Emergent Strategy adrienne maree brown, 2017-03-20 In the tradition of Octavia Butler, here is radical self-help, society-help, and planet-help to shape the futures we want. Change is constant. The world, our bodies, and our minds are in a constant state of flux. They are a stream of ever-mutating, emergent patterns. Rather than steel ourselves against such change, Emergent Strategy teaches us to map and assess the swirling structures and to read them as they happen, all the better to shape that which ultimately shapes us, personally and politically. A resolutely materialist spirituality based equally on science and science fiction: a wild feminist and afro-futurist ride! adrienne maree brown, co-editor of Octavia's Brood: Science Fiction from Social Justice Movements, is a social justice facilitator, healer, and doula living in Detroit.

This House of Sky Ivan Doig, 1980-02-19 National Book Award Finalist: A "beautifully written, deeply felt" memoir about growing up in the American West (Los Angeles Times). Ivan Doig grew up in the rugged wilderness of western Montana among the sheepherders and denizens of small-town saloons and valley ranches. What he deciphers from his past with piercing clarity is not only a raw sense of land and how it shapes us, but also of the ties to our mothers and fathers, to those who love us, and our inextricable connection to those who shaped our values in our search for intimacy, independence, love, and family. A powerfully told story, *This House of Sky* is uniquely American—yet also universal in its ability to awaken a longing for an explicable past. "Engrossing and moving."—Time

American Earth Bill McKibben, 2008 Author and activist McKibben gathers the essential American writings that changed the way the public looks at the natural world. *American Earth* features essays by Walt Whitman, Rachel Carson, Barbara Kingsolver, Michael Pollan, and dozens more.

The White House Boys Roger Dean Kiser, 2010-01-01 Hidden

far from sight, deep in the thick underbrush of the North Florida woods are the ghostly graves of more than thirty unidentified bodies, some of which are thought to be children who were beaten to death at the old Florida Industrial School for Boys at Marianna. It is suspected that many more bodies will be found in the fields and swamplands surrounding the institution. Investigations into the unmarked graves have compelled many grown men to come forward and share their stories of the abuses they endured and the atrocities they witnessed in the 1950s and 1960s at the institution. *The White House Boys: An American Tragedy* is the true story of the horrors recalled by Roger Dean Kiser, one of the boys incarcerated at the facility in the late fifties for the crime of being a confused, unwanted, and wayward child. In a style reminiscent of the works of Mark Twain, Kiser recollects the horrifying verbal, sexual, and physical abuse he and other innocent young boys endured at the hands of their caretakers. Questions remain unanswered and theories abound, but Roger and the other 'White House Boys' are determined to learn the truth and see justice served.

Fewer, Better Things Glenn Adamson, 2018-08-07 From the former director of the Museum of Arts and Design in New York, a timely and passionate case for the role of the well-designed object in the digital age. Curator and scholar Glenn Adamson opens *Fewer, Better Things* by contrasting his beloved childhood teddy bear to the smartphones and digital tablets children have today. He laments that many children and adults are losing touch with the material objects that have nurtured human development for thousands of years. The objects are still here, but we seem to care less and know less about them. In his presentations to groups, he often asks an audience member what he or she knows about the chair the person is sitting in. Few people know much more than whether it's made of wood, plastic, or metal. If we know little about how things are made, it's hard to remain connected to the world around us. *Fewer, Better Things* explores the history of craft

in its many forms, explaining how raw materials, tools, design, and technique come together to produce beauty and utility in handmade or manufactured items. Whether describing the implements used in a traditional Japanese tea ceremony, the use of woodworking tools, or the use of new fabrication technologies, Adamson writes expertly and lovingly about the aesthetics of objects, and the care and attention that goes into producing them. Reading this wise and elegant book is a truly transformative experience.

Avelynn Marissa Campbell, 2015-09-08 This dazzling debut brings the Dark Ages to light and illuminates one Saxon noblewoman's romance with a Viking warrior and her struggle to find her path in a changing and dangerous world 869. For eighteen years, Avelynn, the beautiful and secretly pagan daughter of the

Ealdorman of Somerset, has lived in an environment of love, acceptance, and equality. Somerset has flourished under twenty years of peace. But with whispers of war threatening their security, Avelynn's father makes an uncompromising decision that changes her life forever. Forced into a betrothal with Demas, a man who only covets her wealth and status, Avelynn's perception of independence is shattered. With marriage looming, she turns to her faith, searching for answers in an ancient ritual along the coast, only to find Alrik The Blood-Axe and sixty Viking berserkers have landed. In a year of uncertainty that sees Avelynn discover hidden powers, stumble into a passionate love affair with Alrik, and lead men into battle, Avelynn must walk a fine line as her deceptions mount and Demas' tactics to possess her become more desperate and increasingly brutal. Avelynn and Alrik are caught in the throes of fate as they struggle to find the way back to themselves and onwards to each other.

