Paper Sculpture Richard Sweeney, 2021-11-28 Paper is readily available and inexpensive in comparison to other sculptural media, and can be manipulated with a set of simple tools. It is a tactile medium, which can be formed into three-dimensional shapes quickly and immediately through folding and cutting. This hands-on element is something I feel is important -- it allows the artist to engage immediately with the material, resulting in something physical and tangible. It is, perhaps, these factors that make it so appealing, not only as a tool to apply in different fields, such as model making for architecture, but as an activity for its own sake. A section of this book is dedicated to a selection of the techniques I use in the creation of my work, and which I demonstrate in my workshops. My aim is to show the basic principles of form-making in paper, which can then be expanded on and explored as the reader wishes. Also included are my sources of inspiration and details of my working practice, which shows the evolution of an initial idea into a final artwork. I hope this book offers an insight into my work, while offering inspiration to those who wish to explore the creative potential of paper.

The Magic of Paper Sculpture David Swinton, 1997 Plain white paper -- it's one of the most common materials around your home, yet there's no end to the exciting and creative possibilities; just let this leading paper sculptor show how. All you need are scissors, glue, paper and five simple techniques: cut, fold, curl, bend and score. Most of the projects are based on four simple shapes: cylinders, cubes, cones and strips. From these elementary beginnings come 16 basic project types -- finger-puppet people and animals, rectangular lanterns and containers, colorful birds, basic house designs, a fantastic, fiery dragon's head and more than ten others. For holiday celebrations make tree, table and mantel decorations. Templates are featured for every piece of every project, so all you have to do is lay the paper down on them and trace the lines.

Origami Tessellations Eric Gjerde, 2008-12-18 Eric Gjerde demonstrates 25 of his favorite tessellations and turns them into projects for newcomers as well as experienced origamists. With step-by-step instructions, illustrated crease patterns, and how-to photos, you'll learn to create these wonderful designs yourself. Eric's first book covers the fundamentals of origami tessellations, provides history, and describes simple beginning techniques with detailed illustrations and photographs. An extensive gallery showcases tessellations folded by the world's leading origami fine artists---inspiring you to experiment, innovate, and eventually create your own unique designs.

And Our Faces, My Heart, Brief as Photos John Berger, 2011-07-13 Berger reveals the ties between love and absence, the ways poetry endows language with the assurance of prayer, and the tensions between the forward movement of sexuality and the steady backward tug of time. He recreates the mysterious forces at work in a Rembrandt painting, transcribes the sensorial experience of viewing lilacs at dusk, and explores the meaning of home to early man and to the hundreds of thousands of displaced people in our cities today. *And Our Faces, My Heart, Brief as Photos* is a seamless fusion of the political and personal.

Now You See Her Linda Howard, 2012-12-11 Paris Sweeney is a moderately successful artist whose popularity is surging. Sweeney loves her work and is content with life, until she begins to notice odd changes. The changes are unnoticeable at first, but she can't ignore her dreams - lush, vivid and drenched in vibrant hues - which are influencing her artwork. And she can't deny her growing restlessness... Suddenly, impulsively, Sweeney finds herself unable to resist a night of intense passion with millionaire Richard Worth, estranged husband of her gallery-owner. But the true dangers of her all-consuming urges are about to be revealed where Sweeney least expects it: in her paintings. After a creative frenzy she discovers she has painted a graphic murder scene. And then a shattering, real-life murder mirrors her creation and puts her at the top of the list of suspects.

