Nice Work, Boys! Hanalei Souza,2021-05-15 Nice work, boys! was a phrase Hanalei often heard thrown at her throughout her time working in the ski industry and restaurant kitchens. As one of the only women in both fields, one of the youngest, and a new leader, she details her struggles, successes, and failures learning leadership on the job. You'll be right there next to her at 1 p.m. on a Saturday, cooking hundreds of lunches at a hole-in-the-wall seafood spot. You'll get an inside view of what goes on at a ski resort from a mountain operations employee. You'll meet the people she met and hear what she learned through her experiences.

*Can't Eat, Can't Breathe and Other Ways Cystic Fibrosis Has F#\$%*d Me* Jay Gironimi,2013-09-15 Jay Gironimi (rhymes with astronomy) is a man who can't eat and can't breathe. *Can't Eat, Can't Breathe and Other Ways Cystic Fibrosis Has F#\$%*d Me* is not an inspirational story of triumph over adversity. The Perfect School Picture Deborah Diesen,2019-07-02 It's picture day, and the boy at the center of this charming story wants to make sure his picture is perfect. It seems as though everything's going wrong for him—he has bedhead, a stained shirt, and a big scowl on his face. But when he goes up for his picture, he thinks about his terrible appearance, and he smiles—because he secretly wants his picture to be the worst ever taken! But just as he smiles, the photo is snapped, and his plan is ruined when he takes a totally adorable picture. Perfectly paired with the larger-than-life silliness of Dan Santat's illustrations, this is a sweet and funny picture book about a classic school moment. PraiseThe narrator's over-the-top voice makes reading aloud a must . . . high-energy comedy that involves only minor destruction.— Publishers Weekly

Medallic Art of the American Numismatic Society, 1865-2014 Scott Miller,2022-03 During the past 150 years, the American Numismatic Society has been a leader in the publication of art medals in the United States. Generally employing the finest medalists available, the Society has set an example few can match. In addition, with the exception of the United States Mint, no U.S. entity can boast so long and distinguished a contribution in this area. Founded in 1858, the American Numismatic and Archaeological Society, as it was known from 1864-1907, believed the issuance of medals to be a part of its mission from the earliest years of its existence. Author Scott H. Miller includes 60 medals issued by the ANS between 1865 and 2014 along with two COAC medals and the 1910 Actors' Fund Medal, all accompanied by color photographs. Many entries are supplemented by artist's sketches and archival photographs as well as the stories behind each issue. Four appendixes include recipients of some of these medals as well as the list of dies, hubs, galvanos, and casts of ANS medals in the ANS's own collection.

The Imaginary Revolution Michael Seidman,2004-08 The events of 1968 have been seen as a decisive turning point in the Western world. The author takes a critical look at May 1968 and questions whether the events were in fact as revolutionary as French and foreign commentators have indicated. He concludes

the student movement changed little that had not already been challenged and altered in the late fifties and early sixties. The workers' strikes led to fewer working hours and higher wages, but these reforms reflected the secular demands of the French labor movement. May 1968 was remarkable not because of the actual transformations it wrought but rather by virtue of the revolutionary power that much of the media and most scholars have attributed to it and which turned it into a symbol of a youthful, renewed, and freer society in France and beyond.

Mr. Trumpet Michael P. Zirpolo, 2013-07-25 The life of jazz trumpeter Roland Bernard Bunny Berigan (1908-1942) resembles nothing less than an ancient Greek tragedy: a heroic figure who rises from obscurity to dizzying heights, touches greatness, becomes ensnared by circumstances, and comes to a disastrous early end. Berigan was intimately involved in the commercial music business of the 1930s and 1940s in New York City. Berigan was a charismatic performer, one of the few musicians in the history of jazz to advance the art. His trumpet artistry made a deep and lasting impression on almost everyone who heard him play, while the body of recorded work he left continues to evoke a wide range of emotions in those who hear it. Too often writings about the Swing Era skip over the interrelationship between the music business and the music that the giants of jazz created. In *Mr. Trumpet: The Trials, Tribulations, and Triumph of Bunny Berigan*, Michael Zirpolo takes on this difficult task, exploring connections between the business of music and contemporary music makers and the culture of social dancing that drove it all. Through detailed research and insightful analysis, Zirpolo rectifies many heretofore misunderstood events in Berigan's life and in the Swing Era more generally. In this panoramic examination of Berigan's personal and professional lives, *Mr. Trumpet* maps the great musician's role in what was a truly golden age of American popular music and jazz, offering close looks at some of his greatest performances and film work, comprehensive listings of all known broadcast recordings made by Berigan and his bands, as well as numerous previously unpublished photos of the great jazz artist.
