Paper Sculpture Richard Sweeney, 2021-11-28 Paper is readily available and inexpensive in comparison to other sculptural media, and can be manipulated with a set of simple tools. It is a tactile medium, which can be formed into three-dimensional shapes quickly and immediately through folding and cutting. This hands-on element is something I feel is important -- it allows the artist to engage immediately with the material, resulting in something physical and tangible. It is, perhaps, these factors that make it so appealing, not only as a tool to apply in different fields, such as model making for architecture, but as an activity for its own sake. A section of this book is dedicated to a selection of the techniques I use in the creation of my work, and which I demonstrate in my workshops. My aim is to show the basic principles of form-making in paper, which can then be expanded on and explored as the reader wishes. Also included are my sources of inspiration and details of my working practice, which shows the evolution of an initial idea into a final artwork. I hope this book offers an insight into my work, while offering inspiration to those who wish to explore the creative potential of paper.

And Our Faces, My Heart, Brief as Photos John Berger, 2011-07-13 Berger reveals the ties between love and absence, the ways poetry endows language with the assurance of prayer, and the tensions between the forward movement of sexuality and the steady backward tug of time. He recreates the mysterious forces at work in a Rembrandt painting, transcribes the sensorial experience of viewing lilacs at dusk, and explores the meaning of home to early man and to the hundreds of thousands of displaced people in our cities today. *And Our Faces, My Heart, Brief as Photos* is a seamless fusion of the political and personal.

Disease Control Priorities, Third Edition (Volume 6) King K. Holmes, Stefano Bertozzi, Barry R. Bloom, Prabhat Jha, 2017-11-06 Infectious diseases are the leading cause of death globally, particularly among children and young adults. The spread of new pathogens and the threat of antimicrobial resistance pose particular challenges in combating these diseases. *Major Infectious Diseases* identifies feasible, cost-effective packages of interventions and strategies across delivery platforms to prevent and treat HIV/AIDS, other sexually transmitted infections, tuberculosis, malaria, adult febrile illness, viral hepatitis, and neglected tropical diseases. The volume emphasizes the need to effectively address emerging antimicrobial resistance, strengthen health systems, and increase access to care. The attainable goals are to reduce incidence, develop innovative approaches, and optimize existing tools in resource-constrained settings.

The Autobiography of a Garden Andrew Raftery, 2016 The autobiography of a garden is a set of twelve plates by Andrew Raftery. Based on drawings and paintings of the artist working in his garden during the twelve months of the calendar year, the images were engraved on copperplates.

From the copper they were printed onto special decals that were then applied to the twelve earthenware plates, 12.5 inches in diameter, designed by the artist to receive the images. Each month is identified on the reverse by an engraved backstamp. The plates were produced at the Rhode Island School of Design between 2012 and 2016 in an edition of 80. They were first exhibited from September through November 2016 at the Ryan Lee Gallery in New York City.--page [1].

The Man with No Borders Richard C. Morais,2020-03 It is a time of reckoning for José María Álvarez, an aristocratic Spanish banker living in a Swiss village with his American wife. Nearing the end of a long and tumultuous life, he's overcome by hallucinatory memories of the past. Among his most cherished memories are those of his boyhood in 1950s Franco-era Spain and the bucolic afternoons he spent salmon fishing on the Sella River with his father, uncle, and much-loved younger brother. But these fond reveries are soon eclipsed by something greater. José's regrets and dark family secrets are flooding back, as is the devastating tragedy that drove José into exile and makes him bear the burden of a soul-deep guilt.

Composition & Photography Harold Davis,2022-01-31

Own composition, use composition, and make composition your own in your photographs!

Of all the magical elixirs that make up a successful photograph, composition is perhaps the most fundamental, and at the same time the most elusive. What makes a composition “good”? It’s hard to define exactly, but we instinctively recognize good composition when we see it. There is an undeniable emotional response when a composition resonates with and complements the subject matter of an image.

