The Red Man's Bones: George Catlin, Artist and Showman Benita Eisler, 2013-07-22 The first biography in over sixty years of a great American artist whose paintings are more famous than the man who made them. George Catlin has been called the “first artist of the West,” as none before him lived among and painted the Native American tribes of the Northern Plains. After a false start as a painter of miniatures, Catlin found his calling: to fix the image of a “vanishing race” before their “extermination”—his word—by a government greedy for their lands. In the first six years of the 1830s, he created over six hundred portraits—unforgettable likenesses of individual chiefs, warriors, braves, squaws, and children belonging to more than thirty tribes living along the upper Missouri River. Political forces thwarted Catlin’s ambition to sell what he called his “Indian Gallery” as a national collection, and in 1840 the artist began three decades of self-imposed exile abroad. For a time, his exhibitions and writings made him the most celebrated American expatriate in London and Paris. He was toasted by Queen Victoria and breakfasted with King Louis-Philippe, who created a special gallery in the Louvre to show his pictures. But when he started to tour “live” troupes of Ojibbewa and Iowa, Catlin and his fortunes declined: He changed from artist to showman, and from advocate to exploiter of his native performers. Tragedy and loss engulfed both. This brilliant and humane portrait brings to life George Catlin and his Indian subjects for our own time. An American original, he still personifies the artist as a figure of controversy, torn by conflicting demands of art and success.

The Reverse Coloring Book™ Kendra Norton, 2021-08-31 Coloring books became a thing when adults

discovered how relaxing and meditative they were. Jigsaw puzzles roared back into popularity as an immersive activity, not to mention a great alternative to television. How exciting is it, then, to introduce an activity that tops them both: reverse coloring, which not only confers the mindful benefits of coloring and puzzling but energizes you to feel truly creative, even when you're weary and just want to zone out. It's so simple, yet so profoundly satisfying. Each page in *The Reverse Coloring Book* has the colors, and you draw the lines. Created by the artist Kendra Norton, these beautiful and whimsical watercolors provide a gentle visual guide so open-ended that the possibilities are limitless. Trace the shapes, draw in figures, doodle, shade, cover an area with dots. Be realistic, with a plan, or simply let your imagination drift, as if looking at clouds in the sky. Each page is an invitation to slow down, let go, and thoughtfully (or thoughtlessly) let your pen find its way over the image. *The Reverse Coloring Book* includes 50 original works of art, printed on sturdy paper that's single-sided and perforated. And unlike with traditional coloring books, all you need is a pen.

Big Appetites Christopher Boffoli, 2013-09-10 Welcome to a world where little people have big personalities. A world that's upside down and yet weirdly, wonderfully real. A world where Lilliputian thieves poach strawberry seeds. Where it takes a guy with a jackhammer to pop open pistachios. Where skaters fall into a crack in the crème brûlée, and teddy bear cookies congregate with evil intent. Marrying inspired photographs of real food and tiny people with equally inspired captions, photographer Christopher Boffoli creates a smart, funny, quirky vision of what it means to play with your food. The scenes are hilarious and outlandish— a farmer shovels a pasture full of cow pies, aka chocolate chips; hikers pause at a

rest stop to take in a magical mushroom forest. And the captions surprise with their cleverness and emotional truth. Of the proudly gesticulating little chef amid the macarons: “Right on cue, Philippe stepped up to take all of the credit.” Of the tiny bather up to her chin in waves of blue Jell-O: “In her continuing search for a husband, Gladys decided it was best to put herself in situations where she needed to be rescued.” Of the broad-shouldered technician spreading condiments on a hot dog: “Gary always uses too much mustard. But no one can say so. It’s a union thing.” Happiness, hope, adventure, pride, love, greed, menace, solitude—it’s our world, seen through a singularly unique and funny lens, in more than 100 scenes from breakfast through dessert.

Unprepared To Die Paul Slade, 2015-11-01 The Gory Stories Behind The Murder Ballads Cheerfully vulgar, revelling in gore, and always with an eye on the main chance, murder ballads are tabloid newspapers set to music, carrying word of the latest ‘orrible murders to an insatiable public. Victims are bludgeoned, stabbed or shot in every verse and killers often hanged, but the songs themselves never die. Instead, they mutate – morphing to suit local place names as they criss cross the Atlantic and continue to fascinate each generation’s biggest musical stars. Paul Slade traces this fascinating genre’s history through eight of its greatest songs. Stagger Lee’s “biographers” alone include Duke Ellington, James Brown, Bob Dylan, Dr John, The Clash and Nick Cave. No two tell his story in quite the same way. Covering eight classic murder ballads, including “Knoxville Girl”, “Tom Dooley” and “Frankie & Johnny”, Slade investigates the real-life murder which inspired each song and traces its musical development down the decades. Billy Bragg, The Bad Seeds’ Mick Harvey, Laura Cantrell, Rennie Sparks of The Handsome

Family and a host of other leading musicians add their own insights.

Desert Oracle Ken Layne, 2020-12-08 The cult-y pocket-size field guide to the strange and intriguing secrets of the Mojave—its myths and legends, outcasts and oddballs, flora, fauna, and UFOs—becomes the definitive, oracular book of the desert For the past five years, Desert Oracle has existed as a quasi-mythical, quarterly periodical available to the very determined only by subscription or at the odd desert-town gas station or the occasional hipster boutique, its canary-yellow-covered, forty-four-page issues handed from one curious desert zealot to the next, word spreading faster than the printers could keep up with. It became a radio show, a podcast, a live performance. Now, for the first time—and including both classic and new, never-before-seen revelations—Desert Oracle has been bound between two hard covers and is available to you. Straight out of Joshua Tree, California, Desert Oracle is “The Voice of the Desert”: a field guide to the strange tales, singing sand dunes, sagebrush trails, artists and aliens, authors and oddballs, ghost towns and modern legends, musicians and mystics, scorpions and saguaros, out there in the sand. Desert Oracle is your companion at a roadside diner, around a campfire, in your tent or cabin (or high-rise apartment or suburban living room) as the wind and the coyotes howl outside at night. From journal entries of long-deceased adventurers to stray railroad ad copy, and musings on everything from desert flora, rumored cryptid sightings, and other paranormal phenomena, Ken Layne's Desert Oracle collects the weird and the

wonderful of the American Southwest into a single, essential volume.