Threads of Life Clare Hunter, 2019-10-15 This globe-spanning history of sewing and embroidery, culture and protest, is "an astonishing feat . . . richly textured and moving" (The Sunday Times, UK). In 1970s Argentina, mothers marched in headscarves embroidered with the names of their "disappeared" children. In Tudor, England, when Mary, Queen of Scots, was under house arrest, her needlework carried her messages to the outside world. From the political propaganda of the Bayeux Tapestry, World War I soldiers coping with PTSD, and the maps sewn by schoolgirls in the New World, to the AIDS quilt, Hmong story clothes, and pink pussyhats, women and men have used the language of sewing to make their voices heard, even in the most desperate of circumstances. *Threads of Life* is a chronicle of identity, memory, power, and politics told through the stories of needlework. Clare Hunter, master of the craft, threads her own narrative as she takes us over centuries and across continents—from medieval France to contemporary Mexico and the United States, and from a POW camp in Singapore to a family attic in Scotland—to celebrate the universal beauty and power of sewing.

Fierce Poise Alexander Nemerov, 2022-03-22 A National Book Critics Circle finalist • One of Vogue's Best Books of the Year A dazzling biography of one of the twentieth century's most respected painters, Helen Frankenthaler, as she came of age as an artist in postwar New York "The magic of Alexander Nemerov's portrait of Helen Frankenthaler in *Fierce Poise* is that it reads like one of Helen's paintings. His poetic descriptions of her work and his rich insights into the years when Helen made her first artistic breakthroughs are both light and lush, seemingly easy and yet profound. His book is an ode to a truly great artist who, some seventy years after this story begins, we are only now beginning to understand." —Mary Gabriel, author of *Ninth Street Women* At the dawn of the 1950s, a promising and dedicated young painter named Helen Frankenthaler, fresh out of college, moved back home to New York City to make her name. By the decade's end, she had succeeded in establishing herself as an important American artist of the postwar period. In the years inbetween, she made some of the most daring, head-turning paintings of her day and also came into her own as a woman: traveling the world, falling in and out of love, and engaging in an ongoing artistic education. She also experienced anew—and left her mark on—the city in which she had been raised in privilege as the daughter of a judge, even as she left the security of that world to pursue her artistic ambitions. Brought to vivid life by acclaimed art historian Alexander Nemerov, these defining moments—from her first awed encounter with Jackson Pollock's drip paintings to her first solo gallery show to her tumultuous breakup with eminent art critic Clement Greenberg—comprise a portrait as bold and distinctive as the painter herself. Inspired by Pollock and the other male titans of abstract expressionism but committed to charting her own course, Frankenthaler was an artist whose talent was matched only by her unapologetic determination to distinguish herself in a man's world. *Fierce Poise* is an exhilarating ride through New York's 1950s art scene and a brilliant portrait of a young artist through the moments that shaped her.

Featherhood Charlie Gilmour, 2021-01-05 "I loved every single page." --Elton John "The best piece of nature writing since *H is for Hawk*." --Neil Gaiman In this moving, critically acclaimed memoir, a young man saves a baby magpie as his estranged father is dying, only to find that caring for the mischievous bird saves him. One spring day, a baby magpie falls out of its nest and into Charlie Gilmour's hands. Magpies, he soon discovers, are as clever and mischievous as monkeys. They are also notorious thieves, and this one quickly steals his heart. By the time the creature develops shiny black feathers that inspire the name Benzene, Charlie and the bird have forged an unbreakable bond. While caring for Benzene, Charlie learns his biological father, an eccentric British poet named Heathcote Williams who vanished when Charlie was six months old, is ill. As he grapples with Heathcote's abandonment, Charlie comes across one of his poems, in which Heathcote describes how an impish young jackdaw fell from its nest and captured his affection. Over time, Benzene helps Charlie unravel his fears about repeating the past--and embrace the role of father himself. A bird falls, a father dies, a child is born. *Featherhood* is the unforgettable story of a love affair between a man and a bird. It is also a beautiful and affecting memoir about childhood and parenthood, captivity and freedom, grief and love.

