you won't want to put the book down. Looking for a present for a sea-loving friend? Look no further.

Ye Gods! Tom Holt,2012-09-04 Being a hero bothers Jason Derry. It's easy to get maladjusted when your mom's a suburban housewife and your dad's the Supreme Being. It can be a real drag slaying monsters and retrieving golden fleeces from fire-spitting dragons, and then having to tidy your room before you can watch Star Trek. But it's not the relentless tedium of imperishable glory that finally brings Jason to the end of his rope; it's something so funny that it's got to be taken seriously. Deadly seriously.

Gypsy Girl Rumer Godden,2002-03-05 There's a girt who's a gypsy. She has rings in her ears and she sometimes comes to school in a little wagon. Kizzy Lovell is a gypsy girl. She has her gran and her horse, Joe, and she doesn't need anything else. Then Gran dies, her wagon burns, and Kizzy is left all alone-in a community that hates her. Thirty years after its original publication, Rumer Godden's beloved story of one girl's courage, and how an entire community learns to celebrate differences is now back in print for a new generation of readers to enjoy.

The Diddakoi Rumer Godden,2011-08-11 Rumer Godden's The Diddakoi won the 1972 Whitbread Children's Book Award. Everyone in Kizzy's town hates her because she's half-gypsy – a diddakoi. But Kizzy doesn't care. All she needs is Gran and her horse, Joe. But when Gran dies and their wagon burns down, Kizzy is all alone. No one wants to look after her and her beloved Joe might get sent to the knacker's yard. Can Kizzy survive in a hostile world – and save Joe?

Skallagrigg William Horwood,1988

Trigun Nicholas D. Wolfwood Origami By Brian Chan.jpg Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has been more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Trigun Nicholas D. Wolfwood Origami By Brian Chan.jpg**," published by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