The New Years Party R.L. Stine, 2008-09-09 Indirectly causing the death of P. J., who had a bad heart, the attendants at Reenie's Christmas party agree to hide the body and the truth until someone begins to hunt down and kill each in turn.

On the Road Again William Wyckoff, 2011-10-17 In On the Road Again, William Wyckoff explores Montana's changing physical and cultural landscape by pairing photographs taken by state highway engineers in the 1920s and 1930s with photographs taken at the same sites today. The older photographs, preserved in the archives of the Montana Historical Society, were intended to document the expenditure of federal highway funds. Because it is nearly impossible to photograph a road without also photographing the landscape through which that road passes, these images contain a wealth of information about the state's environment during the early decades of the twentieth century. To highlight landscape changes -- and continuities -- over more than eighty years, Wyckoff chose fifty-eight documented locations and traveled to each to photograph the exact same view. The pairs of

old and new photos and accompanying interpretive essays presented here tell a vivid story of physical, cultural, and economic change. Wyckoff has grouped his selections to cover a fairly even mix of views from the eastern and western parts of the state, including a wide assortment of land use settings and rural and urban landscapes. The photo pairs are organized in thirteen “visual themes,” such as forested areas, open spaces, and sacred spaces, which parallel landscape change across the entire American West. A close, thoughtful look at these photographs reveals how crops, fences, trees, and houses shape the everyday landscape, both in the first quarter of the twentieth century and in the present. The photographs offer an intimate view into Montana, into how Montana has changed in the past eighty years and how it may continue to change in the twenty-first century. This is a book that will captivate readers who have, or hope to have, a tie to the Montana countryside, whether as resident or visitor. Regional and agricultural historians, geographers and geologists, and rural and urban planners will all find it fascinating.

Last Bus to Wisdom Ivan Doig, 2016-08-16 Named a Best Book of the Year by the Seattle Times and Kirkus Review The final novel from a great American storyteller. Donal Cameron is being raised by his grandmother, the cook at the legendary Double W ranch in Ivan Doig’s beloved Two Medicine Country of the Montana Rockies, a landscape that gives full rein to an eleven-year-old’s imagination. But when Gram has to have surgery for “female trouble” in the summer of 1951, all she can think to do is to ship Donal off to her sister in faraway Manitowoc, Wisconsin. There Donal is in for a rude surprise: Aunt Kate—bossy, opinionated, argumentative, and tyrannical—is nothing like her sister. She henpecks her good-natured husband, Herman the German, and Donal can’t seem to get on her good side either. After one contretemps too many, Kate packs him back to the authorities in Montana on the next Greyhound. But as it turns out, Donal isn’t traveling solo: Herman the German has decided to fly the coop

with him. In the immortal American tradition, the pair light out for the territory together, meeting a classic Doigian ensemble of characters and having rollicking misadventures along the way. Charming, wise, and slyly funny, *Last Bus to Wisdom* is a last sweet gift from a writer whose books have bestowed untold pleasure on countless readers.

Counter Wokecraft Charles Pincourt, 2021 The Woke ideology is colonizing Western Civilization. This ideology views the world through a Marxist-inspired lens of “systemic power dynamics” that divides us between the “privileged” and the “oppressed.” This colonization has successfully captured many of our noblest and most vital institutions through time-tested strategies and tactics. People from almost every sector of life are concerned about this capture but feel paralyzed and helpless as this ideology activates itself and wields its power. The good news is that Woke tactics are predictable and can be countered. This guide is an invaluable contribution to understanding, recognizing, and ultimately countering “Wokecraft” wherever it appears. While the guide is tailored to the university, its lessons are applicable throughout government, K-12 education, the private sector, churches, and even formal and informal affinity groups. This makes the guide a much-needed contribution as people seek to push back against the destructive Woke ideology.