Schindler, Kings Road, and Southern California Modernism Robert Sweeney, Judith Sheine, 2012-10-30 This book establishes R.M. Schindler's Kings Road House amongst the icons of modernist housing--as crucial as Le Corbusier, Walter Gropius, Mies van der Rohe, or Frank Lloyd Wright to the story of twentieth-century residential design. Weaving together an impressive blend of primary sources, Sweeney and Sheine illuminate heretofore unknown or neglected stories regarding Schindler's life, his relationship with his mentors--most notably, Wright himself--and the development of his unique theories about space. These essays will interest both scholars and practitioners of architecture as well as readers wishing to learn more about the development of architectural modernism in general."--J. Philip Gruen, School of Design and Construction, Washington State University.

All the Whiskey in Heaven Charles Bernstein, 2012 All the Whiskey in Heaven brings together Charles Bernstein's best work from the past thirty years, an astonishing assortment of different types of poems. Yet despite the distinctive differences from poem to poem, Bernstein's characteristic explorations of how language both limits and liberates thought are present throughout. Modulating the comic and the dark structural invention with buoyant soundplay, these challenging works give way to poems of lyric excess and striking emotional range. This is poetry for poetry's sake, as formally radical as it is socially engaged, providing equal measures of aesthetic pleasure, hilarity, and philosophical reflection. Long considered one of America's most inventive and influential contemporary poets, Bernstein reveals himself to be both trickster and charmer.

A Reunion of Ghosts Judith Claire Mitchell, 2015-03-24 A NATIONAL JEWISH BOOK AWARD FINALIST "The Alter sisters are mordant, wry, and crystalline in wit and vision; it is a tremendous pleasure to rocket through generations of their family histories with them." --Lauren Groff, New York Times bestselling author of *Fates and Furies*, *The Monsters of Templeton*, and *Arcadia* In the waning days of 1999, the last of the Alters--three damaged but wisecracking sisters who share an apartment on Manhattan's Upper West Side--decide it's time to close the circle of the family curse by taking their own lives. But first, Lady, Vee, and Delph must explain the origins of that curse and how it has manifested throughout the preceding generations. Unspooling threads of history, personal memory, and family lore, they weave a mesmerizing account that stretches back a century to their great-grandfather, a brilliant scientist whose professional triumph became the terrible legacy that defines them. A suicide note crafted by three bright, funny women, *A Reunion of Ghosts* is the final chapter of a saga lifetimes in the making--one that is inexorably intertwined with the story of the twentieth century itself. "Mitchell explores the mixed-blessing bonds of family with wry wit. This original tale is black comedy at its best."--People Book of the Week "A rich portrait of a complicated family, at turns violent and hilarious."--Emma Straub, New York Times bestselling author

Rooms Lauren Oliver, 2015-08-27 The New York Times bestselling author of *Before I Fall* and the *Delirium* trilogy makes her brilliant adult debut with this mesmerizing story in the tradition of *The Lovely Bones*, *Her Fearful Symmetry*, and *The Ocean at the End of the Lane*--a tale of family, ghosts, secrets, and mystery, in which the lives of the living and the dead intersect in shocking, surprising, and moving ways. Wealthy Richard Walker has just died, leaving behind his country house full of rooms packed with the detritus of a lifetime. His estranged family--bitter ex-wife Caroline, troubled teenage son Trenton, and unforgiving daughter Minna--have arrived for their inheritance. But the Walkers are not alone. Prim Alice and the cynical Sandra, long dead former residents bound to the house, linger within its claustrophobic walls. Jostling for space, memory, and supremacy, they observe the family, trading barbs and reminiscences about their past lives. Though their voices cannot be heard, Alice and Sandra speak through the house itself--in the hiss of the radiator, a creak in the stairs, the dimming of a light bulb. The living and dead are each haunted by painful truths that will soon surface with explosive force. When a new ghost appears, and Trenton begins to communicate with her, the spirit and human worlds collide--with cataclysmic results. Elegantly constructed and brilliantly paced, *Rooms* is an enticing and imaginative ghost story and a searing family drama that is as haunting as it is resonant.
