Jeff Loveness

*Judas* Jeff Loveness, 2018-09-12 Emmy and WGA Award-nominated writer Jeff Loveness

(Marvel's Nova) presents an exploration of the classical biblical character, perfect for fans of Preacher and The Goddamned. Judas Iscariot journeys through life and death, grappling with his place in "The Greatest Story Ever Told," and how much of his part was preordained. In a religion built on redemption and forgiveness, one man had to sacrifice himself for everyone...and it wasn't Jesus.

*The Warcraft Civilization* William Sims Bainbridge, 2012-09-21 An exploration of the popular online role-playing game World of Warcraft as a virtual prototype of the real human future. World of Warcraft is more than a game. There is no ultimate goal, no winning hand, no princess to be rescued. WoW is an immersive virtual world in which characters must cope in a dangerous environment, assume identities, struggle to understand and communicate, learn to use technology, and compete for

dwindling resources. Beyond the fantasy and science fiction details, as many have noted, it's not entirely unlike today's world. In *The Warcraft Civilization*, sociologist William Sims Bainbridge goes further, arguing that WoW can be seen not only as an allegory of today but also as a virtual prototype of tomorrow, of a real human future in which tribe-like groups will engage in combat over declining natural resources, build temporary alliances on the basis of mutual self-interest, and seek a set of values that transcend the need for war. What makes WoW an especially good place to look for insights about Western civilization, Bainbridge says, is that it bridges past and future. It is founded on Western cultural tradition, yet aimed toward the virtual worlds we could create in times to come.

*All You Need Is Kill* Hiroshi Sakurazaka, Nick Mamatas, 2014-05-06 When the alien Mimics invade, soldier Keiji Kiriya is killed, easily, on the battlefield. Teamed up with the mysterious female fighter known as the Full Metal Bitch, Keiji must figure out how to stop the cycle—and what role his new and deadly ally plays in the fight to save Earth. Now a major motion picture starring Tom Cruise! -- VIZ Media

Kris Kuksi Kris Kuksi, 2010 Kris Kuksi's sculptures, rendered in immaculate detail, evoke a grandeur reminiscent of the Baroque era. Kuksi successfully merges this sumptuous echo of the past with a satirical and critical commentary of our modern industrial world. These finely crafted sculptures employ images of Gods and Goddesses from past and present mythologies and examine religious

belief and iconography. Despite the frequent portrayal of corruption, violence, chaos and degeneration, the works in this book challenge aspects of our beliefs.

**The Comedy of Survival** Joseph W.