But traditional attempts to define “good composition” and to pass on rules for good compositional construction are often doomed to failure. The truth is, there are no hard and fast rules. Rules eliminate experimentation and spontaneity, which are crucial for creating compelling, dynamic, and exciting compositions. The best compositions contain an element of the unexpected. “Expect the unexpected!” is perhaps the only viable “rule” of composition. To create exciting compositions, you must have a willingness to embrace serendipity and change as part of your artistic practice. After all, composition is a process, not a result.

In *Composition & Photography*, photographer and bestselling author Harold Davis teaches you how to perceive patterns and abstractions and incorporate them into your image-making process. If one of the goals of photography is to show viewers things that are new, or things they haven’t seen before, or things they have seen many times but need to see anew, then it’s with the thoughtful and considered use of composition that you do that.

In this book, you’ll learn how to reduce your subject matter to the fundamentals, and to show familiar subjects in unfamiliar, novel ways. Harold covers topics and themes such as:

- Lines and circles
- Rectangles

- Combinations
- Repetition
- Symmetry and asymmetry
- Abstraction
- Entering and exiting
- Vanishing points and perspective
- Emphasis
- Designing within a frame
- Creating order from chaos

Composition & Photography will help you find the tools and visual vocabulary to creatively design your photographs. Regardless of the genre and kind of photography you practice, you'll learn to create powerful compositions that incorporate structure and form into your work in ways that best support your images. Along the way, Harold shows and discusses his own work relating to each compositional element or theme he's exploring. And featured throughout the book are exercises about flexibility and process, designed to spur your creativity and help you begin an internal creative discussion.

"My goal as a photography teacher and writer about photography is to inspire and to help you become the best and most creative photographer and image-maker that you can be."
—Harold Davis

"Harold Davis is a force of nature—a man of astonishing eclectic skills and accomplishments."

About Alice Calvin Trillin, 2006-12-26 In Calvin Trillin's antic tales of family life, she was portrayed as the wife who had "a weird predilection for limiting our family to three meals a day" and the mother who thought that if you didn't go to every performance of your child's school play, "the

county would come and take the child." Now, five years after her death, her husband offers this loving portrait of Alice Trillin off the page—his loving portrait of Alice Trillin off the page—an educator who was equally at home teaching at a university or a drug treatment center, a gifted writer, a stunningly beautiful and thoroughly engaged woman who, in the words of a friend, "managed to navigate the tricky waters between living a life you could be proud of and still delighting in the many things there are to take pleasure in." Though it deals with devastating loss, *About Alice* is also a love story, chronicling a romance that began at a Manhattan party when Calvin Trillin desperately tried to impress a young woman who "seemed to glow." "You have never again been as funny as you were that night," Alice would say, twenty or thirty years later. "You mean I peaked in December of 1963?" "I'm afraid so." But he never quit trying to impress her. In his writing, she was sometimes his subject and always his muse. The dedication of the first book he published after her death read, "I wrote this for Alice. Actually, I wrote everything for Alice." In that spirit, Calvin Trillin has, with *About Alice*, created a gift to the wife he adored and to his readers.

Actual Causality Joseph Y. Halpern, 2019-02-19 A new approach for defining causality and such related notions as degree of responsibility, degrees of blame, and causal explanation. Causality plays a central role in the way people structure the world; we constantly seek causal explanations for our observations. But what does it even mean that an event C "actually caused" event E? The problem of defining actual causation goes beyond mere philosophical speculation. For example, in many legal arguments, it is precisely what needs to be established in order to determine responsibility. The philosophy literature has been struggling with the problem of defining causality since Hume. In this book, Joseph Halpern explores actual causality, and such related notions as degree of responsibility, degree of blame, and causal explanation. The goal is to arrive at a definition of causality that matches our natural language usage and is helpful, for example, to a jury deciding a legal case, a programmer looking for the line of code that cause some software to fail, or an economist trying to determine whether austerity caused a subsequent depression. Halpern applies and expands an approach to causality that he and Judea Pearl developed, based on structural equations. He carefully formulates a definition of causality, and building on this, defines degree of responsibility, degree of blame, and causal explanation. He concludes by discussing how these ideas can be applied to such practical problems as accountability and program verification. Technical details are generally confined to the final section of each chapter and can be skipped by non-mathematical readers.

