**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Barbapapa** Annette Tison,Talus Taylor,2013 Meeting Barbapapa for the very first time is a magical moment - every child will adore this loyal, gentle, friendly creature, who can change into any shape and solve any problem for his family and friends. In this story, Barbapapa arrives and finds his place in the world.

*Elling* Simon Bent,2007 Elling and his roommate, the uncouth, reluctant virgin Kjell Bjarne, are the Odd Couple of Oslo: a pair of confused souls taking their first steps in the outside world after years of isolated, institutional life. Given a flat in the city by social services, they must re-assimilate themselves into society or face a return to the asylum.

*Words Painting Music* Todd Board,2021-04 We all have our own mythology, that is, our coherent system of meaning and value. Too often our myth remains safe, habitual, reductionist, and unexamined. In my sample-of-one experience, the most expansive and honest inner life emerges when we tire-kick our myths, and wade into a creative blank space not to find pat answers, but to interrogate our myth and see what recurs, and links, and echoes when you step away. As much as possible, this is a five-sense experience, which invites language, images, sounds, and other senses to engage and reflect each other. Occasionally, this process will politely nudge the inner life aside and generate some fairly memorable outer-life perceptions and experiences. Words Painting Music attempts to capture some of this flavor.

*If Anything Happens I Love You* Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, If Anything Happens I Love You is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.