American Tacos José R. Ralat, 2020-04-15 Tacos may have been created south of the border, but Americans have made this Mexican food their own, with each style reflective of a time and a place. *American Tacos* explores them all, taking us on a detailed and delicious journey through the evolution of this dish. In search of every taco variety from California to Texas and beyond, Ralat traveled from coast to coast and border to border, visiting thirty-eight cities across the country. He examines the pervasive crunchy taco and the new Alta California tacos from chefs Wes Avila, Christine Rivera, and Carlos Salgado. He tastes famous Tex-Mex tacos like the puffy taco and breakfast taco, then tracks down the

fry bread taco and the kosher taco. And he searches for the regional hybrid tacos of the American South and the modern, chef-driven tacos of restaurants everywhere. Throughout, he tells the story of how each style of taco came to be, creating a rich look at the diverse taco landscape north of the border. Featuring interviews with taqueros and details on taco paraphernalia and the trappings of taco culture, *American Tacos* is a book no taco fan will want to take a bite without.

The American Canon: Literary Genius from Emerson to Pynchon Harold Bloom, 2019-10-15 Our foremost literary critic on our most essential writers, from Emerson and Whitman to Hurston and Ellison, from Faulkner and O'Connor to Ursula K. LeGuin and Philip Roth. No critic has better understood the ways writers influence one another—how literary traditions are made—and no writer has helped readers understand this better, than Harold Bloom. Over the course of a remarkable sixty-year career, in such bestselling books as *The Western Canon*, *Shakespeare: The Invention of the Human*, and *How to Read and Why*, Bloom brought enormous insight and infectious enthusiasm to the great writers of the Western tradition, from Shakespeare and Cervantes to the British Romantics and the Russian masters. Now, for the first time, comes a collection of his brilliant writings about the American tradition, the ultimate guide to our nation's literature. Assembled with David Mikics (*Slow Reading in a Hurried Age*), this unprecedented collection gathers five decades' worth of Bloom's writings—much of it hard to find and long unavailable—including essays, occasional pieces, and introductions as well as excerpts from his books. It offers deep readings of 47 essential American writers, reflecting on the surprising ways they have influenced each other across more than two centuries. The story it tells, of American literature as a recurring artistic struggle for selfhood, speaks to the passion and power of the American spirit. All of the visionary American writers who have long preoccupied Bloom—Emerson and Whitman, Hawthorne and Melville, and

Dickinson, Faulkner, Crane, Frost, Stevens, and Bishop—make their appearance in The American Canon, along with Hemingway, James, O'Connor, Ellison, Hurston, Le Guin, Ashbery and many others. Bloom's passion for these classic writers is contagious, and he reminds readers how they have shaped our sense of who we are, and how they can summon us to be better versions of ourselves. Bloom, Mikics writes, "is still our most inspirational critic, still the man who can enlighten us by telling us to read as if our lives depended on it: Because, he insists, they do." For readers who want to deepen their appreciation of American literature, there's no better place to start than The American Canon.

Birthing the West Jennifer J. Hill, 2022-03 Birthing the West: Mothers and Midwives in the Rockies and Plains shows how women and mothers constructed citizens, and how public health entities usurped that role, with varied long-term impacts on women, men, families, community, and American identity--

Vibrator Nation Lynn Comella, 2017-08-18 In the 1970s a group of pioneering feminist entrepreneurs launched a movement that ultimately changed the way sex was talked about, had, and enjoyed. Boldly reimagining who sex shops were for and the kinds of spaces they could be, these entrepreneurs opened sex-toy stores like Eve's Garden, Good Vibrations, and Babeland not just as commercial enterprises, but to provide educational and community resources as well. In Vibrator Nation Lynn Comella tells the fascinating history of how these stores raised sexual consciousness, redefined the adult industry, and changed women's lives. Comella describes a world where sex-positive retailers double as social activists, where products are framed as tools of liberation, and where consumers are willing to pay for the promise

of better living—one conversation, vibrator, and orgasm at a time.

Cynical Theories Helen Pluckrose, James A.