The Soul of Desire Curt Thompson, 2021-10-05 Foreword INDIES Book of the Year Award Finalist IVP Readers' Choice Award We are people of desire. In *The Soul of Desire*, psychiatrist Curt Thompson suggests that underneath all our longings is the desire to be known—and what's more, that this fundamental yearning manifests itself in our deep need to make things of beauty, revealing who we are to others. Desire and beauty go hand in hand. But both our craving to be known and our ability to create beauty have been marred by trauma and shame, collapsing our imagination for what God has for us and blinding us to the possibility that beauty could ever emerge from our ashes. Drawing on his work in interpersonal neurobiology and clinical practice, Thompson presents a powerful picture of the capacity of the believing community to reshape our imaginations, hold our desires and griefs together, and invite us into the beauty of God's presence. *The Soul of Desire* is a mature, creative work, weaving together neuroscience and spiritual formation to open up new horizons for thinking not only about the nature of the mind, but about what it means to be human.

Buddhaland Brooklyn Richard C. Morais, 2013-07-09 From the writer whose debut sleeper, *The Hundred-Foot Journey*, charmed readers in the United States and around the world (18 countries and counting) comes another modern day fairytale also about a man who finds his true calling while living in a foreignland--

Irving Harper Michael Maharam, 2013-02-12 An intimate monograph of the professional and personal creations of a midcentury design legend. Irving Harper is the most famous designer you have never heard of. Working as an associate at the office of George Nelson in the 1950s and '60s,

Harper was responsible for such icons of midcentury design as the Marshmallow sofa, the Ball clock, and numerous Herman Miller textile designs. Harper's unrecognized contribution to this seminal era of design, and his incredible paper sculptures (made in his spare time to relieve stress), are presented for the first time in this book. An essay by design critic Julie Lasky introduces Harper's commercial design work, recognizable designs from graphics to domestic goods to furniture that are still coveted and appreciated today, designed for the offices of Raymond Loewy, George Nelson, and then his own studio Harper + George. The second part of the book documents Harper's extensive paper sculptures, which have never been exhibited. More than three hundred works fill Harper's house and barn in Rye, New York, where this array of fantastical people and animal sculptures was created from modest and inexpensive materials as diverse as spaghetti and toothpicks in addition to paper. Images of Harper's home, filled with furniture and objects of his own design as well as his paper sculptures, offer a rare glimpse into a Modern design enthusiast's paradise. Offering insight into an important era of American design as well as the prolific output of a creative mind, this book promises to be the first to recognize Irving Harper's contribution to the field and will appeal to fans of Modern design.

LA Graffiti Black Book David Brafman, 2021-04-13 This collection of unique works by 150 Los Angeles graffiti and tattoo artists represents an unprecedented collaboration across the city's diverse artistic landscape. Many graffiti artists carry sketchbooks, called black books, and they ask crew members and others whose work they admire to inscribe their books with lettering or drawings. A few years ago, the Getty Research Institute invited artists, including Angst, Axis, Big Sleeps, Chaz, Cre8, Defer, EyeOne, Fishe, Heaven, Hyde, Look, ManOne, and Prime, to consider the idea of a citywide graffiti black book. During visits to the Getty Center, the artists viewed rare books related to calligraphy and letterforms, including works by Albrecht Dürer and Leonardo da Vinci. The artists instantly recognized the connections to their own practices and were particularly drawn to a liber amicorum (book of friends), a form of autograph book popular in the seventeenth century. Passed from hand to hand, it was filled with signatures, poetry, and coats of arms, like a black book from another era. Inspired by this meeting of minds across centuries, these artists became both creators and curators, crafting their own pages and inviting others to contribute. Eventually 150 Los Angeles artists decorated 143 individual pages. These were bound together into an exquisite artists' book that became known as the Getty Graffiti Black Book. This publication reproduces each page from the original artists' book and recounts the story of an unprecedented collaboration across the diverse artistic landscape of Los Angeles.