Lindsay, 2020-05-05 Wall Street Journal, USA Today, and Publishers Weekly Bestseller! Have you heard that language is violence and that science is sexist? Have you read that certain people shouldn't practice yoga or cook Chinese food? Or been told that being obese is healthy, that there is no such thing as biological sex, or that only white people can be racist? Are you confused by these ideas, and do you wonder how they have managed so quickly to challenge the very logic of Western society? In this probing and intrepid volume, Helen Pluckrose and James Lindsay document the evolution of the dogma that informs these ideas, from its coarse origins in French postmodernism to its refinement within activist academic fields. Today this dogma is recognizable as much by its effects, such as cancel culture and social-media dogpiles, as by its tenets, which are all too often embraced as axiomatic in mainstream media: knowledge is a social construct; science and reason are tools of oppression; all human interactions are sites of oppressive power play; and language is dangerous. As Pluckrose and Lindsay warn, the unchecked proliferation of these anti-Enlightenment beliefs present a threat not only to liberal democracy but also to modernity itself. While acknowledging the need to challenge the complacency of those who think a just society has been fully achieved, Pluckrose and Lindsay break down how this often-radical activist scholarship does far more harm than good, not least to those marginalized communities it claims to champion. They also detail its alarmingly inconsistent and illiberal ethics. Only through a proper understanding of the evolution of these ideas, they conclude, can those who value science, reason, and consistently liberal ethics successfully challenge this harmful and authoritarian orthodoxy—in the academy, in culture, and beyond.

The Host Stephenie Meyer, 2010-04-26 Melanie Stryder refuses to fade away. The earth has been invaded by a species that take

over the minds of their human hosts while leaving their bodies intact, and most of humanity has succumbed. Wanderer, the invading soul who has been given Melanie's body, knew about the challenges of living inside a human: the overwhelming emotions, the too vivid memories. But there was one difficulty Wanderer didn't expect: the former tenant of her body refusing to relinquish possession of her mind. Melanie fills Wanderer's thoughts with visions of the man Melanie loves -- Jared, a human who still lives in hiding. Unable to separate herself from her body's desires, Wanderer yearns for a man she's never met. As outside forces make Wanderer and Melanie unwilling allies, they set off to search for the man they both love. Featuring what may be the first love triangle involving only two bodies, *The Host* is a riveting and unforgettable novel that will bring a vast new readership to one of the most compelling writers of our time.

Home in Florida Anjanette Delgado, 2021-11-16 Independent Publisher Book Awards, Silver Medal for Anthology National Indie Excellence Awards, Finalist in the Anthology Category International Latino Book Awards, Gold Medal for Best Fiction (Multi-Author) International Latino Book Awards, Honorable Mention, Best Nonfiction (Multi-Author) A powerful collection of contemporary voices Showcasing a variety of voices shaped in and by a place that has been for them a crossroads and a land of contradictions, *Home in Florida* presents a selection of the best literature of displacement and uprootedness by some of the most talented contemporary Latinx writers who have called Florida home. Featuring fiction, nonfiction, and poetry by Richard Blanco, Jaquira Díaz, Patricia Engel, Jennine Capó Crucet, Reinaldo Arenas, Judith Ortiz Cofer, and many others, this collection of renowned and award-winning contributors includes several who are celebrated in their countries of origin but have not yet been discovered by readers in the United States. The writers in this volume—first-, second-, and third-generation immigrants to Florida from Cuba, Mexico, Honduras, Perú, Argentina, Chile, and other

countries—reflect the diversity of Latinx experiences across the state. Editor Anjanette Delgado characterizes the work in this collection as literature of uprootedness, *literatura del desarraigo*, a Spanish literary tradition and a term used by Reinaldo Arenas. With the heart-changing, here-and-there perspective of attempting life in environments not their own, these writers portray many different responses to displacement, each occupying their own unique place on what Delgado calls a spectrum of belonging. Together, these writers explore what exactly makes Florida home for those struggling between memory and presence. In these works, as it is for many people seeking to make a new life in the United States, Florida is the place where the uprooted stop to catch their breath long enough to wonder, “What if I stayed? What if here could one day be my home?” Contributors: Daniel Reschinga | Ana Menéndez | Frances Negrón Muntaner | Hernán Vera Álvarez | Liz Balmaseda | Ariel Francisco | Andreina Fernandez | Amina Lolita Gautier PhD | Jennine Capó-Crucet | Dainerys Machado Vento | Carlos Harrison | Legna Rodríguez Iglesias | Judith Ortiz Cofer | Chantel Acevedo | Guillermo Rosales | Achy Obejas | Alex Segura | Patricia Engel | Anjanette Delgado | Mia Leonin | Carlos Pintado | Nilsa Ada Rivera | Natalie Scenters-Zapico | Pedro Medina León | Caridad Moro-Gronlier | Aracelis González Asendorf | Michael García-Juelle | Jaquira Díaz | José Ignacio Chascas-Valenzuela | Raúl Dopico | Javier Lentino | Yaddyra Peralta