Photo-poetics Jennifer Blessing, 2015 Emerging photographers working in a contemporary art context This catalogue presents an important new trend in contemporary photography, offering an opportunity to define the concerns of a younger generation of artists and contextualize them within the history of art and culture. Drawing on the legacies of conceptual and commercial photography, these artists pursue a largely studio-based approach to still-life photography that centers on the representation of objects, often printed matter such as books, magazines and record covers. The result is images imbued with poetic and evocative personal significance--a sort of displaced self-portraiture--that resonate with larger cultural and historical meanings. Driven by a deep interest in the medium of photography, these artists investigate the nature, laws and magic of film photography at the moment of its disappearance in our digital age. They attempt to rematerialize the photograph through meticulous printing, using film and other disappearing photo technologies, and by creating photo-sculptures and installations. Artists include Claudia Angelmaier, Erica Baum, Anne Collier, Moyra Davey, Leslie Hewitt, Elad Lassry, Lisa Oppenheim, Erin Shirreff, Kathrin Sonntag and Sara VanDerBeek.

The Art of Watching Films Joseph M. Boggs, Dennis W. Petrie, 2008 Accompanying CD-ROM provides short film clips that reinforce the key concepts and topics in each chapter.

Flower Diary Molly Peacock, 2021-09-14 "Graceful yet precise, poetic yet deeply rooted in research, this exploration of an overlooked painter is

gorgeous — a joy to read. Molly Peacock’s insights and empathy with her subject bring to life both Mary Hiester Reid and her luscious flower paintings.” — Charlotte Gray, author of *The Massey Murder* Molly Peacock uncovers the history of neglected painter Mary Hiester Reid, a trailblazing artist who refused to choose between marriage and a career. Born into a patrician American family in the middle of the nineteenth century, Mary Hiester Reid was determined to be a painter and left behind women’s design schools to enter the art world of men. After she married fellow artist George Reid, she returned with him to his home country of Canada. There she set about creating over 300 stunning still life and landscape paintings, inhabiting a rich, if sometimes difficult, marriage, coping with a younger rival, exhibiting internationally, and becoming well-reviewed. She studied in Paris, traveled in Spain, and divided her time between Canada and the United States where she lived among America’s Arts and Crafts movement titans. She left slender written records; rather, her art became her diary and *Flower Diary* unfolds with an artwork for each episode of her life. In this sumptuous and precisely researched biography, celebrated poet and biographer Molly Peacock brings Mary Hiester Reid, foremother of painters such as Georgia O’Keeffe, out of the shadows, revealing a fascinating, complex woman who insisted on her right to live as a married artist, not as a tragic heroine. Peacock uses her poet’s skill to create a structurally inventive portrait of this extraordinary woman whom modernism almost swept aside, weaving threads of her own marriage with Hiester Reid’s, following the history of empathy and examining how women manage the demands of creativity and domesticity, coping with relationships, stoves, and steamships, too. How do you make room for art when you must go to the market to buy a chicken for dinner? Hiester Reid had her answers, as Peacock gloriously discovers.

The Parisian Isabella Hammad, 2019-04-09 A masterful debut novel by Plimpton Prize winner Isabella Hammad, *The Parisian* illuminates a pivotal period of Palestinian history through the journey and romances of one young man, from his studies in France during World War I to his return to Palestine at the dawn of its battle for independence. Midhat Kamal is the son of a wealthy textile merchant from Nablus, a town in Ottoman Palestine. A dreamer, a romantic, an aesthete, in 1914 he leaves to study medicine in France, and falls in love. When Midhat returns to Nablus to find it under British rule, and the entire region erupting with nationalist fervor, he must find a way to cope with his conflicting loyalties and the expectations of his community. The story of Midhat’s life develops alongside the idea of a nation, as he and those close to him confront what it means to strive for independence in a world that seems on the verge of falling apart. Against a landscape of political change that continues to define the Middle East, *The Parisian* explores questions of power and identity, enduring love, and the uncanny ability of the past to disrupt the present. Lush and immersive, and devastating in its power, *The Parisian* is an elegant, richly-imagined debut from a dazzling new voice in fiction.
